## PACKAGE CONTENTS

---

- BlueFinger Wireless Keyboard
- BlueFinger Wireless Mouse
- USB 2.4GHz Receiver (located underneath the mouse)
- Type-C Charging Cable (1.5M)
- User Manual (this document)

## SETUP GUIDE

---

### 1. Initial Charging

Before first use, it is recommended to fully charge both the keyboard and the mouse. Use the provided Type-C charging cable to connect the devices to a USB power source (e.g., computer USB port, USB wall adapter).

- Keyboard Battery: 1500mAh
- Mouse Battery: 500mAh
- Charging Time: Approximately 5 hours for a full charge.

## 2. Connecting the Devices

The keyboard and mouse share a single 2.4GHz USB receiver for wireless connection.

1. Locate the USB receiver: The receiver is stored in a compartment underneath the wireless mouse. Gently remove it.
2. Insert the receiver: Plug the USB receiver into an available USB port on your computer (PC, Laptop, Desktop) or compatible device (e.g., TV, Xbox, PS4, PS5).
3. Power On: Ensure both the keyboard and mouse are powered on. They should automatically connect to the receiver.

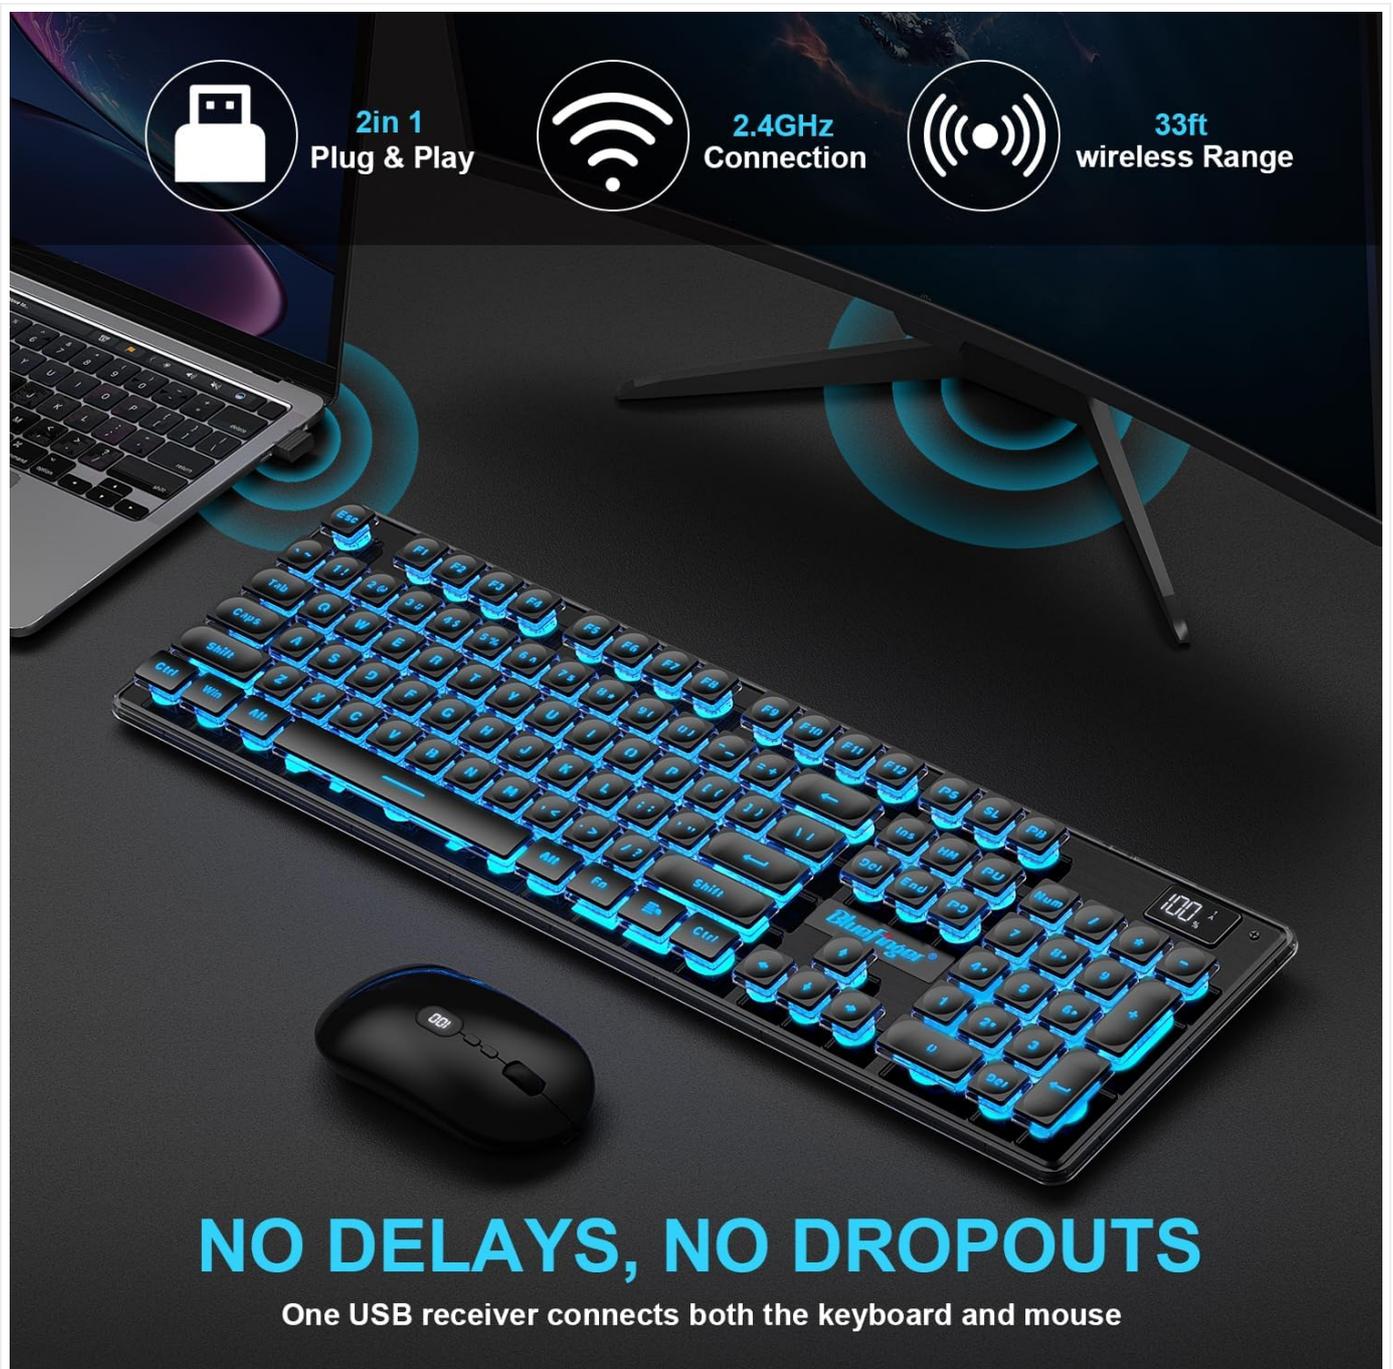

Image: A visual representation of the USB receiver plugged into a laptop, with the keyboard and mouse wirelessly connected, demonstrating the 2.4GHz connection and 33ft wireless range.

The devices are plug-and-play and do not require additional driver installation for most operating systems (Windows 10/8/7/XP/VISTA, Mac OS X).

## OPERATING INSTRUCTIONS

---

### Keyboard Features

- **Battery Percentage Display:** The keyboard features a digital display showing the current battery level, allowing you to monitor charge status.
- **Backlighting:** The keyboard has rainbow backlighting. The luminous design of letters, logo, and gaps enhances visibility in low-light conditions.
- **Multimedia Keys:** Access various functions using the Fn key in combination with F1-F12 keys.
  - Fn+F1: Media

- Fn+F2: Volume-
  - Fn+F3: Volume+
  - Fn+F4: Mute
  - Fn+F5: Stop
  - Fn+F6: Previous Track
  - Fn+F7: Play/Pause
  - Fn+F8: Next Track
  - Fn+F9: Email
  - Fn+F10: Home
  - Fn+F11: Lock Key
  - Fn+F12: Calculator
- **Backlight Switch:** Use the dedicated backlight switch (often Fn + a specific key, refer to keyboard markings) to turn the backlight on/off or adjust modes.

## FULL-SIZED KEYBOARD WITH BATTERY PERCENTAGE

Offering a clear indicator of what level of charge  
Prevent the charge from running down

Image: Close-up of the BlueFinger keyboard's upper right corner, highlighting the digital battery percentage display and the full-sized layout with numeric keypad.

Image: Diagram of the BlueFinger keyboard highlighting the multimedia function keys (F1-F12 with Fn combinations) and the backlight switch, indicating time-saving and high-efficiency features.

## Mouse Features

- **DPI Settings:** The mouse offers 3 adjustable DPI settings (800/1200/1600) for varying cursor speed and responsiveness. Press the DPI button (usually located behind the scroll wheel) to cycle through settings.
- **Silent Click:** Designed for quiet operation, reducing click noise by 95%.
- **Battery Percentage Indicator:** The mouse also features a battery percentage indicator to show its current charge level.

Image: Diagram of the BlueFinger mouse, pointing out its silent rubber wheel, DPI settings (800/1200/1600), battery percentage indicator, and portable shape.

Image: Close-up of the BlueFinger mouse illustrating the DPI switch and battery display, emphasizing its ultra-quiet operation and adjustable DPI levels.

## POWER MANAGEMENT AND MAINTENANCE

### Smart Power Saving Mode

To conserve battery life, the keyboard and mouse are equipped with smart power-saving features:

- **Keyboard Backlight:** The backlight will automatically turn off after 2 minutes of inactivity.
- **Sleep Mode:** Both the keyboard and mouse will automatically enter sleep mode after a period of inactivity (keyboard after 30 minutes, mouse after 15 minutes).
- **Wake Up:** To reactivate the devices from sleep mode, simply click any key on the keyboard or move the mouse.

Image: Visual representation of the smart sleep mode for the BlueFinger keyboard and mouse, indicating the inactivity times before entering sleep and backlight turning off.

### Charging and Battery Life

Regular charging ensures uninterrupted use. The battery percentage display on both devices helps in managing charging schedules.

- **Keyboard:** Up to 500 hours of non-stop use without backlight; 50 hours with backlight.

- Mouse: Long standby time.
- Recharge using the provided 1.5M Type-C charging cable.

Image: Depiction of the Type-C charging ports on the keyboard and mouse, emphasizing their rechargeable nature and long standby time.

## Cleaning

To maintain the appearance and functionality of your devices:

- Use a soft, dry cloth to wipe down the surfaces.
- For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution.
- Avoid using harsh chemicals or abrasive materials.
- Do not immerse the devices in water.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Devices not responding	Low battery; Receiver not properly connected; Devices not paired.	Charge keyboard and mouse. Ensure USB receiver is firmly plugged into a working USB port. Re-insert receiver.
Lag or intermittent connection	Interference from other wireless devices; Distance from receiver; Obstructions.	Move devices closer to the receiver (within 10M/33ft). Remove large metal objects between devices and receiver. Avoid using near other 2.4GHz devices.
Backlight not working	Backlight turned off; Low battery.	Press the backlight switch key (Fn + specific key) to turn it on. Charge the keyboard.
Mouse cursor erratic or not moving	Dirty optical sensor; Unsuitable surface; Low battery.	Clean the optical sensor on the mouse. Use on a clean, non-reflective surface or mouse pad. Charge the mouse.

## SPECIFICATIONS

Feature	Detail
---------	--------

Feature	Detail
Brand	BlueFinger
Model	B0CP3JKJS2
Connectivity	2.4GHz Wireless (USB Receiver)
Wireless Range	Up to 10 meters (33 feet)
Keyboard Battery	1500mAh Lithium Ion (Rechargeable)
Mouse Battery	500mAh Lithium Ion (Rechargeable)
