## **Beautyrest BR54-4128**

# **Beautyrest Wi-Fi Heated Electric Blanket (Model: BR54-4128) - User Manual**

Your guide to comfort and smart heating.

## **1. INTRODUCTION**

Thank you for choosing the Beautyrest Wi-Fi Heated Electric Blanket. This manual provides essential information for the safe and efficient operation of your new blanket. Please read it thoroughly before use and retain it for future reference. This blanket offers advanced features including Wi-Fi connectivity, voice command compatibility with Alexa, 20 heat settings, and a 10-hour automatic shut-off for your convenience and peace of mind. It is also Oeko-Tex certified, ensuring it is free from harmful substances.

## 2. IMPORTANT SAFETY INFORMATION

To ensure safe operation and prevent damage, please adhere to the following guidelines:

- Always ensure the controller is uncovered and not placed under the blanket or other items.
- Spread the blanket out evenly on the bed. Avoid bunching or folding the blanket while it is in use.
- Keep the power cord loose and untwisted. Do not pinch or trap the cord.
- Do not lay on top of the blanket to prevent damage to internal coils.
- Do not ball up your blanket while it is on.
- Do not fold your blanket while it is on.
- The blanket is UL Certified and designed with virtually zero EMF emissions for your safety.

Keep Controller  
Uncovered

Keep Blanket  
Spread Out Evenly

Keep Cord Loose,  
Not Twisted & Pinched

## DOS/DON'TS

Don't Lay on  
Top of the Blanket to Prevent  
Damage to Internal Coils

Don't Ballup Your  
Blanket While On

Don't Fold your  
Blanket While On

### 3. PACKAGE CONTENTS

Your package should contain the following items:

- 1 x Beautyrest Wi-Fi Heated Electric Blanket (Queen Gray)
- 2 x Digital Controllers
- 1 x User Manual

### 4. SETUP INSTRUCTIONS

#### 4.1 Physical Connection

1. Lay the heated blanket flat on your bed, ensuring it is spread out smoothly without any folds or creases.

2. Locate the connection ports on the blanket and the cords on the controllers.
3. Firmly plug each controller's cord into its respective port on the blanket. Ensure a secure connection.
4. Plug the power cords from the controllers into a standard electrical outlet.

## 4.2 Wi-Fi and App Setup

The Beautyrest Heated Electric Blanket can be controlled via a free downloadable app. Follow these steps to connect your blanket to Wi-Fi and the app:

1. Download the official Beautyrest heated blanket app from your smartphone's app store.
2. Follow the in-app instructions to create an account and add your new heated blanket.
3. Ensure your smartphone is connected to a 2.4GHz Wi-Fi network during the setup process.
4. Once connected, you can control the blanket's heat settings, set schedules, and utilize the preheat function from anywhere.

Image: The mobile application interface for controlling the heated blanket, displaying options for adjusting heat, preheating, and setting timers or schedules.

## 4.3 Voice Command (Alexa Compatible)

For hands-free control, integrate your blanket with Alexa:

1. Ensure your blanket is successfully connected to the app and your Wi-Fi network.
2. Open the Alexa app on your smartphone.
3. Navigate to the 'Skills & Games' section and search for the Beautyrest skill.
4. Enable the skill and link your Beautyrest account.
5. Discover devices, and your heated blanket should appear.
6. You can now use voice commands like, "Alexa, turn on the heated blanket," or "Alexa, set the heated blanket to level 15."

Tested with **78** safety evaluations,  
surpassing industry expectations  
and exceeding UL standards

- Queen & larger size features smart dual-zone heating
- Patented Smart Home Compatible  
(when connected to a smart outlet)

## 5. OPERATING INSTRUCTIONS

### 5.1 Manual Control

Each side of the Queen-sized blanket has its own digital controller. Use the buttons on the controller to adjust settings:

- **Power Button:** Turns the blanket on or off.
- **Heat Level Buttons (+/-):** Adjusts the heat setting from 1 to 20.
- **Preheat Button:** Activates the preheat function to quickly warm the blanket before use.
- **Timer Button:** Sets the automatic shut-off timer (up to 10 hours).

## 5.2 Dual Control

The Queen-sized blanket features dual controllers, allowing two users to independently set their preferred heat levels for each side of the bed. This ensures personalized comfort without affecting the other user.

Image: An aerial view of a heated blanket on a bed, visually divided into two distinct heating zones, each with its own controller, emphasizing the dual control feature.

### 5.3 Heat Settings and Auto Shut-Off

- The blanket offers 20 heat settings, allowing you to find your ideal warmth level.
- The 10-hour automatic shut-off feature provides safety and energy efficiency, turning off the blanket after 10 hours of continuous use.
- The preheat function quickly warms the blanket to your desired temperature before you get into bed.

## 6. MAINTENANCE AND CARE

Proper care ensures the longevity and performance of your heated blanket.

### 6.1 Washing Instructions

The Beautyrest Heated Electric Blanket is machine washable. Always unplug the power cord before washing.

1. Disconnect both controllers from the blanket.
2. Wash by hand or use a delicate cycle in a household washing machine.

3. Use cold water and minimal detergent.
4. Remove the blanket immediately after the spin cycle to prevent creasing.

## 6.2 Drying Instructions

1. Tumble dry on medium or low heat for no more than 5 minutes.
2. Gently stretch the blanket to its original shape.
3. Hang to finish drying. Do not use clothespins, as they can damage the internal wires.
4. Do not iron the blanket.
5. Ensure both the coupler and the product are completely dry before reconnecting the controllers and using the blanket.

# WASHING

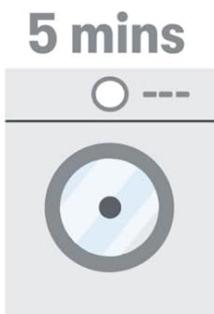

Wash by Hand or  
With Delicate Cycle

Wash & Rinse in Cold Water,  
Minimal Detergent

Remove Immediately  
After Spin Cycle

# DRYING

Tumble Dry on Medium  
or Low for 5 Minutes

Do Not Hang with  
Clothespins

Do Not Iron

Video: Detailed instructions on how to properly wash and care for your heated blanket.

## 7. STORAGE

For long-term storage, please avoid excessive folding or twisting of the blanket. Store it in a cool, dry place. Do not sit on it or place heavy objects on it, as this can damage the internal heating elements and affect performance.

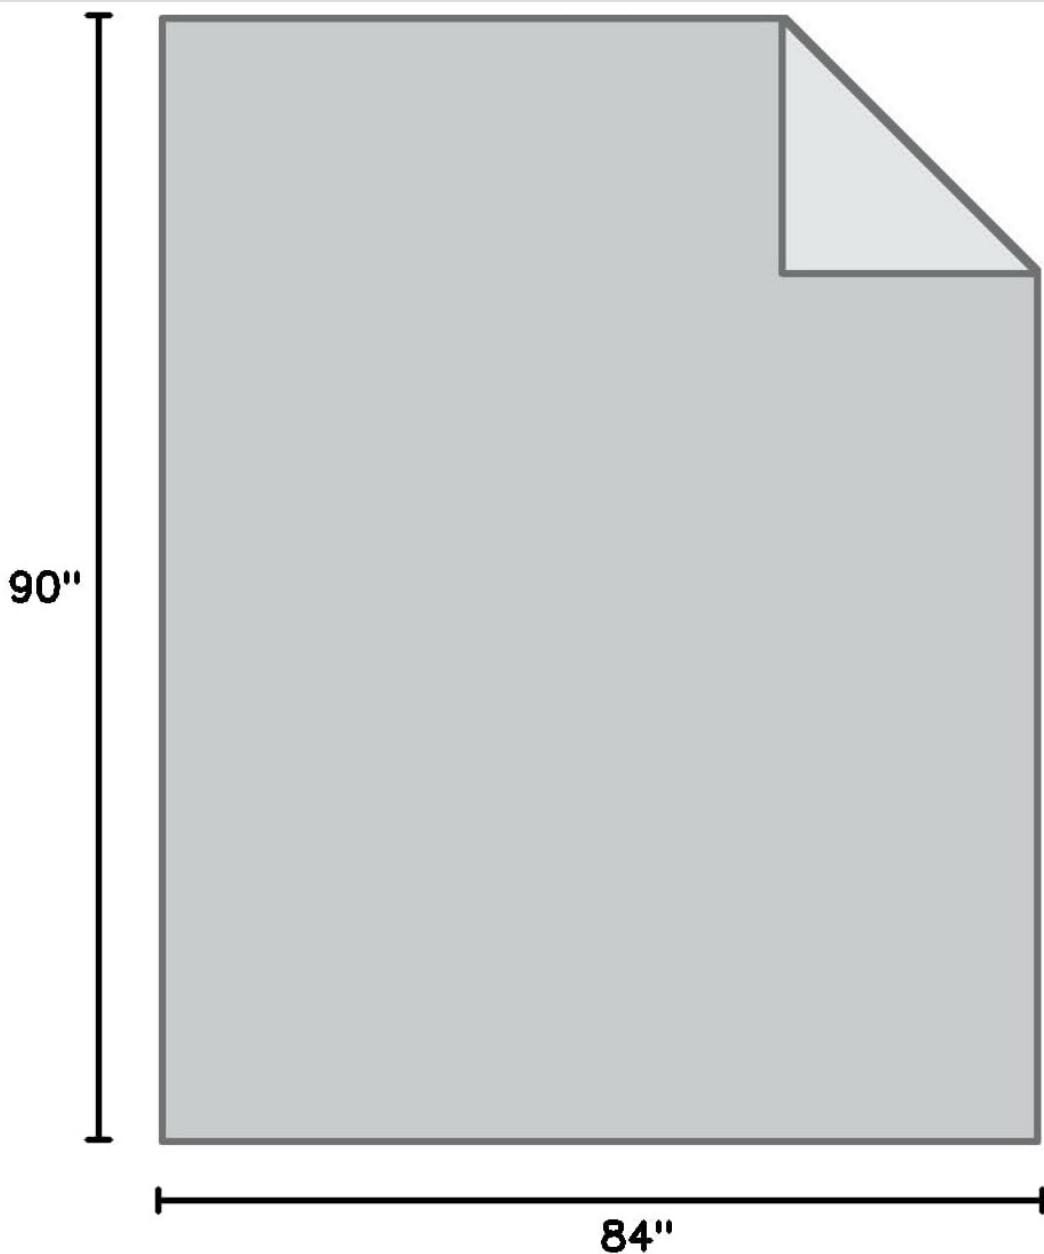

## 8. TROUBLESHOOTING

Problem	Possible Cause / Solution
Blanket not heating or only parts are warm.	Ensure the blanket is powered on and set to a desired heat level. Allow time for it to heat up. A bunched or pinched heating element can cause uneven heating. Lay the blanket flat, untucked, and free from heavy objects. Straighten the heating wires as needed by running your fingers along the wire, paying special attention to the top and bottom where the wire bends. Check if the power cords are securely connected to both the blanket and the electrical outlet.
Controller display is off or flashing.	Ensure the blanket is properly plugged into a working outlet. If an error code is displayed, refer to the specific error code section in the full manual (if available) or contact customer support.
Blanket slides around on the bed.	The blanket's soft material may cause it to shift. Consider placing it between your fitted sheet and a top sheet to help secure it.
Wi-Fi or voice control not working.	Ensure your Wi-Fi network is 2.4GHz and stable. Verify the blanket is properly connected to the app and the Alexa skill is enabled and linked. Restart your Wi-Fi router, the blanket controllers, and your smartphone.

## 9. SPECIFICATIONS

Feature	Detail
Brand	Beautyrest
Model Number	BR54-4128
Size	Queen (90"L x 84"W)
Color	Gray
Material	100% Polyester
Heat Settings	20
