## surmen G1000

# surmen G1000 Backlit Full Size Office Keyboard User Manual

Model: G1000 | Brand: surmen

## INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your surmen G1000 Backlit Full Size Office Keyboard. Designed for both office and gaming use, this keyboard features a durable metal panel, silent membrane keys, and vibrant blue backlighting. Please read this manual thoroughly to ensure optimal performance and longevity of your device.

## WHAT'S IN THE BOX

- surmen G1000 Keyboard
- Keycap Puller

## SETUP

The surmen G1000 keyboard is designed for simple plug-and-play functionality, requiring no additional drivers for most operating systems.

1. **Connect the Keyboard:** Locate an available USB-A port on your computer (PC or Laptop). Insert the USB connector of the keyboard firmly into the USB port.
2. **System Recognition:** Your operating system (Windows 2000 / 10/8/7 / ME / XP / VISTA, MAC) should automatically detect and install the necessary drivers. This process may take a few moments.
3. **Ready for Use:** Once the installation is complete, the keyboard will be ready for immediate use.

## OPERATING INSTRUCTIONS

### Key Features

- **104 Keys Full-Size Layout:** Includes a dedicated number pad for enhanced productivity.
- **Silent Membrane Switches:** Designed for quieter typing with a better tactile response.
- **Metal Panel:** Durable aluminum alloy panel for enhanced longevity.
- **26 Keys Anti-Ghosting:** Ensures accurate response even when multiple keys are pressed simultaneously during gaming.
- **Win Lock Function:** Prevents accidental presses of the Windows key during intense gaming sessions.

Figure 2: Silent membrane switches provide a quiet and responsive typing experience.

## Backlighting Control

The G1000 keyboard features stunning blue backlighting with adjustable modes.

- **Turn Backlight On/Off:** Press **FN + SL** (Scroll Lock) to toggle the backlight on or off.
- **Adjust Brightness:** The backlight has multiple brightness levels. Use the dedicated function keys (if available, or cycle through modes with FN+SL) to adjust.
- **Backlight Modes:** The keyboard supports static and breathing backlight modes. Refer to the keyboard's specific key combinations for cycling through these modes (often FN + Page Up/Page Down or similar).

Figure 3: Toggle backlighting with FN + SL.

### Multimedia Hotkeys

The keyboard includes 12 media hotkeys accessible via the Function (FN) key, allowing quick access to various functions without interrupting your workflow or game.

**Table 1: Multimedia Hotkey Functions**

Key Combination	Function
FN + F1	Music Player
FN + F2	Decrease Volume
FN + F3	Increase Volume
FN + F4	Mute
FN + F5	Stop Playback
FN + F6	Previous Track
FN + F7	Play/Pause
FN + F8	Next Track
FN + F9	Open Email
FN + F10	Open Homepage
FN + F11	Open My Computer
FN + F12	Open Calculator

## MAINTENANCE

- **Cleaning:** To clean the keyboard, disconnect it from your computer. Use a soft, dry cloth to wipe down the keys and surface. For stubborn dirt, a slightly damp cloth can be used, ensuring no liquid enters the keyboard. The included keycap puller can be used to remove keycaps for deeper cleaning.
- **Spill Resistance:** The surmen G1000 keyboard features a water-resistant design. In case of accidental spills, quickly disconnect the keyboard, wipe off the liquid, and allow it to air dry completely before reconnecting. While water-resistant, it is not waterproof; avoid submerging the keyboard in liquid.

Figure 6: The keyboard features a water-resistant design for added durability.

## TROUBLESHOOTING

Table 2: Common Issues and Solutions

Problem	Possible Cause	Solution
Keyboard not responding.	Loose USB connection, faulty USB port, driver issue.	Ensure USB cable is securely plugged in. Try a different USB port. Restart your computer.
Backlight not turning on.	Backlight is off, software glitch.	Press <b>FN + SL</b> to toggle the backlight. Unplug and replug the keyboard.
Keys are not quiet enough.	Expectations vs. membrane switch sound profile.	While designed for quiet operation, membrane keyboards still produce some sound. This is normal for the product type.

Problem	Possible Cause	Solution
Certain keys (e.g., Windows key) not working.	Win Lock enabled, manufacturing defect.	Check if Win Lock is enabled (often indicated by a light or specific key combination). If a key is physically misaligned (e.g., upside down as mentioned in a review), this indicates a manufacturing defect. Contact customer support for assistance.

## SPECIFICATIONS

Table 3: Product Specifications

Feature	Detail
Brand	surmen
Model Number	G1000
Keyboard Type	Full Size Office Keyboard (104 Keys)
Switch Type	Silent Membrane
Connectivity	USB Wired (USB-A)
