2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury to your pet or damage to the product.

- **Pet Safety:** For your pet's safety, always remove their collar before they enter the crate to prevent entanglement.
- **Proper Sizing:** To ensure your dog can move and feel comfortable, measure your dog's length and height, then add 10 cm to these measurements. If your pet's dimensions are between two sizes, it is recommended to choose the larger size. This crate is suitable for dogs up to 37 kg.
- **Stable Placement:** Place the crate on a flat, stable, and level surface to prevent tipping.
- **Supervision:** Do not leave your pet unsupervised for extended periods, especially during initial use.
- **Damage Check:** Regularly inspect the crate for any signs of damage or loose parts. Do not use if damaged.
- **Weight Limit:** Do not exceed the maximum static load of 100 kg on the top surface.

3. PACKAGE CONTENTS

Before beginning assembly, ensure all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 1 x Dog Crate (disassembled components)
- 1 x Accessory Kit (screws, bolts, tools if provided)
- 1 x Instruction Manual

4. ASSEMBLY INSTRUCTIONS

Assembly typically takes approximately 30 minutes. It is recommended to have a second person assist with certain steps for easier and safer assembly. Follow the numbered steps in the provided instruction manual

(included in the accessory kit) for detailed guidance.

1. Unpack all components and verify against the package contents list.
2. Identify all panels, steel tubes, and hardware.
3. Assemble the base frame using the designated hardware.
4. Attach the side panels and back panel to the base.
5. Install the front and side doors. The side door can be configured to open from the left or right. Refer to the detailed manual for specific hinge placement.
6. Secure the top panel to complete the structure.
7. Ensure all screws are tightened, and the crate is stable.
8. Adjust the leveling feet on the bottom of the crate to ensure stability on uneven floors.

5.2 Side Table Functionality

- The sturdy top surface can be used to place household items such as lamps, books, or decorative plants.
- Do not place excessively heavy items on the top surface, adhering to the 100 kg static load limit.
- Avoid placing hot items directly on the surface without protection.

Image 5: A Golden Retriever sleeping peacefully inside the Feandrea dog crate with the front door open, emphasizing the crate's role as a comfortable and accessible resting place for pets.

6. MAINTENANCE AND CARE

- **Cleaning:** The water-resistant surface can be wiped clean with a damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Damage:** If any part of the crate becomes damaged, discontinue use and contact customer support for replacement parts or advice.

7. TROUBLESHOOTING

- **Crate Instability:** If the crate wobbles, adjust the leveling feet located at the bottom of the unit until it is stable on the floor.
- **Door Latch Issues:** If a door latch does not close securely, check for any obstructions or misalignment. Ensure all assembly screws related to the door and frame are properly tightened. If the latch mechanism appears faulty, contact customer support.
- **Pet Refusal to Enter:** Introduce your pet to the crate gradually. Place familiar items like toys or bedding inside. Never force your pet into the crate.
