SAFETY INFORMATION

Important Safety Guidelines:

- Follow all safety guidelines provided by the manufacturer during assembly, installation, and use.
- Wear appropriate personal protective equipment, such as gloves, during assembly to prevent injury from sharp edges.
- Ensure the assembly area is clear of obstructions and well-lit.
- Do not attempt to assemble the shed in adverse weather conditions.
- Keep children and pets away from the assembly area.

SETUP AND ASSEMBLY

The IMagacFun W540133 storage shed requires assembly. All panels are pre-cut and pre-drilled to facilitate the process. It is recommended to have at least two people for assembly due to the number of components and the size of the unit.

Site Preparation

Before assembly, select a level area with good drainage for the storage building. A stable and flat surface is crucial for the structural integrity and proper functioning of the shed.

Assembly Steps

1. **Unpack and Sort Components:** Carefully unpack all components. Remove any protective film from the panels. Sort all screws, washers, and other hardware according to the parts list provided in your packaging. Note that there are numerous small parts, including plastic washers, which require careful handling.
2. **Assemble Base Frame:** Follow the detailed diagrams in your included instruction booklet to assemble the base frame of the shed.
3. **Attach Side and Back Panels:** Secure the side and back panels to the base frame using the provided hardware. Ensure all connections are tight and secure.
4. **Install Internal Supports:** Install the internal metal triangular frames for increased stability.
5. **Assemble Doors and Lids:** Attach the hinged doors and lifting lids. Ensure the springs for the lids are correctly installed for easy opening and closing.
6. **Final Checks:** Verify that all screws are tightened and all parts are correctly aligned.

OPERATING INSTRUCTIONS

The IMagacFun W540133 storage shed is designed for convenient access and secure storage of trash cans and tools.

Accessing Contents

- **Front Doors:** Each compartment features an individually opening front door with a grey plastic handle. To open, simply pull the handle. These doors allow for easy removal and emptying of bins.
- **Lifting Lids:** The shed is equipped with individually lifting lids. These can be opened to deposit rubbish easily without needing to open the front doors. The integrated springs assist in lifting and holding the lids open.

Security

The shed features lockable doorknobs for enhanced security. A padlock (not included) can be used to secure the contents and prevent unauthorized access or animal interference.

MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your IMagacFun storage shed.

Cleaning

The shed is easy to clean. Simply spray with water to remove dirt and debris. For stubborn stains, a mild soap solution and a soft brush can be used, followed by rinsing with water.

Material Durability

Constructed from galvanized steel, the shed is designed to be durable, rot-resistant, rust-proof, and scratch-resistant, ensuring long-term outdoor performance.

TROUBLESHOOTING

This section addresses common issues you might encounter with your storage shed.

- **Difficulty during Assembly:** If you encounter difficulties, refer to the assembly video and diagrams. Ensure all parts are correctly oriented and that you are using the correct hardware for each step. Some holes may require slight adjustment or force to align properly.
- **Misaligned Doors/Lids:** If doors or lids do not close properly or appear uneven, check that the base is level and that all frame connections are securely tightened. Adjust hinges if necessary.
- **Missing or Damaged Parts:** If any parts are missing or damaged upon arrival, please contact IMagacFun customer support immediately for assistance.
- **Water Accumulation on Top:** The shed features a flat top design. While the material is waterproof, ensure proper drainage around the shed to prevent water from pooling excessively on the ground around the base.

For issues not covered here, please contact customer support.
