HOGOKIDS Pirate Ship House Building Set with LED Light

MODEL: HG1004 - INSTRUCTION MANUAL

1. Introduction

Thank you for choosing the HOGOKIDS Pirate Ship House Building Set. This 781-piece STEM building block kit offers an engaging construction experience, allowing you to build a detailed pirate wharf with three distinct configurations. The set includes an integrated LED lighting system to enhance the display and play experience. This manual provides essential information for assembly, operation, and maintenance of your building set.

4. Assembly Instructions

Follow the included colorful instruction manual for detailed, step-by-step assembly. The set is designed for three transformable styles without requiring complete disassembly between changes.

1. **Preparation:** Unpack all components and sort the building blocks by color and shape to facilitate assembly. Refer to the parts list in the instruction manual to ensure all pieces are present.
2. **Step-by-Step Construction:** Begin assembly according to the numbered steps in the provided manual. Pay close attention to the diagrams for correct placement and orientation of each piece.
3. **LED Light Integration:** The LED light components are integrated during specific assembly steps. Follow the manual's instructions carefully for wiring and placement to ensure proper functionality.
4. **Transformable Styles:** The manual provides instructions for building the primary pirate wharf and two alternative configurations. These transformations are designed for easy modification without fully dismantling the entire structure.

5. Operating Instructions

This building set features interactive elements and an LED lighting system.

5.1. LED Lighting System

The integrated LED lights illuminate various parts of the pirate wharf, creating a dynamic display. To activate the lights, locate the battery compartment (refer to the assembly manual for exact placement) and ensure batteries are correctly installed. A switch or button will control the light's on/off function.

5.2. Interactive Features

The set includes several movable and interactive components:

- **Cannon:** The cannon on the second-floor platform can be positioned and may feature a firing mechanism for small projectiles (check manual for details).
- **Crane:** A functional crane allows for lifting and lowering small accessories, such as barrels.
- **Prison Cells:** The prison cells include an opening and closing door mechanism.
- **Steering Wheel:** The ship's steering wheel can be rotated.

6. Maintenance

Proper care will ensure the longevity of your building set.

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the blocks. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the assembled model or disassembled blocks in a cool, dry place away from direct sunlight to prevent discoloration or warping.
- **Battery Replacement:** If the LED lights dim or stop working, replace the batteries as indicated in the assembly manual. Ensure correct battery type and polarity.

7. Troubleshooting

If you encounter any issues during assembly or play, consider the following:

- **Missing Pieces:** Double-check all packaging materials. If a piece is genuinely missing, contact HOGOKIDS customer support with details of the missing part (refer to the parts list in the manual).

- **Difficulty Connecting Blocks:** Ensure blocks are aligned correctly and apply firm, even pressure. Some connections may require more force than others.
- **LED Lights Not Working:** Verify that batteries are correctly installed and charged. Check all connections for the LED components as per the assembly instructions.
- **Structural Instability:** Review the assembly steps for the affected section to ensure all pieces are correctly and securely attached.
