Mr. Clean All Purpose Cleaner User Manual

Model: 30772107270

INTRODUCTION

This manual provides essential information for the safe and effective use of Mr. Clean 2X Concentrated All Purpose Cleaner. This powerful multi-surface cleaner is designed to tackle dirt, grease, and grime throughout your home, leaving behind a long-lasting fresh scent.

SAFETY INFORMATION

- **Keep away from Children.**
- **Caution:** Causes eye irritation. Avoid contact with eyes.
- **First Aid - If in Eyes:** Hold eyes open and rinse gently with water for 15-20 minutes. If wearing contacts, remove lenses after first 5 minutes and continue rinsing. If irritation persists, call a physician.
- **If Swallowed:** Drink 1-2 glasses of water and call a physician or poison control center (product contains alcohol ethoxylates). Do not induce vomiting unless told to do so. Have the product container or label with you when calling or going for treatment.
- A rinse is required for surfaces in direct contact with food. Not for use on food contact surfaces including dishes, glassware, cookware, and utensils.

For more detailed safety information, please refer to the official [Safety Information PDF](#).

SETUP AND PREPARATION

Mr. Clean All Purpose Cleaner is 2X concentrated, meaning a small amount goes a long way. Proper dilution is key for optimal performance and to prevent sticky residue, especially on floors.

Dilution Instructions:

1. **For Floors/General Dilute Cleaning:** Mix $\frac{1}{4}$ cup of Mr. Clean All Purpose Cleaner per 1 gallon (or $\frac{1}{2}$ bucket) of room-temperature water. Rinsing is usually not necessary for general floor cleaning.
2. **For Finished Wood Floors:** Use **diluted only** as per the general dilution instructions. Do not use undiluted on finished wood.
3. **For Tough Jobs (Direct Application):** For stubborn dirt or grease, pour the cleaner directly onto the tough soil or onto a sponge. Wipe the area thoroughly and then rinse with room-temperature water.

Figure 2: Visual guide for 2X concentrated formula and dilution for various surfaces.

OPERATING INSTRUCTIONS

Mr. Clean All Purpose Cleaner is suitable for a wide range of surfaces. Always test in an inconspicuous area first, especially on new or delicate surfaces.

Application Methods:

- **Mopping Floors:** Prepare the diluted solution as instructed in the "Setup and Preparation" section. Use a mop to clean linoleum, tile, and finished hardwood floors. For finished wood, ensure it is diluted.
- **Cleaning Countertops:** For general cleaning, apply the diluted solution with a sponge or cloth. For tough spots, apply directly and wipe clean. Remember to rinse surfaces that come into contact with food.
- **Bathroom Cleaning (Toilets, Sinks, Bathtubs):** Apply the cleaner directly or diluted depending on the soil level. Scrub with a brush or sponge, then rinse thoroughly.
- **Outdoor Surfaces (Garbage Cans, Doors):** This cleaner can also be used on various outdoor surfaces. Apply as needed and rinse.

Figure 3: Examples of Mr. Clean All Purpose Cleaner in use for a whole home clean.

Important Notes:

- Not recommended for carpets, copper, or aluminum surfaces.
- If applied to stainless steel, wipe dry immediately to prevent streaking.
- Always rinse hands after use.

MAINTENANCE AND STORAGE

To maintain the effectiveness of your Mr. Clean All Purpose Cleaner and ensure safety, follow these storage guidelines:

- Store in a cool, dry place.
- Keep the product container or label with you when calling or going for treatment.
- Do not reuse the bottle.

Figure 4: Mr. Clean's concentrated formula offers more cleaning power with less water and plastic waste.

TROUBLESHOOTING

Most issues with Mr. Clean All Purpose Cleaner relate to improper dilution or application. If you encounter any problems, consider the following:

- **Sticky Residue on Floors:** This usually indicates that the cleaner was not sufficiently diluted. Ensure you are using the recommended $\frac{1}{4}$ cup per gallon of water. For finished wood, always dilute.
- **Streaks on Surfaces:** For stainless steel or other shiny surfaces, ensure you wipe the surface dry immediately after cleaning.
- **Irritation:** If skin or eye irritation occurs, refer to the "Safety Information" section for first aid steps. Always wear appropriate protective gear if you have sensitive skin.
