# Livarno LED Real Wax Candles - Instruction Manual

Model: B0CP27B83Q

## INTRODUCTION

Thank you for choosing the Livarno LED Real Wax Candles. This 4-piece set of elegant, white (ivory shade) LED candles provides a warm and inviting ambiance without the hazards of an open flame. Featuring a realistic wax exterior and a convenient timer function, these battery-operated candles are perfect for decorative purposes, especially during festive seasons.

## IMPORTANT SAFETY INSTRUCTIONS

Please read and understand all safety instructions before using the product. Failure to follow these instructions may result in damage to the product or personal injury.

- **Battery Safety:**

- Do not mix old and new batteries, or different types of batteries.
- Insert batteries with correct polarity (+/-) as indicated.
- Remove exhausted batteries promptly to prevent leakage.
- Dispose of batteries according to local regulations. Do not dispose of batteries in fire.
- Keep batteries out of reach of children and pets.

- **Product Use:**

- This product is intended for indoor decorative use only.
- Do not expose candles to direct sunlight, high temperatures, or extreme cold.
- Do not immerse in water or other liquids.
- Do not attempt to open, modify, or repair the product. Refer all servicing to qualified personnel.
- Keep away from flammable materials. Although flameless, the wax exterior can melt if exposed to excessive heat.

## PACKAGE CONTENTS

Ensure all items are present and in good condition upon unpacking:

- 4 x Livarno LED Real Wax Candles
- Batteries (pre-installed or included separately)
- Timer function (integrated)

Image: The four Livarno LED Real Wax Candles included in the set, shown individually. They have a slightly melted top edge for a realistic appearance.

## SETUP

---

1. **Unpack:** Carefully remove all candles and packaging materials from the box.
2. **Insert Batteries:** Each candle requires batteries for operation. Locate the battery compartment at the bottom of each candle. Open the compartment cover, insert the required batteries (e.g., AA or AAA, check markings inside the compartment) ensuring correct polarity (+ and - ends match the diagram). Close the compartment cover securely.
3. **Placement:** Place the candles on a stable, flat surface. Ensure they are not near any heat sources or in direct sunlight, which could cause the wax to melt or deform.

## OPERATING INSTRUCTIONS

---

The Livarno LED Real Wax Candles are designed for simple operation, primarily utilizing an integrated timer function.

### Powering On/Off

- Locate the ON/OFF switch on the bottom of each candle.
- Slide the switch to the "ON" position to illuminate the candle.
- Slide the switch to the "OFF" position to turn the candle off manually.

### Timer Function

The candles feature an automatic timer function for convenience. Once activated, the candles will light up for a set period and then turn off automatically, repeating the cycle daily.

- To activate the timer, slide the switch to the "TIMER" position (if available, otherwise "ON" might activate it and the timer starts from that moment).
- The timer is typically set for **6 hours ON and 18 hours OFF**. For example, if you switch the candle to "TIMER" at 6:00 PM, it will stay lit until 12:00 AM (midnight) and then turn off. It will automatically turn on again at 6:00 PM the next day.
- To reset the timer, simply slide the switch to "OFF" and then back to "ON" or "TIMER" at your desired

new start time.

## MAINTENANCE

Proper care will ensure the longevity and appearance of your LED candles.

- **Cleaning:** Wipe the candles gently with a soft, dry cloth. Do not use abrasive cleaners or solvents, as they may damage the wax surface.
- **Battery Replacement:** When the light dims or the candle stops functioning, it's time to replace the batteries. Follow the "Insert Batteries" steps in the Setup section. Always replace all batteries in a candle at the same time.
- **Storage:** If storing the candles for an extended period, remove the batteries to prevent leakage and store them in a cool, dry place away from direct sunlight.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Candle does not light up.	Batteries are exhausted or incorrectly inserted.	Check battery polarity. Replace with fresh batteries.
Light is dim or flickers.	Batteries are low.	Replace with fresh batteries.

Problem	Possible Cause	Solution
Timer function is not working correctly.	Timer needs to be reset or batteries are low.	Slide the switch to "OFF" and then back to "ON" or "TIMER" to reset the timer. Replace batteries if necessary.
Wax exterior is melting or deforming.	Candle is exposed to excessive heat or direct sunlight.	Relocate the candle to a cooler area, away from direct sunlight, heaters, or other heat sources.

## SPECIFICATIONS

**Brand:** Livarno

**Model:** B0CP27B83Q

**Product Dimensions:** Approximately 5 x 5 x 6.5 cm (each candle)

**Quantity:** 4 candles per set

**Color:** White (Ivory shade)

**Material:** Real Wax (shade), Plastic (base)

**Power Source:** Battery-operated (6 Volt)

**Light Type:** LED

**Features:** Integrated Timer (e.g., 6 hours ON / 18 hours OFF), Remote switch capability (implied by "Fernschalter")

**Manufacturer:** Owim GmbH

## RECYCLING AND DISPOSAL

Please dispose of the product and its batteries responsibly at the end of their lifespan.

- **Batteries:** Do not dispose of batteries with household waste. They contain substances that can be harmful to the environment. Please take them to designated collection points for recycling.
- **Product:** This product contains electronic components. Do not dispose of it with household waste. Consult your local authorities for information on proper recycling of electronic products.

For more information on recycling lamps and disposing of broken or damaged lamps, please refer to local guidelines or relevant recycling information provided by your region.

## WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the purchase documentation or contact the retailer where the product was purchased. Keep your proof of purchase for any warranty claims.
