## BM Premium LB012

# BM Premium LB-012 Battery and Charger Instruction Manual

For Kodak KLIC-7006, PIXPRO FZ55, FZ53 Cameras

## INTRODUCTION

---

This manual provides essential instructions for the safe and effective use of your BM Premium LB-012 Battery and Charger kit. This kit is designed to power your Kodak PIXPRO FZ55 and FZ53 digital cameras, ensuring reliable performance.

The BM Premium LB-012 rechargeable battery is engineered to meet or exceed original equipment manufacturer (OEM) specifications, incorporating advanced circuitry for voltage regulation and thermal protection. The included charger provides a convenient and efficient way to keep your battery ready for use.

## SETUP INSTRUCTIONS

- 1. Unpack Components:** Carefully remove the LB-012 battery and charger from their packaging.
- 2. Insert Battery into Charger:** Align the battery contacts with the charger's terminals. Gently slide the battery into the charging slot until it is securely seated. Ensure the positive (+) and negative (-) contacts are properly aligned.
- 3. Connect Charger to Power Source:**
  - **Wall Outlet:** Flip out the foldable AC prongs on the charger and plug it into any standard household AC outlet (100V-240V).
  - **Car Adapter:** For in-vehicle charging, connect the car adapter to the charger and then into your vehicle's 12V accessory socket.
  - **European Adapter:** For international travel, attach the appropriate European adapter to the charger before plugging into a compatible wall outlet.

# NEVER MISS A PHOTO OPPORTUNITY

Perfect to keep your batteries charged anywhere.

### OPERATING INSTRUCTIONS

#### Charging the Battery

1. Once the battery is correctly inserted into the charger and the charger is connected to a power source, the LED indicator on the charger will illuminate.
2. A **red light** indicates that the battery is currently charging.
3. A **green light** indicates that the battery is fully charged and ready for use.
4. The charger features automatic constant current control to prevent overcharging.

## Battery Installation in Camera

Refer to your camera's instruction manual for specific details on how to install the LB-012 battery into your Kodak PIXPRO FZ55 or FZ53 camera. Ensure correct orientation and secure placement within the battery compartment.

## MAINTENANCE

- **Storage:** Store the battery and charger in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cleaning:** Use a soft, dry cloth to clean the battery and charger. Do not use liquid cleaners or solvents.
- **Battery Care:** The LB-012 battery is designed with no memory effect, allowing you to charge it at any time without reducing its overall performance or lifespan.
- **Safety:** The battery and charger are built with multiple circuit protections, including over-charging, short-circuit, high-temperature, and surge protection.

- **Disassembly Warning:** Do not attempt to disassemble the charger unit. There are no user-serviceable parts inside.
- **Environment:** Use the charger in dry locations only. Avoid exposure to moisture or humidity.

## TROUBLESHOOTING

- **Battery Not Charging:**
  - Ensure the battery is correctly seated in the charger with contacts aligned.
  - Verify the charger is securely plugged into a functional power outlet.
  - Check for any visible damage to the battery or charger.
- **Charger Heats Up During Use:**
  - It is normal for the charger to become slightly warm during operation.

- If using the car charger, some users have reported increased heat. For optimal performance and cooler operation, prioritize using the wall charger when available.
- **Battery Does Not Fit Charger:**
  - Ensure you have the correct LB-012 battery and charger. This kit is specifically designed for Kodak KLIC-7006, PIXPRO FZ55, and FZ53 cameras.
  - Double-check the battery orientation.

## SPECIFICATIONS

---

### LB-012 Battery

- **Energy Storage Capacity:** 1000 mAh
- **Voltage:** 3.7 Volts
- **Watt-Hours (Wh):** 3.7 Wh
- **Chemistry:** Lithium-ion (Li-ion)
- **Model Number:** LB012
