## DORTALA DOCA0001+

# DORTALA 3 Drawer Dresser Instruction Manual

Model: DOCA0001+

## INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your DORTALA 3 Drawer Dresser. Please read this manual thoroughly before beginning assembly or use to ensure proper installation and safe operation. Keep this manual for future reference.

## SAFETY INFORMATION

- Keep all small parts and packaging materials away from children and pets.
- Assemble the dresser on a soft, clean surface (e.g., a carpet or blanket) to prevent scratches and damage to the product or your floor.
- Ensure all screws and fasteners are securely tightened before using the dresser. Periodically check and retighten as needed.
- Do not overload drawers. Distribute weight evenly to maintain stability and prevent damage to the drawer slides. The maximum weight capacity for this dresser is 220 lbs.
- For safety, especially in homes with children or pets, consider anchoring the dresser to the wall using an anti-tip kit (not included). This helps prevent accidental tipping.
- Do not stand or climb on the dresser.

## PARTS LIST

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact DORTALA customer support.

Part	Description	Quantity
A	Top Panel	1
B	Side Panels	2

Part	Description	Quantity
C	Bottom Panel	1
D	Back Panel	1
E	Drawer Fronts	3
F	Drawer Sides	6
G	Drawer Backs	3
H	Drawer Bottoms	3
I	Drawer Knobs	3
J	Metal Sliding Rails	6
K	Assembly Hardware (Screws, Dowels, etc.)	1 Set

## SETUP AND ASSEMBLY

---

Follow these steps carefully for proper assembly. It is recommended to have two people for assembly.

1. Unpack all components and lay them out on a clean, soft surface. Identify each part using the Parts List.

Image: All components of the dresser laid out on a protective surface, ready for assembly.

2. Attach the metal sliding rails to the side panels of the dresser. Ensure they are oriented correctly for smooth drawer operation.

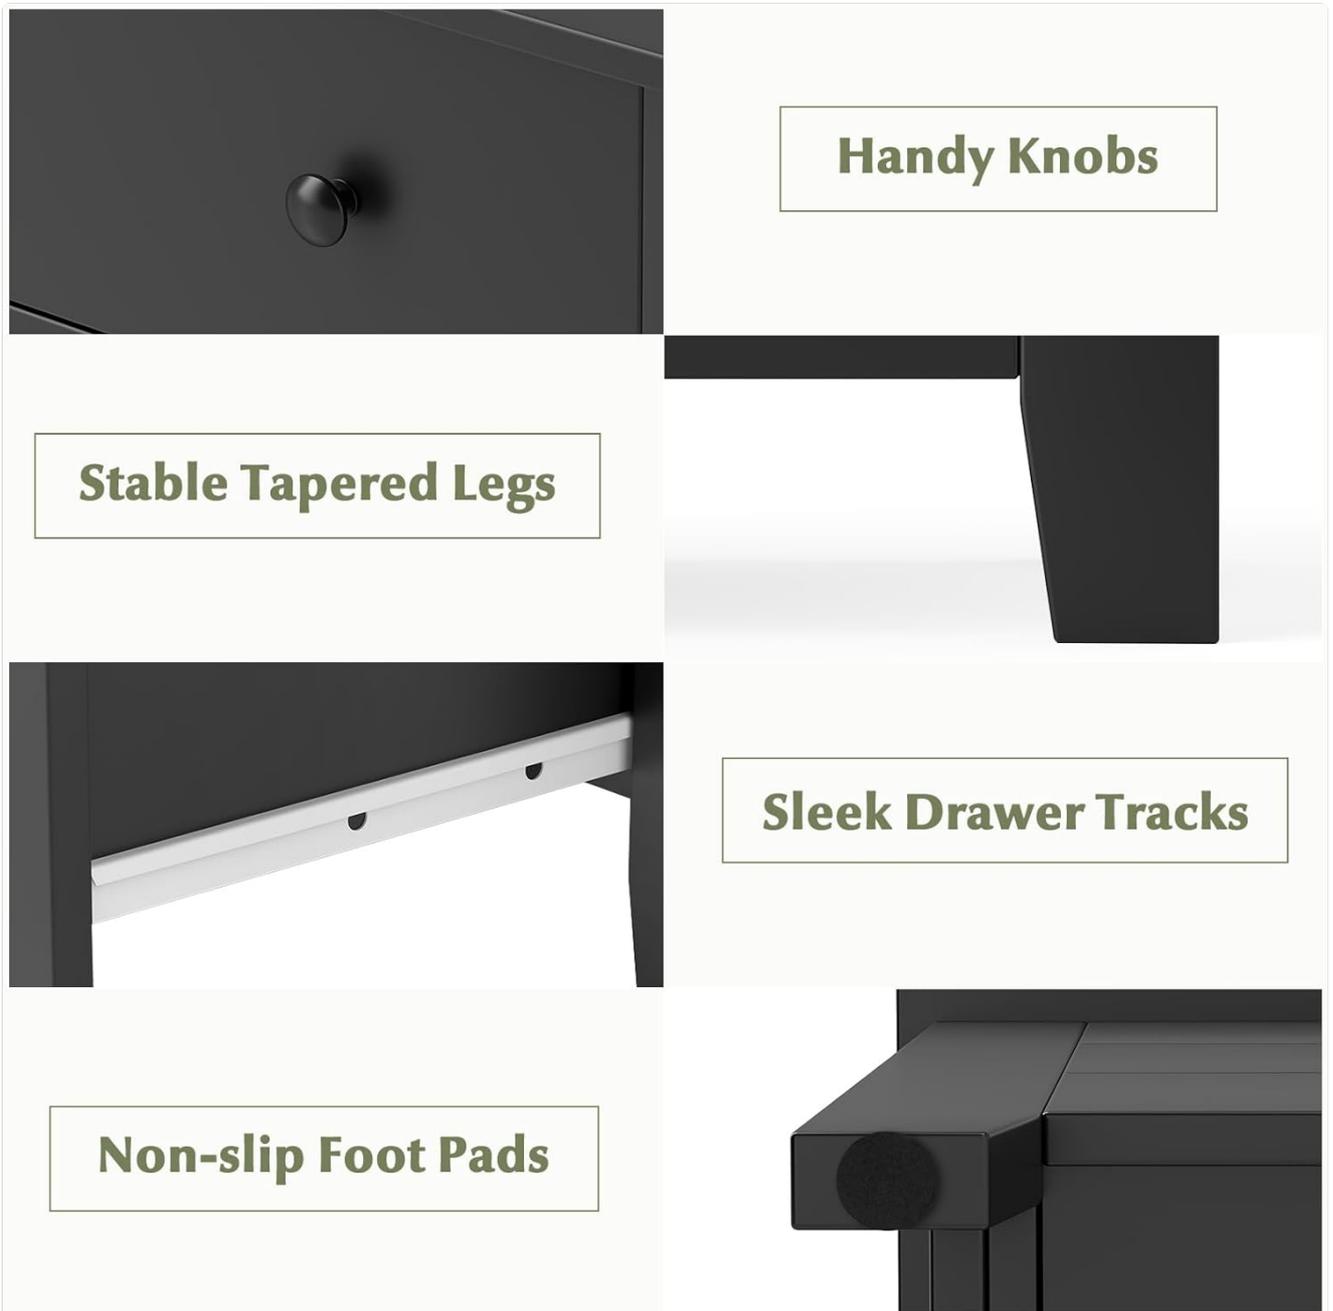

Image: Detailed view showing the metal sliding rails and non-slip foot pads, highlighting key structural features.

3. Assemble the main frame of the dresser by connecting the top, bottom, and side panels using the provided hardware.

4. Construct each drawer by attaching the drawer sides, back, and bottom to the drawer front. Install the drawer knobs.

Image: The dresser placed in a room, demonstrating its size and appearance next to a potted plant.

5. Carefully slide the assembled drawers into the dresser frame, aligning them with the installed sliding rails.

# Sufficient Storage Space

1 Spacious Top + 3 Pull-out Drawers

Image: Diagram showing the overall dimensions of the dresser (28.5" x 18" x 26") and the internal dimensions of a single drawer (21" x 13" x 5").

6. Secure the back panel to the dresser frame.

Image: The dresser with all three drawers fully extended, illustrating the ample storage space available.

7. Place the dresser in its desired location. For added stability and safety, consider using wall anchor kits (not included) to secure the dresser to the wall, especially if children are present.

## OPERATING INSTRUCTIONS

---

The DORTALA 3 Drawer Dresser is designed for straightforward use.

- To open a drawer, gently pull the knob outwards.
- To close a drawer, push it inwards until it is fully seated within the dresser frame.
- Ensure drawers are closed completely to prevent accidental opening or obstruction.
- Distribute items evenly within the drawers to maintain balance and prevent strain on the sliding mechanisms.

## MAINTENANCE

---

To keep your DORTALA dresser in optimal condition, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the surface with a dry, soft cloth. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or harsh chemicals.

- **Dusting:** Regularly dust the dresser to prevent buildup.
- **Drawer Rails:** Periodically check the metal sliding rails for any debris or obstruction that might hinder smooth operation.
- **Fasteners:** Occasionally check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Avoid Excessive Weight:** Do not place excessively heavy items on the top surface or inside the drawers beyond the recommended weight capacity of 220 lbs.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Drawers do not slide smoothly.	Misaligned rails, debris in rails, loose screws.	Check rail alignment, clean rails, tighten all screws on rails and drawer components.
Dresser feels wobbly.	Loose assembly hardware, uneven floor.	Ensure all assembly screws are fully tightened. Adjust furniture levelers if applicable, or place shims under legs on uneven surfaces.
Drawer does not close completely.	Obstruction inside drawer or frame, misaligned drawer.	Remove all items from the drawer and check for obstructions. Re-align the drawer on its rails.
Knob is loose.	Knob screw is loose.	Tighten the screw on the inside of the drawer that secures the knob.
