JONATHAN Y JYL3526A

JONATHAN Y Marais Vintage Vanity Light Instruction Manual

Model: JYL3526A

INTRODUCTION

Thank you for purchasing the JONATHAN Y Marais 1-Light Iron/Glass Rustic Vintage LED Vanity Light. This manual provides detailed instructions for the safe installation, operation, and maintenance of your new lighting fixture. Please read this manual thoroughly before beginning installation and retain it for future reference.

The Marais vanity light brings a vintage Parisian flair with its arched design. It features a single Edison-style LED bulb that casts a warm glow, complemented by brass accents and a clear glass globe. Its industrial bohemian style is suitable for various spaces including bathrooms, kitchens, hallways, and entryways.

IMPORTANT SAFETY INFORMATION

WARNING: RISK OF ELECTRIC SHOCK.

- Always turn off the main power supply at the circuit breaker before installing, servicing, or cleaning the fixture.
- Consult a qualified electrician if you are unsure about the installation process.
- All wiring connections must be in accordance with local and national electrical codes.
- Do not connect this fixture to an ungrounded electrical system.
- Do not handle the fixture or components with wet hands.
- This product is designed for indoor use only. Do not expose to water or excessive moisture.
- Ensure the fixture is securely mounted to a structural element of the building.

CAUTION: RISK OF INJURY.

- The fixture may become hot during operation. Allow it to cool before handling.
- Use only the specified bulb type and wattage.
- Avoid direct eye exposure to the light source when illuminated.

PACKAGE CONTENTS

Please verify that all components are present before beginning installation:

- Lighting Fixture (1)
- LED Bulb (1)
- Mounting Hardware (screws, wire nuts, mounting plate)
- Glass Shade (1)

SETUP AND INSTALLATION

Professional installation is recommended for all wall light fixtures. Refer to the detailed Installation Manual (PDF) for comprehensive steps. A link to the PDF manual is provided in the Support section.

Tools Required (Not Included):

- Phillips head screwdriver

- Flathead screwdriver
- Wire strippers
- Electrical tape
- Safety glasses

Installation Steps:

1. **Turn Off Power:** Locate the circuit breaker that supplies power to the light fixture outlet box. Turn off the power. Verify the power is off using a voltage tester.
2. **Prepare Mounting Plate:** Attach the mounting plate to the electrical outlet box using the provided screws. Ensure it is securely fastened.
3. **Wire Connections:**
 - Connect the fixture's ground wire (bare copper or green) to the house's ground wire using a wire nut.
 - Connect the fixture's white wire (neutral) to the house's white wire (neutral) using a wire nut.
 - Connect the fixture's black wire (hot) to the house's black wire (hot) using a wire nut.
 - Carefully tuck all wires into the outlet box.
4. **Mount Fixture:** Align the fixture's base with the mounting plate and secure it with the provided screws.
5. **Install Bulb:** Carefully screw the included LED bulb into the E26 bulb base.
6. **Attach Glass Shade:** Secure the clear glass globe to the fixture according to the design.
7. **Restore Power:** Turn the power back on at the circuit breaker.

OPERATING INSTRUCTIONS

The JONATHAN Y Marais Vanity Light is designed for simple operation via a standard wall switch.

- **Turning On/Off:** Use your existing wall switch to turn the light fixture on or off.
- **Dimming:** This light fixture is compatible with LED-compatible dimmers. If you wish to use a dimming function, ensure your wall dimmer switch is specifically designed for LED lighting.

MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your light fixture.

- **Cleaning:** To clean the fixture, ensure the power is off and the fixture has cooled. Wipe with a soft, dry cloth. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or glass.
- **Bulb Replacement:** The included LED bulb has a long lifespan (approximately 50,000 hours). If replacement is necessary, ensure the power is off and the bulb has cooled. Unscrew the old bulb and replace it with a new E26 base LED bulb, not exceeding 40 watts.

TROUBLESHOOTING

If you experience issues with your light fixture, please consult the following table before contacting support.

Problem	Possible Cause	Solution
Light does not turn on.	No power to the fixture. Loose wire connection. Faulty bulb.	Check circuit breaker and wall switch. Turn off power, check all wire connections. Replace bulb with a known good one.
Light flickers.	Loose bulb. Incompatible dimmer switch. Loose wire connection.	Tighten bulb. Ensure dimmer is LED-compatible. Turn off power, check wire connections.
Bulb burns out quickly.	Incorrect bulb wattage. Voltage fluctuations.	Use only specified 4W LED bulb (or equivalent). Consult an electrician to check household voltage.
