Lamshaw M31

Lamshaw TPU Screen Protector for Fanvace M31 4-Inch MP3 Player

Model: M31 | Brand: Lamshaw

INTRODUCTION

This manual provides comprehensive instructions for the installation and care of your Lamshaw TPU Screen Protector, designed specifically for the Fanvace M31 4-inch MP3 Player. Following these steps will ensure maximum protection for your device's screen and maintain its touch sensitivity and clarity.

WHAT'S IN THE BOX

Your Lamshaw TPU Screen Protector package includes the following items:

- 6 x TPU Screen Protectors
- 1 x Squeegee
- 1 x Microfiber Cleaning Cloth
- 3 x Alcohol Cleaning Wipes (Wet & Dry)

SETUP: SCREEN PROTECTOR INSTALLATION

Proper installation is crucial for optimal performance. Please follow these steps carefully:

1. **Clean the Screen:** Use the provided alcohol wipes (Wet 1, then Dry 2) to thoroughly clean your MP3 player's screen. Ensure no dust, smudges, or fingerprints remain. Use the microfiber cloth for a final polish.
2. **Identify Layers:** The screen protector has three layers. The red 'Back 1' layer is the first to be peeled off, and the black 'Front 2' layer is the last. The middle layer is the actual screen protector.
3. **Peel 'Back 1':** Carefully peel off the red 'Back 1' layer from one end of the screen protector.
4. **Align and Apply:** Align the exposed sticky side of the protector with your MP3 player's screen. Start from one edge and slowly lower the protector, ensuring precise alignment.
5. **Remove Bubbles:** Use the squeegee to gently push out any air bubbles from the center outwards. Apply firm, even pressure. If a large bubble persists, carefully lift the nearest edge of the protector and reapply, pushing the bubble out.
6. **Peel 'Front 2':** Once the protector is smoothly applied and free of bubbles, carefully peel off the black 'Front 2' layer.
7. **Final Polish:** Use the microfiber cloth to gently wipe the newly installed screen protector.

Important Note: If you accidentally peel 'Front 2' first and the side to 'Front 2' is not sticky, wrinkle the red 'Back 1' layer, separate it into two layers, peel off the middle layer, let it go back to 'Front 1', then install to the screen.

Material	Thermoplastic Polyurethane (TPU)
Item Hardness	6H
Special Feature	Anti-Shatter, Self-Healing, Full Coverage
Finish Type	Clear

Feature	Detail
Water Resistance Level	Not Water Resistant
Unit Count	6.0 Count

MAINTENANCE

To ensure the longevity and effectiveness of your screen protector:

- Regularly clean the screen protector with a soft, lint-free cloth to remove dust and smudges.
- Avoid using harsh chemicals or abrasive materials, as these can damage the protector's surface.
- While the protector has self-healing properties, avoid intentional scratches or punctures.

TROUBLESHOOTING

If you encounter issues during or after installation:

- **Bubbles:** Small bubbles should disappear naturally within 24 hours due to the self-healing technology. For larger bubbles, gently lift the nearest edge of the protector and use the squeegee to push the air out before re-adhering.
- **Dust Particles:** If dust is trapped under the protector, carefully lift the corner closest to the dust particle using a piece of tape. Use another piece of tape to gently dab and remove the dust from both the screen and the protector's adhesive side. Reapply the protector.
- **Misalignment:** If the protector is significantly misaligned, it may be necessary to remove it completely, clean the screen again, and attempt reinstallation with a new protector from the pack.

WARRANTY AND SUPPORT

For any questions, concerns, or support regarding your Lamshaw TPU Screen Protector, please refer to the product packaging for manufacturer contact information or visit the official Lamshaw support website. Please retain your proof of purchase for warranty claims.

ASK A QUESTION ABOUT THIS MANUAL

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
