## 2. SETUP AND INSTALLATION

### 2.1 Package Contents

- Automatic Fish Feeder Unit
- Adjustable Clamp for Tank Rim Mounting
- Double-sided Sticker for Lid Mounting
- 2 AAA Batteries

### 2.2 Battery Installation

The feeder operates on 2 AAA batteries (included). Locate the battery compartment on the unit, open it, and insert the batteries according to the polarity indicators. Close the compartment securely.

## 2.3 Mounting Methods

The feeder offers two primary installation methods:

- Tank Rim Mounting:** Use the adjustable clamp to securely fix the feeder to the rim of your fish tank. Ensure the clamp is tightened firmly to prevent movement. This method is suitable for tank glass up to 24mm thick.
- Lid Mounting:** For tanks with a top cover, use the provided double-sided sticker to adhere the feeder to the tank's lid. Ensure the surface is clean and dry before applying the sticker for a strong bond.

# Easy to Install

## Method 1

Fix it to the tank glass  $\leq 24\text{mm}$   
with adjustable base

## Method 2

Attach it to tank top cover  
with the double-side sticker
