## TEMKIN 124511425

# TEMKIN 6L Air Fryer User Manual

Model: 124511425

## INTRODUCTION

Thank you for choosing the TEMKIN 6L Air Fryer. This appliance is designed to provide a healthier way to cook your favorite foods, utilizing rapid air circulation technology to achieve crispy results with significantly less oil. Please read this manual thoroughly before use to ensure safe and optimal operation.

## IMPORTANT SAFETY INSTRUCTIONS

- Always place the air fryer on a stable, heat-resistant surface, away from walls or other appliances, to allow for proper ventilation.
- Do not immerse the main unit, cord, or plug in water or any other liquid.
- Ensure the voltage indicated on the appliance matches your local power supply before connecting.
- Keep children and pets away from the appliance during operation. The exterior surfaces can become hot.
- Do not block the air inlet or outlet vents during operation.
- Unplug the air fryer from the outlet when not in use and before cleaning. Allow it to cool completely before handling.
- Do not operate the appliance if the cord or plug is damaged, or if the appliance malfunctions or has been damaged in any way.
- Only use accessories recommended by the manufacturer.
- Exercise extreme caution when removing the hot air fryer basket and cooking tray.

## PRODUCT OVERVIEW

The TEMKIN 6L Air Fryer is designed for efficient and healthy cooking. Its compact design saves countertop space while offering a generous 6-liter capacity.

## Components

- Main Unit with Control Panel
- Removable Nonstick Air Fryer Basket
- Removable Cooking Tray (inside basket)
- Power Cord

Image: An internal diagram illustrating the 360-degree rapid air heating circulation technology, ensuring even cooking.

## SETUP

---

1. Unpack the air fryer and all its components. Remove any packaging materials, stickers, or labels.
2. Wipe the exterior of the main unit with a damp cloth.
3. Wash the air fryer basket and cooking tray thoroughly with hot water, dish soap, and a non-abrasive sponge. Rinse and dry completely.
4. Place the cooking tray inside the air fryer basket.
5. Slide the assembled basket back into the main unit until it clicks securely into place.
6. Place the air fryer on a stable, level, and heat-resistant surface. Ensure there is at least 10 cm (4 inches) of clear space around the back and sides of the appliance for proper air circulation.

## OPERATING INSTRUCTIONS

---

### Control Panel

Image: A detailed view of the air fryer's touch control panel, showing temperature, time, menu, and power buttons.

The air fryer features an intuitive LCD touch screen control panel for easy operation. Key functions include:

- **Temperature Control:** Use the '+' and '-' buttons to adjust temperature (80°C - 200°C).
- **Time Control:** Use the '+' and '-' buttons to adjust cooking time (1 - 60 minutes).
- **Menu Button:** Select from various preset cooking programs.
- **Switch Button:** Power on/off the appliance.
- **Initiate/Pause Button:** Start or pause the cooking cycle.

Image: The air fryer displaying its digital time and temperature settings, indicating a range of 80°C-200°C and 1-60 minutes.

## Basic Operation

1. Plug the air fryer into a grounded electrical outlet.

- 2. Carefully pull out the air fryer basket.
- 3. Place your ingredients into the basket. Do not overfill the basket beyond the MAX fill line.
- 4. Slide the basket back into the air fryer until it is fully closed.
- 5. Press the 'Switch' button to turn on the appliance.
- 6. Either select a preset program using the 'Menu' button or manually set the desired temperature and time using the '+' and '-' buttons for Temperature and Time.
- 7. Press the 'Initiate/Pause' button to start the cooking process.
- 8. During cooking, you may pull out the basket to shake or flip ingredients. The air fryer will pause automatically and resume when the basket is reinserted.
- 9. Once the cooking time is complete, the air fryer will beep. Carefully pull out the basket and transfer the cooked food to a serving dish.

COOKING GUIDE

The TEMKIN Air Fryer is versatile and can cook a wide range of foods. Below are some common food items and approximate cooking guidelines. Adjust times and temperatures based on food quantity, desired crispiness, and personal preference.

Image: A visual guide showcasing various food items that can be prepared in the air fryer, including chicken wings, whole chicken, steak, pizza, french fries, egg tarts, sweet potatoes, squab, and prawns.

Approximate Cooking Times & Temperatures

Food Item	Quantity	Temperature	Time
Chicken Wings	15 pieces	180°C (350°F)	18-22 min
Whole Chicken	2-3 catties	180°C (350°F)	40-60 min
French Fries	200 grams	200°C (400°F)	15-20 min
7-inch Pizza	1 piece	180°C (350°F)	10-15 min
Egg Tarts	7 pieces	160°C (320°F)	12-15 min
Sweet Potatoes	12 pieces	190°C (375°F)	25-35 min

*Note: For best results, preheat the air fryer for 3-5 minutes before adding food. Shake the basket halfway through cooking for even browning.*

## CLEANING AND MAINTENANCE

Regular cleaning ensures optimal performance and extends the lifespan of your air fryer. Always unplug the appliance and allow it to cool completely before cleaning.

### Cleaning Steps:

- Basket and Tray:** The removable air fryer basket and cooking tray are dishwasher safe. Alternatively, wash them with hot water, dish soap, and a non-abrasive sponge. For stubborn food residue, soak them in warm soapy water for about 10 minutes before cleaning.
- Interior:** Wipe the interior of the air fryer with a damp cloth or non-abrasive sponge. Avoid using harsh chemicals or abrasive cleaners.
- Exterior:** Clean the exterior of the appliance with a soft, damp cloth.
- Heating Element:** If necessary, gently clean the heating element with a soft brush to remove any food particles. Ensure the appliance is completely cool and unplugged.
- Ensure all parts are completely dry before storing or using the air fryer again.

## TROUBLESHOOTING

If you encounter any issues with your air fryer, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Air fryer does not turn on	Appliance not plugged in; Power outlet malfunction; Basket not fully inserted.	Ensure the power cord is securely plugged into a working outlet. Check if the basket is fully pushed into the main unit.
Food is not cooked evenly	Basket is overfilled; Food pieces are too large; Not shaking the basket.	Do not overfill the basket. Cut food into smaller, more uniform pieces. Shake the basket halfway through cooking.
White smoke coming from appliance	Grease residue from previous use; Fatty ingredients.	Clean the basket and tray thoroughly after each use. Remove excess fat from ingredients before air frying.
Food is not crispy	Insufficient cooking time/temperature; Too much moisture in food.	Increase cooking time or temperature. Pat food dry before cooking. Lightly spray with oil for extra crispiness.

## SPECIFICATIONS

Detailed technical specifications for the TEMKIN 6L Air Fryer:

- Model:** 124511425
- Capacity:** 6 Liters
- Power:** 1400W
- Voltage:** 220V
- Control Method:** Touch Screen
- Temperature Range:** 80°C - 200°C (175°F - 400°F)

- **Timer Range:** 1 - 60 minutes
- **Product Dimensions:** Approximately 25 cm (10 inches) width x 25 cm (10 inches) depth x 28 cm (11 inches) height
- **Material:** PP + Metal (Nonstick Basket)
- **Special Features:** Temperature Control, Nonstick Coating, Dishwasher Safe Basket/Tray
- **Item Weight:** Approximately 1.8 kg (3.97 pounds)
