**Snailax 535N**

# Snailax Heated Foot Rest User Manual

Model: 535N

## Product Overview

The Snailax Heated Foot Rest is an ergonomically designed foot stool intended to enhance posture and provide comfort during prolonged sitting. It features integrated heating and vibration massage functions to alleviate discomfort and promote relaxation. This versatile accessory can be used under a desk, or as support for legs and hips on a sofa or bed.

Image: The Snailax Heated Foot Rest, illustrating its primary functions of heat and vibration massage for foot comfort.

- **Ergonomic Support:** Designed to improve posture and reduce discomfort in shoulders, lower back, and feet from extended sitting.
- **Heated Therapy:** Offers two adjustable heating levels with three customizable timing options to enhance blood circulation.
- **Vibration Massage:** Features two built-in vibration motors with three modes, providing a vibratory foot massage. The vibration massage automatically shuts off after 15 minutes.
- **Adjustable Height:** Provides two height settings for personalized comfort.
- **Quality Materials:** Constructed with breathable surface materials, memory foam, and a non-slip bottom for stability and comfort.
- **Multi-functional Use:** Can be utilized as an under-desk footrest or as support for knees on a bed or sofa.

## Setup Instructions

1. **Unpacking:** Carefully remove the Snailax Heated Foot Rest from its packaging. Ensure all components, including the foot rest unit and power adapter, are present.
2. **Positioning:** Place the foot rest on a flat, stable surface under your desk or in your desired relaxation area.
3. **Height Adjustment:** The foot rest features two adjustable height settings. To change the height, separate the top cushion from the base. The top cushion can be used directly on the base for a lower profile, or the base can be flipped to provide additional height. Reattach the top cushion securely if applicable.

Image: Illustration detailing the two adjustable height options for the foot rest, allowing users to customize their ergonomic setup.

4. **Power Connection:** Connect the power adapter to the designated port on the foot rest. Plug the adapter into a standard electrical outlet.

## Operating Instructions

The Snailax Heated Foot Rest is operated via a control panel located on the side of the unit. Familiarize yourself with the buttons for heat, timer, and vibration.

Image: The control panel of the foot rest, highlighting the buttons for activating heat, setting the timer, and selecting vibration modes.

## Heat Function

- Press the **Heat Button** (indicated by wavy lines) once to turn on the low heat setting. The indicator light will illuminate.
- Press the Heat Button a second time for the high heat setting.
- Press the Heat Button a third time to turn off the heat function.

## Heat Timer Function

- Press the **Heat Timer Button** (indicated by a clock icon) to cycle through the available timing options (e.g., 1 hour, 2 hours, 4 hours). The corresponding indicator light will show the selected duration.
- The heat function will automatically shut off after the selected time has elapsed.

## Vibration Massage Function

- Press the **Vibration Mode Button** (indicated by three vertical bars) once to activate the first vibration mode.

- Press the Vibration Mode Button a second time for the second vibration mode.
- Press the Vibration Mode Button a third time for the third vibration mode.
- Press the Vibration Mode Button a fourth time to turn off the vibration function.
- **Automatic Shut-off:** For safety and convenience, the vibration massage function will automatically turn off after 15 minutes of continuous use.

## Maintenance

Proper care and maintenance will ensure the longevity and optimal performance of your Snailax Heated Foot Rest.

- **Cleaning:** Disconnect the power adapter before cleaning. Use a soft, damp cloth to wipe down the surface of the foot rest. Do not use abrasive cleaners or immerse the unit in water.
- **Storage:** When not in use, store the foot rest in a cool, dry place away from direct sunlight and extreme temperatures.

- **Handling:** Avoid placing heavy objects on the foot rest or subjecting it to excessive force, which could damage the internal components.

## Troubleshooting

If you encounter any issues with your Snailax Heated Foot Rest, please refer to the following common problems and solutions:

| Problem | Possible Cause | Solution |
|---|---|---|
| Unit does not power on. | Power adapter not properly connected or outlet is not active. | Ensure the power adapter is securely plugged into both the foot rest and a working electrical outlet. Test the outlet with another device. |
| Heat function is not working. | Heat function not activated or timer has expired. | Press the Heat Button to activate. Check the Heat Timer setting; if a timer was set, it might have completed its cycle. |
| Vibration massage is not working or stops unexpectedly. | Vibration function not activated or automatic 15-minute shut-off engaged. | Press the Vibration Mode Button to activate. Note that the vibration function automatically turns off after 15 minutes. If it stopped, wait a moment and reactivate. |

If the problem persists after attempting these solutions, please contact Snailax customer support for further assistance.
