2. WHAT'S IN THE BOX

Upon opening your OUKITEL WP28 package, you should find the following items:

- OUKITEL WP28 Smartphone
- USB Data Cable
- User Manual (this document)
- Power Adapter
- Warranty Card
- Quick Start Guide
- SIM Pin

3. SETUP

3.1. SIM and TF Card Installation

The OUKITEL WP28 supports dual SIM cards or one SIM card and one TF (microSD) card for expanded storage. Use the provided SIM pin to open the card tray.

1. Locate the SIM card tray on the side of the device.
2. Insert the SIM pin into the small hole next to the tray and press gently until the tray ejects.
3. Place your Nano-SIM card(s) and/or TF card into the designated slots on the tray. Ensure the gold contacts are facing down.
4. Carefully reinsert the tray into the phone until it clicks into place.

3.2. Initial Power On

To power on your device for the first time:

1. Press and hold the Power button (usually on the right side) for a few seconds until the OUKITEL logo appears.
2. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, and Google account setup.

3.3. Charging the Device

Before first use, it is recommended to fully charge your OUKITEL WP28. The device features a 10600mAh battery and supports fast charging.

1. Connect the USB cable to the power adapter.
2. Plug the power adapter into a wall outlet.
3. Connect the USB-C end of the cable to the charging port on your phone.
4. The charging indicator will appear on the screen. A full charge typically takes approximately 3.5 hours.

4.4. Connectivity

The OUKITEL WP28 offers various connectivity options:

- **4G LTE:** For fast mobile data connectivity.
- **Wi-Fi:** Connect to wireless networks for internet access.
- **NFC:** Supports Near Field Communication for contactless payments (e.g., Google Pay) and data transfer.
- **GPS:** Integrated GPS, Galileo, Glonass, and Beidou for accurate navigation.
- **OTG:** On-The-Go functionality allows connecting USB devices and charging other devices.

5. RUGGED FEATURES

The OUKITEL WP28 is built to withstand harsh environments, featuring:

- **IP68 Waterproof:** Protected against continuous immersion in water.
- **IP69K Dustproof:** Protected against close-range high-pressure, high-temperature spray downs.
- **MIL-STD-810H Drop-proof:** Certified to military standards for resistance against drops and impacts.

6. MAINTENANCE

To ensure the longevity and optimal performance of your OUKITEL WP28, follow these maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth to clean the device. Avoid harsh chemicals or abrasive materials.
- **Port Protection:** Ensure all port covers (USB-C, SIM tray) are securely closed to maintain water and dust resistance.
- **Software Updates:** Regularly check for and install system updates to benefit from the latest features and security patches.
- **Battery Care:** Avoid extreme temperatures and prolonged exposure to direct sunlight. Do not fully discharge the battery frequently.

7. TROUBLESHOOTING

If you encounter issues with your OUKITEL WP28, try the following common troubleshooting steps:

- **Device Not Turning On:** Ensure the battery is charged. Connect to the charger and wait a few minutes before attempting to power on again.
- **Apps Crashing/Freezing:** Close and reopen the app. If the issue persists, clear the app's cache or reinstall it.
- **Poor Network Signal:** Check if your SIM card is properly inserted. Move to an area with better network coverage.
- **Touchscreen Unresponsive:** Restart the device. If unresponsive, force restart by holding the power button for an extended period (e.g., 10-15 seconds).
- **Battery Draining Quickly:** Check background app usage and adjust power-saving settings. Reduce screen brightness.

For more complex issues, refer to the official OUKITEL support website or contact customer service.

8. SPECIFICATIONS

Feature	Specification
Model Name	WP28

Operating System	Android 13.0
RAM	8 GB (expandable to 15 GB)
Memory Storage Capacity	256 GB (expandable up to 1 TB via TF card)
Screen Size	6.52 Inches
Resolution	720 x 1600 pixels (HD+)
CPU Model	A-Series (Octa-core)
