GODOX JETDRY_03

GODOX Jet Fan Dry Mini Blower User Manual

Model: JETDRY_03

1. INTRODUCTION

Thank you for choosing the GODOX Jet Fan Dry Mini Blower. This compact and powerful device is designed for various applications, offering high-speed airflow in a portable form factor. Please read this manual thoroughly before operating the device to ensure safe and efficient use.

Key features include:

- Ultra-powerful brushless DC high-speed motor.
- Up to 130,000 RPM for strong airflow.
- Adjustable wind strength.
- Compact and handheld design.
- Fast Type-C charging.
- Rotatable and detachable nozzle for versatility.

2. SAFETY INFORMATION

To prevent injury or damage to the device, observe the following safety precautions:

- **Read all instructions:** Familiarize yourself with the device's operation before use.
- **Keep away from water:** Do not expose the device to rain or moisture. Do not operate with wet hands.
- **Avoid direct contact:** Do not point the blower directly at people, animals, or sensitive objects.
- **Keep clear of openings:** Ensure the air intake and outlet are not blocked during operation. Blockages can cause overheating.
- **Children and pets:** Keep the device out of reach of children and pets.
- **Use appropriate charger:** Only use the provided or a compatible Type-C charger.
- **Do not disassemble:** Unauthorized disassembly may cause damage and voids the warranty.
- **Storage:** Store the device in a cool, dry place when not in use.
- **Abnormal operation:** If you notice smoke, unusual noises, or a burning smell, immediately turn off the device and disconnect the power.

3. PRODUCT OVERVIEW

The GODOX Jet Fan Dry Mini Blower features a robust design with a powerful motor and a user-friendly interface.

Image 3.1: GODOX Jet Fan Dry Mini Blower showing its compact size (approximately 5.5 inches tall, 3.14 inches wide, 1.8 inches deep) and key features including a brushless DC high-speed motor, 130,000 RPM, and a maximum wind speed over 20 M/S.

Image 3.2: The blower features a rotatable and detachable nozzle for directional airflow. It is equipped with an 8000mAh battery, providing approximately 2.5 hours of use at low power and 10 minutes at full power.

4. SETUP AND CHARGING

4.1. Initial Charge

Before first use, fully charge the device. Connect the provided Type-C charging cable to the charging port on the blower and plug the other end into a compatible USB power adapter (not included). The charging indicator will show the charging status.

4.2. Attaching/Detaching the Nozzle

The blower features a rotatable and detachable nozzle. To attach, align the nozzle with the blower's outlet and twist gently until it locks into place. To detach, twist in the opposite direction and pull away. Ensure the nozzle is securely attached before operation.

5. OPERATING INSTRUCTIONS

Follow these steps to operate your GODOX Jet Fan Dry Mini Blower:

Image 5.1: Visual guide for operating the blower.

- Power On/Off:** Press and hold the power button (typically located on the handle) to activate the blower. Release the button to turn it off.
- Adjust Wind Strength:** While the blower is active, slide the control switch (usually a small lever or button) left or right to adjust the wind strength. Note that no wind is produced at the lowest setting.
- Directional Airflow:** Adjust the rotatable nozzle to direct the airflow as needed for your task.

5.1. Recommended Applications

The GODOX Jet Fan Dry Mini Blower is suitable for various tasks:

- Fueling Fires:** Use to quickly ignite and maintain campfires or grills.
- Clearing Snow:** Efficiently remove light snow from vehicles or small outdoor areas.
- Cleaning Computer Dust:** Safely remove dust and debris from electronics and intricate components.
- General Drying:** Useful for drying surfaces, equipment, or small items.

Image 5.2: Examples of the blower's versatility, including fueling fires, clearing snow, cleaning computer dust, and portable drying.

6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your blower.

- **Cleaning:** Use a soft, dry cloth to wipe the exterior of the blower. Do not use harsh chemicals or abrasive materials. Ensure the air intake and outlet are free from dust and debris.
- **Battery Care:**
 - Charge the battery fully before long-term storage.
 - Avoid completely draining the battery frequently.
 - If storing for extended periods, charge the device every 3-6 months to maintain battery health.
- **Storage:** Store the blower in a clean, dry environment, away from extreme temperatures and direct sunlight.

7. TROUBLESHOOTING

If you encounter issues with your GODOX Jet Fan Dry Mini Blower, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device does not turn on.	Low battery; power button not pressed correctly.	Charge the device fully. Ensure the power button is pressed and held firmly.
Weak or no airflow.	Air intake/outlet blocked; lowest setting selected; low battery.	Check for and clear any obstructions. Adjust the wind strength slider. Charge the device.

Problem	Possible Cause	Solution
Device not charging.	Faulty cable/adapter; charging port issue.	Try a different Type-C cable and USB power adapter. Ensure the cable is securely connected.
Unusual noise or burning smell.	Internal malfunction; debris in motor.	Immediately turn off the device and disconnect power. Do not attempt to use it. Contact customer support.

If the problem persists after attempting these solutions, please contact GODOX customer support for further assistance.
