# Pawaboo Dog Car Seat Instruction Manual

Model: GDFVCDXV

## INTRODUCTION

Thank you for choosing the Pawaboo Dog Car Seat. This manual provides essential information for the safe and effective use of your new pet travel carrier. Designed for small dogs under 25 lbs, this car seat offers comfort, security, and versatility for various travel needs.

## SAFETY INFORMATION

**Please read all safety instructions carefully before use.**

- Always secure the car seat properly using the car's seat belt and headrest straps as instructed.
- Ensure your pet is attached to the built-in safety leash to prevent them from falling out or moving excessively during travel.
- Do not exceed the maximum weight recommendation of 25 lbs.
- Regularly inspect the car seat for any signs of wear or damage. Discontinue use if damaged.
- Never leave your pet unattended in the car seat for extended periods, especially in extreme temperatures.

## PACKAGE CONTENTS

Your Pawaboo Dog Car Seat package should include the following:

- 1 x Pawaboo Dog Car Seat (main unit)
- Memory foam fillings (vacuum-packed)
- Adjustable straps for headrest and backrest fixing
- Built-in safety leash

## SETUP INSTRUCTIONS

Follow these steps to assemble and install your Pawaboo Dog Car Seat:

### 1. Unpacking and Filling

The car seat comes vacuum-packed. Allow up to 24 hours for the memory foam fillings to fully expand to their optimal shape after unpacking.

Image: Components of the Pawaboo Dog Car Seat, including the main fabric cover and the vacuum-packed memory foam inserts.

1. Unzip the main car seat cover.
2. Insert the expanded memory foam fillings into the designated compartments.
3. Zip up the cover securely.

Video: Step-by-step guide on how to assemble the Pawaboo Dog Car Seat by inserting the memory foam fillings and zipping it up.

## 2. Installation in Vehicle

The car seat can be installed in both the front and back seats of most vehicles.

Image: The Pawaboo Dog Car Seat securely placed in the front passenger seat of a car, demonstrating its fit and a happy dog enjoying the ride.

1. Place the car seat on the desired car seat (front or back).
2. Pass the car seat belt through the designated loops on the car seat and buckle it securely. This fixes the car seat in place.
3. Adjust the strap to secure the car seat to the car's backrest.
4. Attach the adjustable buckle strap to the headrest and adjust its length for a snug fit.
5. Ensure all straps are tightened and the car seat is stable before placing your pet inside.

# Multi-Security Protection

Image: Detailed view of the multi-security protection features, including how the car seat belt, backrest strap, headrest buckle, and built-in safety leash work together.

## OPERATING INSTRUCTIONS

Once the car seat is securely installed, follow these steps for safe pet travel:

1. Place your small dog gently into the car seat.
2. Attach the built-in safety leash to your dog's harness or collar. This prevents your pet from jumping out or moving around unsafely during the ride.
3. Ensure your pet is comfortable and has enough space to sit or lie down.
4. For elevated viewing, the design allows smaller dogs to see out the window, reducing anxiety during travel.

# Hold up to 25LBS

## For Most Vehicles

## MAINTENANCE

Proper care will extend the life of your Pawaboo Dog Car Seat:

- **Cleaning:** The dog booster seat is fully detachable and washable. Open the bottom zipper, remove the sponge/fillings, and clean the cover.
- **Washing Instructions:** Machine wash or hand wash the fabric cover. Refer to the product care tag for specific temperature and detergent recommendations.
- **Drying:** Air dry the cover completely before reassembling. Do not tumble dry.
- **Material:** The outer fabric is wear-resistant and water-proof, making it easy to wipe clean minor spills.

# Thoughtful Details

Soft Memory Cushion

Anti-slip Bottom Pad

Convenient Pocket

Portable Handle

Heavy-duty Hooks

Splash-proof Fabric

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Car seat feels flat or not fully expanded.	Memory foam fillings are still compressed from vacuum packing.	Allow up to 24 hours for fillings to fully expand after unpacking. Gently fluff them to aid expansion.
Car seat is not stable in the vehicle.	Straps are not tightened sufficiently or incorrectly installed.	Re-check all attachment points: car seat belt, backrest strap, and headrest buckle. Ensure they are securely fastened and adjusted to the correct length.
Pet attempts to jump out of the car seat.	Safety leash not attached or too long.	Always attach the built-in safety leash to your pet's harness or collar. Adjust the leash length to restrict excessive movement while allowing comfort.

## SPECIFICATIONS
