JEAREY A002

JEAREY 7.5FT Patio Umbrella Instruction Manual

Model: A002

1. INTRODUCTION

Thank you for choosing the JEAREY 7.5FT Patio Umbrella. This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your new patio umbrella. Designed for outdoor spaces such as gardens, decks, backyards, pools, and beaches, this umbrella offers shade and comfort. Please read this manual thoroughly before assembly and use to ensure safe and efficient operation.

Figure 1: JEAREY 7.5FT Patio Umbrella (Orange variant shown with available color options).

2. SAFETY INFORMATION

Please observe the following safety guidelines to prevent injury or damage to the product:

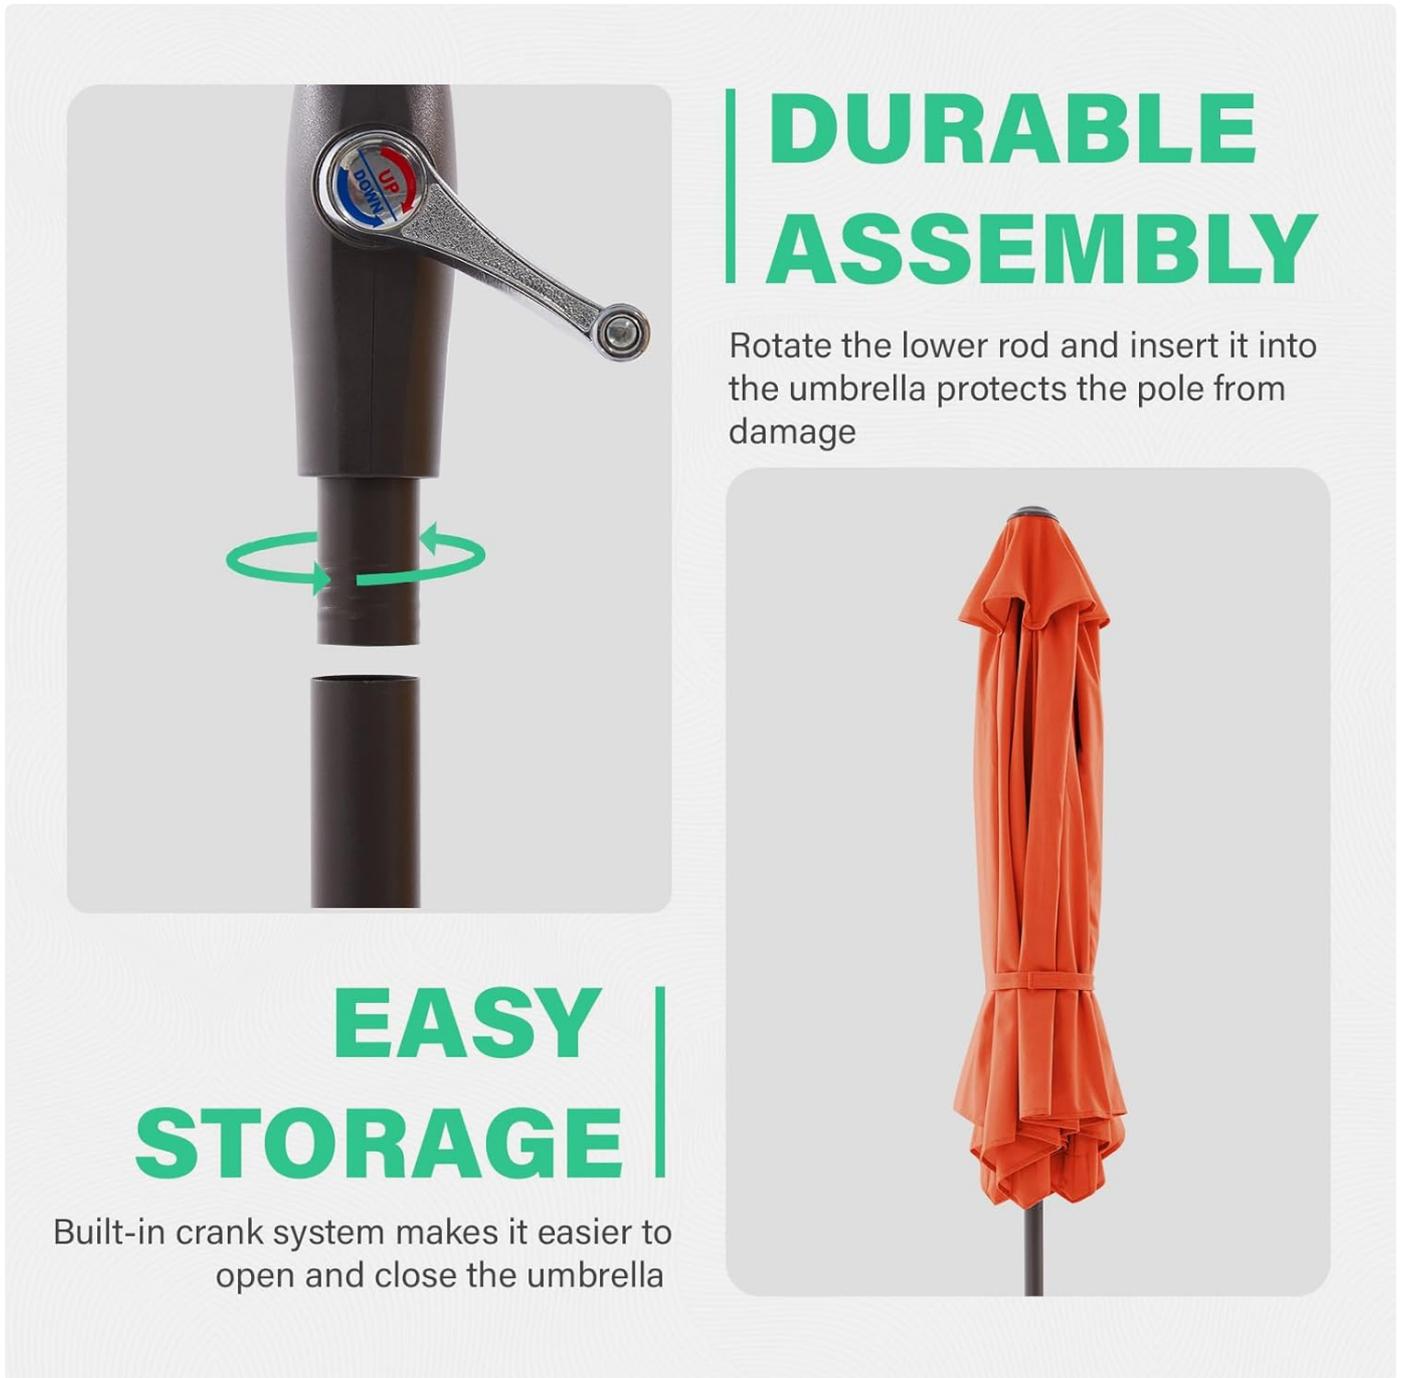

- A compatible umbrella base is required for stability and is not included with this product. Please ensure you use a suitable base (e.g., JEAREY Umbrella Base ASIN: B0DLVXT3SM) to prevent tipping.
- Do not use the umbrella in strong wind conditions. High winds can cause the umbrella to overturn or sustain damage. It is recommended to close and secure the umbrella when not in use or during adverse weather.
- Ensure all components are securely fastened before and during use.
- Keep children and pets away from the umbrella during opening and closing operations.
- Avoid placing the umbrella near open flames or heat sources.

3. SETUP

Follow these steps to set up your JEAREY patio umbrella:

1. Unpack all components from the packaging and verify that all parts are present.
2. Insert the lower pole into a compatible umbrella base (not included). Ensure the base is stable and heavy enough to support the umbrella.
3. Attach the upper umbrella section to the lower pole. Rotate the lower rod and insert it into the umbrella pole to protect it from

damage. Ensure the connection is secure.

The illustration is divided into two main sections. The top-left section shows a close-up of the umbrella's crank handle, which is silver with a blue and red circular logo containing the words 'UP' and 'DOWN'. Below the handle, a green circular arrow indicates the rotation of the lower rod. The top-right section features the text 'DURABLE ASSEMBLY' in large green letters, followed by the text 'Rotate the lower rod and insert it into the umbrella protects the pole from damage'. The bottom-left section features the text 'EASY STORAGE' in large green letters, followed by the text 'Built-in crank system makes it easier to open and close the umbrella'. The bottom-right section shows a full view of the closed, orange patio umbrella, which is compact and stands on a black pole.

DURABLE ASSEMBLY

Rotate the lower rod and insert it into the umbrella protects the pole from damage

EASY STORAGE

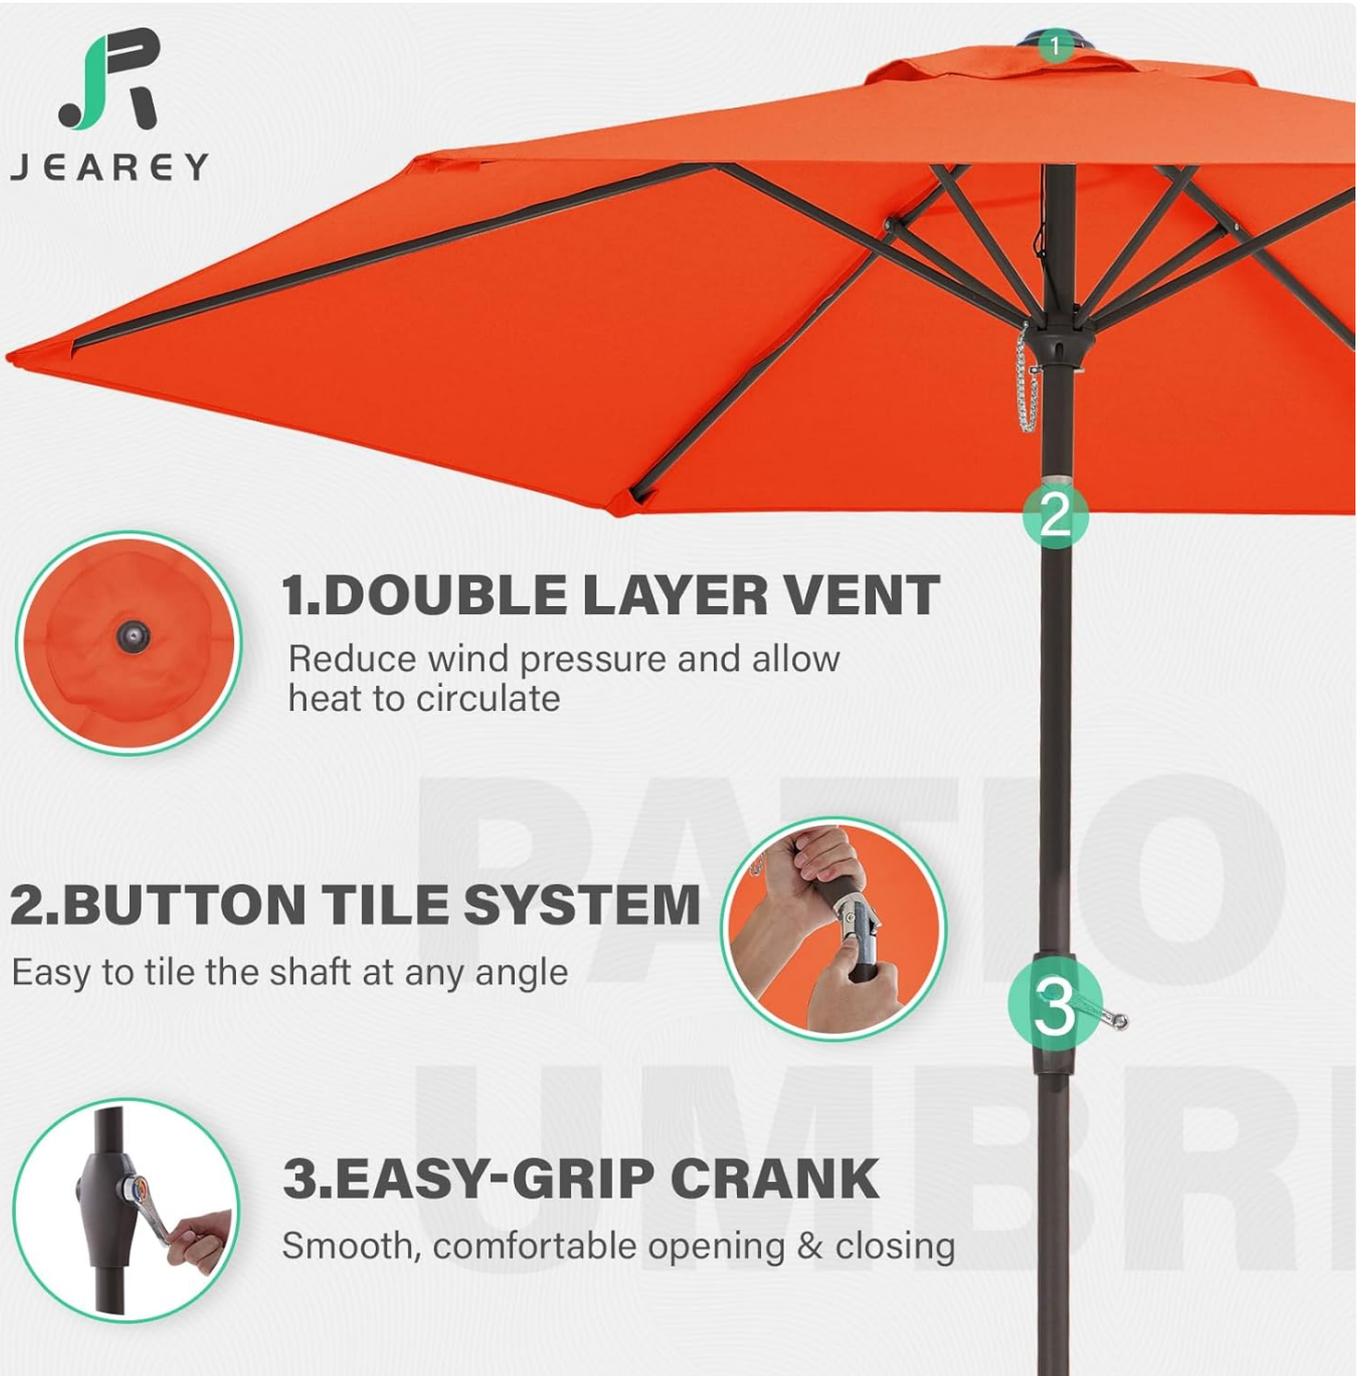

Built-in crank system makes it easier to open and close the umbrella

Figure 2: Illustration of the durable assembly process and compact storage.

4. OPERATING INSTRUCTIONS

Your JEAREY patio umbrella features a user-friendly crank and tilt system:

- **Opening the Umbrella:** Rotate the easy-grip crank handle clockwise to smoothly open the umbrella canopy. Continue cranking until the canopy is fully extended and taut.
- **Closing the Umbrella:** Rotate the crank handle counter-clockwise to retract the canopy. Continue until the umbrella is fully closed.
- **Tilting the Umbrella:** To adjust the angle of the umbrella for optimal shade, locate the push button on the pole. Press the button and gently tilt the canopy to your desired angle. Release the button to lock the tilt in place.

1.DOUBLE LAYER VENT

Reduce wind pressure and allow heat to circulate

2.BUTTON TILE SYSTEM

Easy to tile the shaft at any angle

3.EASY-GRIP CRANK

Smooth, comfortable opening & closing

5. MAINTENANCE

Proper maintenance will extend the life of your umbrella:

- **Cleaning:** The umbrella canopy is made from breathable fabric that guards against water. Clean the canopy periodically with mild soap and water. Rinse thoroughly and allow to air dry completely before closing or storing.
- **Storage:** When not in use for extended periods or during off-season, close the umbrella and store it in a dry, protected area. The built-in crank system allows for easy closing and compact storage.
- **UV Protection:** The fabric offers UV protection, but prolonged exposure to direct sunlight can still lead to some fading over time. Proper storage when not in use can help minimize this.

6. TROUBLESHOOTING

Common issues and their potential solutions:

Problem	Possible Cause	Solution
Umbrella unstable or tips over easily.	Insufficiently weighted base; strong winds.	Ensure a heavy, compatible umbrella base is used. Close the umbrella in windy conditions.
Crank mechanism is stiff or difficult to operate.	Accumulation of dirt/debris; lack of lubrication.	Clean the mechanism and apply a silicone-based lubricant if necessary.
Canopy fabric appears faded.	Prolonged exposure to direct sunlight.	While the fabric is fade-resistant, continuous exposure can cause some fading. Store the umbrella when not in use to minimize this.

Problem	Possible Cause	Solution
Umbrella pole does not fit existing base.	Incompatible pole diameter.	Verify the pole diameter (1.3 inches) against your base specifications. Consider purchasing a JEAREY compatible base (ASIN: B0DLVXT3SM).

7. SPECIFICATIONS

Feature	Detail
Brand	JEAREY
Model Number	A002
Product Dimensions	89 x 89 x 88 inches (7.5 ft Diameter x 88 inches Height)
Item Weight	8.48 pounds
Color	Orange (as per current product variant)
Shape	Round
Ribs	6 Sturdy Ribs (25% thicker for extra strength)
Pole Material	Alloy Steel (Powder coated iron pole)
Canopy Material	Breathable Fabric (Solution-Dyed Polyester)
Special Features	Heavy Duty Fabric, Windproof (up to 36mph), Fade Resistant, UV Resistant (UPF 50+, 99.9% UV), Push Button Tilt, Crank Lift Mechanism, Double Layer Vent
Recommended Use	Patio, Garden, Deck, Backyard, Pool, Beach (for 2 to 4 chairs)
