

iRobot Roomba Combo j7+

iRobot Roomba Combo j7+ Self-Emptying Robot Vacuum & Mop User Manual

Model: **Roomba Combo j7+**

Brand: **iRobot**

INTRODUCTION

Welcome to your iRobot Roomba Combo j7+ user manual. This guide provides essential information for setting up, operating, maintaining, and troubleshooting your robot vacuum and mop. For optimal performance and longevity of your device, please read these instructions carefully.

IMPORTANT SAFETY INFORMATION

To reduce the risk of injury or damage, observe the following safety precautions:

- Read all instructions thoroughly before operating the robot.
- Do not allow children or pets to play with the robot.
- Use only the manufacturer-supplied charger and Clean Base.
- Do not handle the robot or charger with wet hands.
- Ensure the robot is used on dry surfaces only, except when actively mopping.
- Keep hair, loose clothing, fingers, and all parts of the body away from openings and moving parts.
- Do not operate the robot in areas with exposed electrical outlets or standing water.
- Refer to the full safety guide in the iRobot Home App for comprehensive details.

PACKAGE CONTENTS

Verify that all items are present in your package:

- iRobot Roomba Combo j7+ Robot Vacuum and Mop
- Clean Base® Automatic Dirt Disposal

- Line Cord
- 1 Dirt Disposal Bag
- 1 Reusable Microfiber Mopping Pad
- 1 Extra Edge-Sweeping Brush
- Filter
- 1 Bona® Hard-Surface Floor Cleaner Concentrate (2oz)
- 1 Bona® Hardwood Floor Cleaner Concentrate (2oz)
- Instruction Guide

This image displays the iRobot Roomba Combo j7+ robot vacuum and mop alongside its Clean Base automatic dirt disposal unit. The robot is round and black, with a central silver disc and a front-facing camera. The Clean Base is a tall, rectangular black unit designed to automatically empty the robot's dust bin. A smartphone displaying the iRobot app icon is also visible.

PRODUCT OVERVIEW

The Roomba Combo j7+ is designed for both vacuuming and mopping. It features PrecisionVision Navigation, an Auto-Retract Mopping System, and a Clean Base for automatic dirt disposal.

Robot Components

- **Top:** CLEAN button, Light Ring, Camera (front)

- **Bottom:** Edge-Sweeping Brush, Dual Multi-Surface Rubber Brushes, Mopping Pad, Cliff Sensors, Charging Contacts
- **Clean Base:** Dirt Disposal Port, Charging Contacts, Dirt Disposal Bag compartment

SETUP

1. Place the Clean Base

Choose a location for the Clean Base that is near a wall outlet and on a level surface. Ensure there is clear space around the base for the robot to dock without obstruction.

2. Charge the Robot

Place the robot on the Clean Base. The light ring will pulse white to indicate charging. Allow at least 3 hours for a full charge before first use.

3. Download the iRobot Home App

Download the iRobot Home App from your device's app store. The app guides you through connecting your robot to Wi-Fi and creating a Smart Map of your home.

4. Install Mopping Pad and Fill Tank

Attach the reusable microfiber mopping pad to the robot. Fill the internal tank with water and the provided Bona cleaning solution according to instructions.

OPERATING YOUR ROBOT

Starting a Cleaning Job

Press the CLEAN button on the robot or use the iRobot Home App to start a cleaning cycle. The robot will automatically determine the best cleaning path.

PrecisionVision Navigation

Your robot uses PrecisionVision Navigation to identify and avoid obstacles like pet waste, charging cords, and shoes in real-time, ensuring a thorough clean without getting stuck.

Knows exactly what to avoid

This image illustrates the iRobot Roomba Combo j7+ robot vacuum navigating around common household obstacles such as slippers and a stuffed animal on a rug. Warning symbols indicate the robot's ability to detect and avoid these items, demonstrating its PrecisionVision Navigation feature.

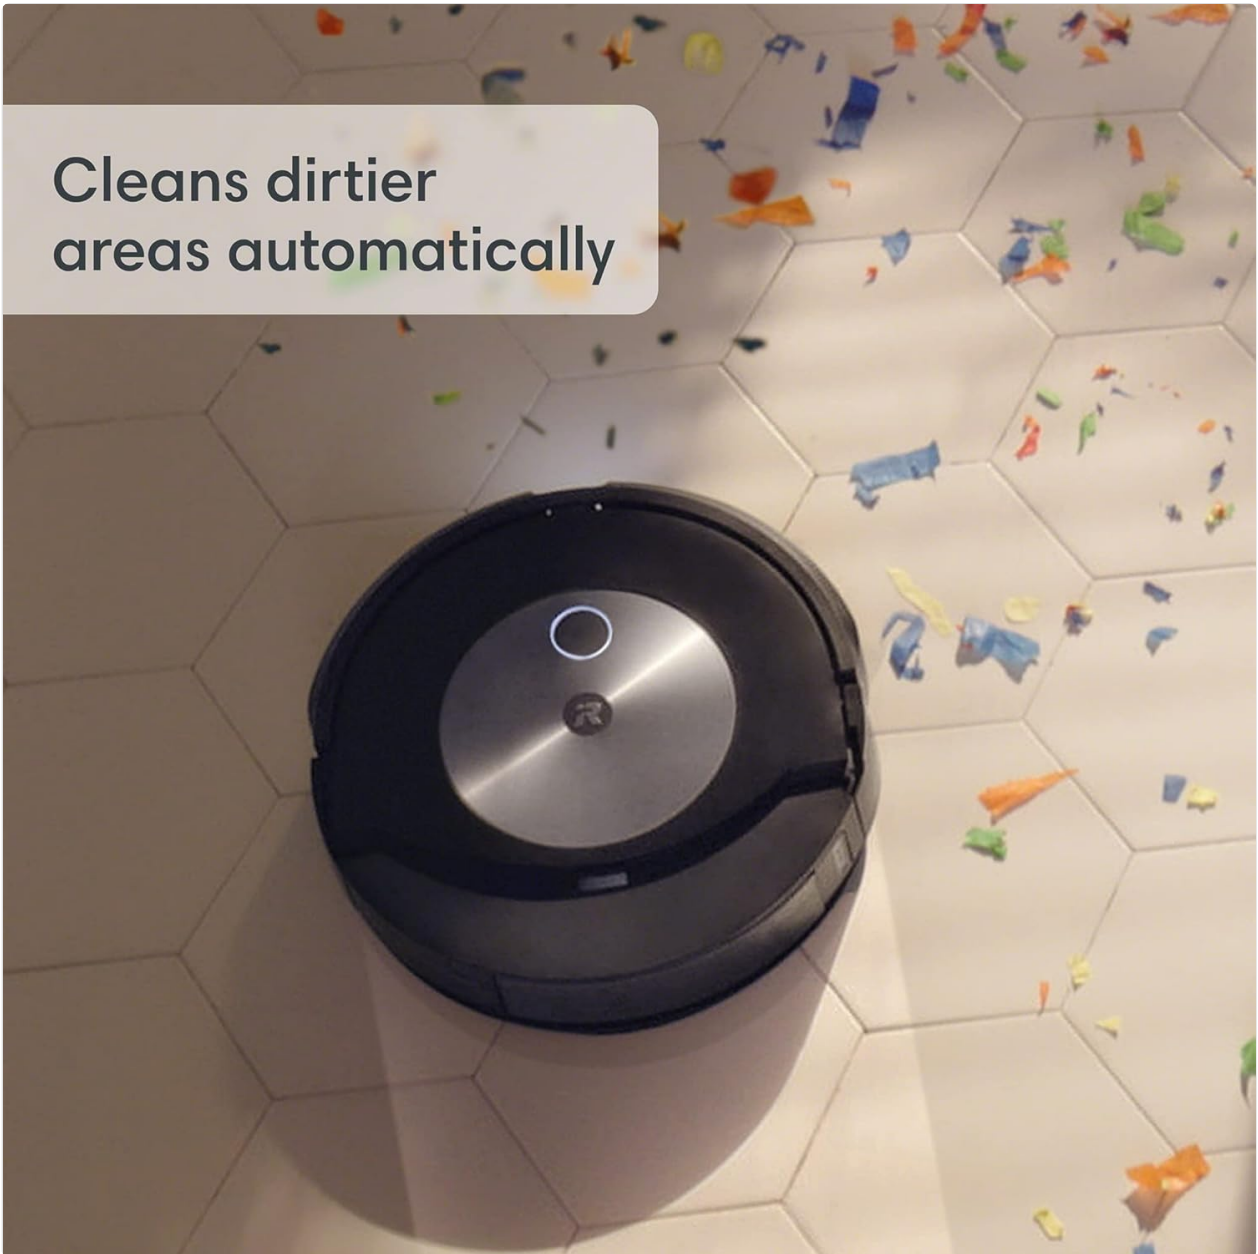

D.R.I. (Dry Rug Intelligence)

The Auto-Retract Mopping System lifts the mop pad high away from carpets, ensuring your carpets stay dry while hard floors are effectively mopped.

SmartScrub Technology

For tougher messes, enable SmartScrub in the app. The robot will move back and forth, applying consistent pressure for a deeper clean, similar to manual scrubbing.

**Cleans dirtier
areas automatically**

This image shows the iRobot Roomba Combo j7+ robot vacuum actively cleaning a tiled floor covered with small pieces of colorful confetti. The robot is positioned centrally, with a glowing light ring, indicating operation. Text overlay states "Cleans dirtier areas automatically," highlighting its ability to detect and address concentrated messes.

Automatic Dirt Disposal

The Clean Base automatically empties the robot's bin into an enclosed bag for up to 60 days, keeping dust contained and your hands clean.

MAINTENANCE

Regular maintenance ensures your Roomba Combo j7+ operates efficiently.

Cleaning the Robot

Edge-Sweeping Brush

Regularly remove hair and debris from the brush.

Dual Multi-Surface Rubber Brushes

Remove hair and debris from the brushes and brush caps. Use the cleaning tool provided.

Mopping Pad

Wash the reusable microfiber mopping pad after each use. It can be hand-washed or machine-washed.

Filter

Tap the filter clean or replace it every 2-3 months, or as indicated by the iRobot Home App.

Sensors and Charging Contacts

Wipe clean with a dry cloth to maintain proper functionality.

Cleaning the Clean Base

Dirt Disposal Bag

Replace the dirt disposal bag when the indicator light illuminates or approximately every 60 days, depending on usage.

Charging Contacts

Wipe clean with a dry cloth to ensure consistent charging.

TROUBLESHOOTING

If you encounter issues with your robot, refer to the following common solutions:

Robot Not Charging

- Ensure the Clean Base is plugged into a working outlet.
- Clean the charging contacts on both the robot and the Clean Base with a dry cloth.
- Verify the robot is properly docked on the Clean Base.

Robot Not Picking Up Debris

- Empty the robot's dust bin.
- Clean the Edge-Sweeping Brush and Dual Multi-Surface Rubber Brushes.
- Check and clean the filter.
- Inspect the suction path for any blockages.

Robot Not Mopping Effectively

- Ensure the mopping pad is clean and properly attached.
- Refill the water tank with the appropriate cleaning solution.
- Check for clogs in the water dispenser nozzles.

Error Messages

If your robot displays an error message or light ring pattern, refer to the iRobot Home App for specific error codes and detailed troubleshooting steps.

SPECIFICATIONS

Feature	Detail
---------	--------

Feature	Detail
Brand	iRobot
Model Name	iRobot Roomba Combo j7+ Robot Vacuum and Mop
Product Dimensions	13.3"L x 13.3"W x 3.4"H
Item Weight	7 pounds
Battery Life	180 minutes
Power Source	Battery Powered
Control Method	Voice, App
Compatible Devices	Amazon Echo, Google Home, Smartphones, Tablets
Filter Type	Cartridge
UPC	657768808951
First Available	November 28, 2023

Note: Specifications are subject to change without notice.

WARRANTY AND SUPPORT

Warranty Information

For detailed warranty information, please refer to the documentation included with your product at the time of purchase or visit the official iRobot website for the most current terms and conditions.

Customer Support

For further assistance, troubleshooting, or to purchase replacement parts and accessories, please contact iRobot Customer Care or visit their support website.

Online Support: www.irobot.com/support

Phone Support: Refer to your regional iRobot website for local contact numbers.

[iRobot REACH Declaration: Substances in Articles](#)

This document outlines iRobot's compliance with REACH Regulation (EC) No 1907/2006, specifically Article 33, regarding the communication of information on substances in articles. It lists components and the presence of substances of very high concern (SVHCs), primarily Lead and Triphenyl phosphate, in various iRobot Roomba and Braava Jet models.

Who We Are	
iRobot is a leading global consumer robot company that designs and builds robots that empower people to do more. With more than 30 years of artificial intelligence and advanced robotics experience, we are focused on building thoughtful robots and developing intelligent home innovations that help make life better for millions of people around the world.	
Our Portfolio Our portfolio of home robots and smart home devices feature proprietary technologies for the connected home and advanced concepts in cleaning, mapping and navigation, and human-robot interaction and physical solutions. We aim to help people make their homes easier to maintain, more efficient, more secure and healthier places to live.	
Our People iRobotians are mission-driven builders who are creative, motivated and passionate about their work and in supporting iRobot as a leading global consumer robot company. Our culture is built on learning, mentorship, discovery and technology exploration in the pursuit of practical and valuable robot and other intelligent home innovations that help make life better. iRobot is committed to attracting and retaining the best and brightest talent, leveraging new perspectives, ideas, skills, languages and cultural backgrounds and providing the resources for individuals to reach their full potential.	
Our Locations iRobot is a leading global consumer robot company that designs and builds robots that empower people to do more. With more than 30 years of artificial intelligence and advanced robotics experience, we are focused on building thoughtful robots and developing intelligent home innovations that help make life better for millions of people around the world.	
Accolades iRobot is a leading global consumer robot company that designs and builds robots that empower people to do more. With more than 30 years of artificial intelligence and advanced robotics experience, we are focused on building thoughtful robots and developing intelligent home innovations that help make life better for millions of people around the world.
