surmen G1000

surmen G1000 Backlit White Quiet Office Keyboard

INSTRUCTION MANUAL

1. Setup

1.1 Unpacking

Carefully remove the surmen G1000 keyboard from its packaging. Ensure all components are present: the keyboard unit and its integrated USB cable.

1.2 Connecting the Keyboard

The surmen G1000 is a wired USB keyboard. To connect it, simply plug the USB-A connector of the keyboard's cable into an available USB port on your computer (PC, Desktop, Laptop).

1.3 Initial Setup (Plug and Play)

This keyboard is designed for plug-and-play functionality. No additional drivers are required for basic operation. Your operating system (Windows 2000 / 10 / 8 / 7 / ME / XP / VISTA) should automatically detect and configure the keyboard upon connection.

2. Operating Instructions

2.1 Basic Operation

The surmen G1000 features a full-size 104-key layout, including a numeric keypad, providing a complete typing experience for various tasks.

2.2 Backlighting Control

The surmen G1000 features stunning blue backlighting. You can control the backlighting modes and brightness using specific key combinations.

Image: A visual guide illustrating how to toggle the keyboard backlight ON/OFF using the FN + SL key combination.

To turn the backlight ON or OFF, press **FN + SL** The keyboard supports static and breathing backlight modes. Refer to the keyboard's physical markings or included quick start guide for specific brightness and mode adjustments, typically involving the FN key combined with arrow keys or other function keys.

2.3 Multimedia Hotkeys

The keyboard includes 12 multimedia hotkeys, accessible by pressing the **FN** key in combination with the **F1-F12** keys. These shortcuts allow quick access to various functions without interrupting your workflow.

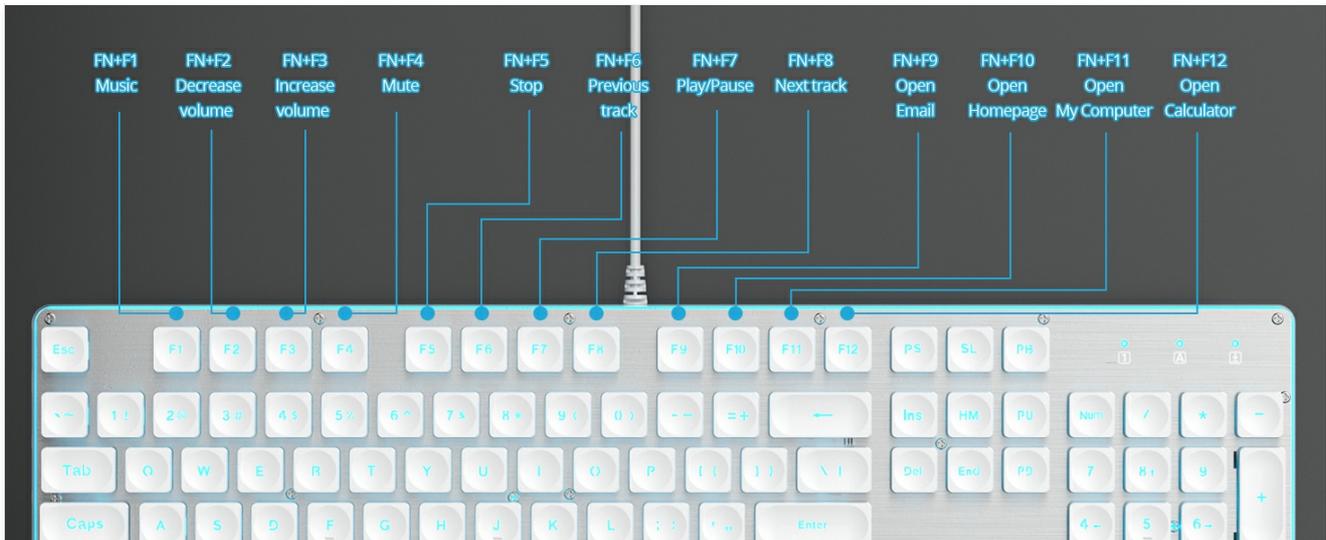

Image: A detailed diagram illustrating the location and function of the 12 multimedia hotkeys (FN+F1 to FN+F12) on the surmen G1000 keyboard.

- **FN + F1:** Music Player
- **FN + F2:** Decrease Volume
- **FN + F3:** Increase Volume
- **FN + F4:** Mute
- **FN + F5:** Stop Playback
- **FN + F6:** Previous Track
- **FN + F7:** Play/Pause
- **FN + F8:** Next Track
- **FN + F9:** Open Email
- **FN + F10:** Open Homepage
- **FN + F11:** Open My Computer
- **FN + F12:** Calculator

2.4 Anti-Ghosting and Win Lock Function

The keyboard features 26-key anti-ghosting, ensuring that multiple simultaneous key presses are registered accurately, which is beneficial for fast typing and gaming. It also includes a Win Lock function to prevent accidental presses of the Windows key during intense activities.

3. Maintenance

3.1 Cleaning

To maintain the keyboard's appearance and functionality, regularly clean its surface. Use a soft, dry cloth to wipe away dust and debris. For stubborn marks, a slightly damp cloth can be used. Avoid excessive moisture.

The keyboard features a water-resistant design, which helps protect against accidental spills. However, it is not fully waterproof. In case of liquid spills, immediately unplug the keyboard and allow it to dry completely before reconnecting.

Image: A close-up of the keyboard keys with water droplets, illustrating its water-resistant capability.

3.2 Storage

When not in use for extended periods, store the keyboard in a clean, dry environment away from direct sunlight and extreme temperatures. Avoid placing heavy objects on the keyboard to prevent damage to the keys or internal components.

4. Troubleshooting

4.1 Common Issues and Solutions

- **Keyboard not responding:**

  - Ensure the USB cable is securely plugged into both the keyboard and the computer.
  - Try plugging the keyboard into a different USB port on your computer.
  - Restart your computer.

- **Backlight not working or stuck:**

  - Press **FN + SL** to toggle the backlight on/off.
  - Unplug the keyboard, wait a few seconds, and then plug it back in to reset the backlight.
  - Ensure your computer's USB ports are providing sufficient power.

- **Certain keys not registering:**

  - Check for any debris or foreign objects lodged under the keycap.
  - Gently press the key multiple times to dislodge any dust.

- If the issue persists, contact customer support.
