WAAW INFINITE 200 (WAAW0035)

WAAW by ALOK INFINITE 200 Bluetooth Tower Speaker User Manual

Model: INFINITE 200 (WAAW0035)

1. INTRODUCTION

The WAAW by ALOK INFINITE 200 is a powerful Bluetooth tower speaker designed to deliver an immersive audio experience. With 160W RMS power, dynamic LED lights, and True Wireless Stereo (TWS) technology, it transforms any gathering into a memorable event. This manual provides detailed instructions for setting up, operating, and maintaining your INFINITE 200 speaker.

2. WHAT'S IN THE BOX

Please check that all the following items are included in your package:

- WAAW by ALOK INFINITE 200 Speaker
- Power Cable (1.5m) with internal bivolt power supply
- WAAW Sticker
- Instruction Manual
- WAAW Experience Card

Image: Included accessories: power cable, WAAW sticker, manual, and experience card.

3. PRODUCT OVERVIEW

3.1 Key Features

- **160W RMS Power:** Delivers powerful and clear sound.
- **4 High-Quality Speakers:** Includes 2 tweeters (2") for crystal-clear highs and 2 full-range woofers (6.5") for deep bass and rich mids.

- **Dynamic LED Lights:** Integrated LEDs synchronize with the music's rhythm, creating an energetic visual atmosphere.
- **Power Bass Button:** Intensifies bass for a more immersive audio experience.
- **True Wireless Stereo (TWS):** Connect two INFINITE 200 speakers wirelessly for enhanced stereo sound.
- **Long-Lasting Battery:** Up to 12 hours of playback on a single charge.
- **Multiple Connectivity Options:** Bluetooth 5.0, USB, P10 input for microphone and guitar, 3.5mm Line In, and 3.5mm Line Out.

3.2 Control Panel and Ports

The top panel of the INFINITE 200 features various controls and input/output ports for versatile use.

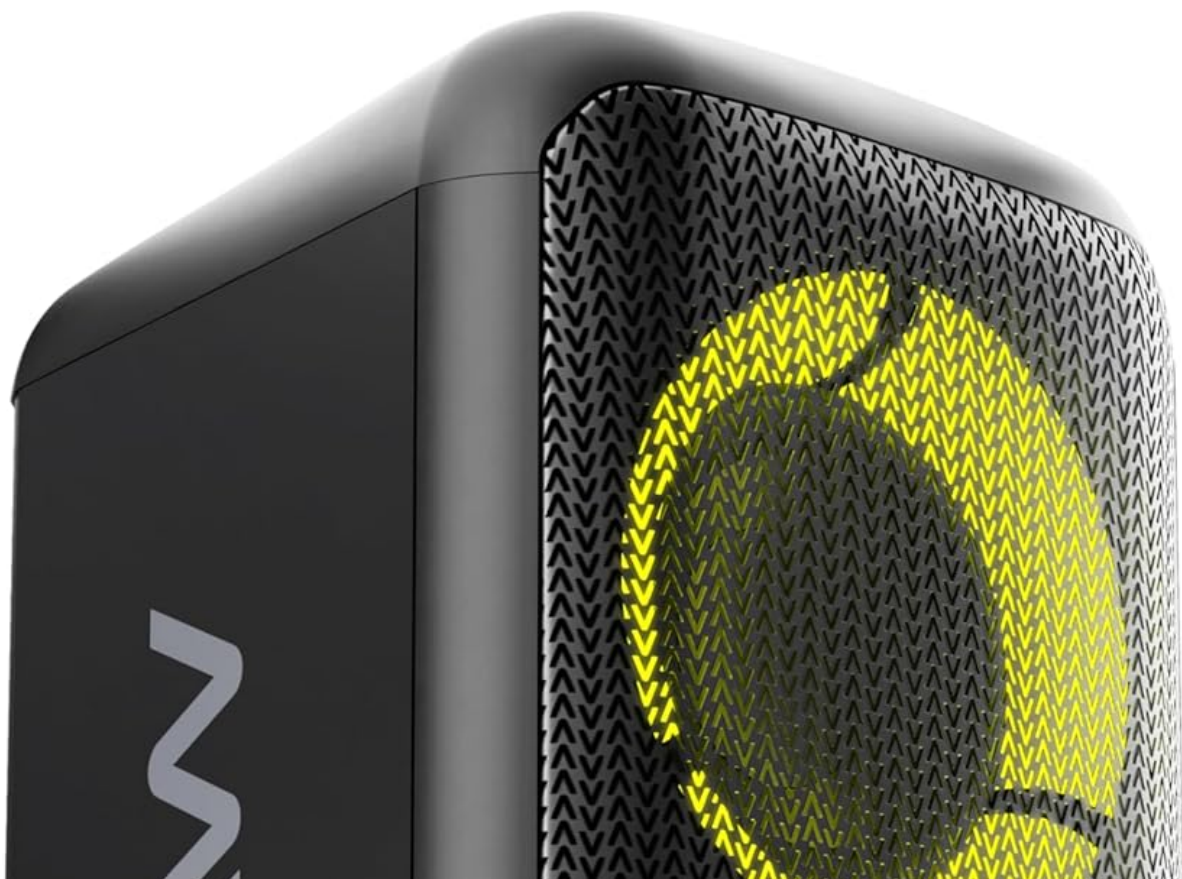

Image: Close-up of the top control panel, showing various knobs, buttons, and input/output ports.

- **Power Button:** Central button to turn the speaker on/off.
- **Play/Pause & Track Navigation:** Buttons for media control.
- **Bluetooth Button:** For pairing and TWS connection.
- **Light Mode Button:** To cycle through LED light modes.
- **Power Bass Button:** Activates bass boost.
- **MIC IN (P10):** Input for a microphone.
- **GUITAR IN (P10):** Input for a guitar.
- **USB PLAY (5V===1A):** USB port for media playback.
- **LINE IN (3.5mm):** Auxiliary input for external audio devices.
- **LINE OUT (3.5mm):** Auxiliary output to connect to another speaker or audio system.
- **MIC VOL Knob:** Adjusts microphone volume.
- **GUITAR VOL Knob:** Adjusts guitar volume.
- **ECHO Knob:** Adjusts echo effect for microphone/guitar.
- **VOL Knob:** Main volume control for the speaker.
- **Battery Level Indicators:** Five LED lights indicating battery charge.

4. SETUP

4.1 Powering On/Off

1. To turn on the speaker, press and hold the central power button until the luminous indicator lights up and you hear the WAAW signature sound.
2. To turn off the speaker, press and hold the central power button again until the lights turn off.

4.2 Bluetooth Connection

Once powered on, the speaker will automatically enter Bluetooth pairing mode. The LED lights will indicate it is ready to connect.

1. Enable Bluetooth on your smartphone or other device.
2. Search for "WAAW INFINITE 200" in the list of available devices.
3. Select the speaker to pair. You will hear an audible signal when the connection is successful, and the LED lights will change to indicate a stable connection.

Note: If the speaker was previously paired with a device, it will automatically attempt to reconnect to that device upon powering on. To connect to a new device, you may need to disconnect from the previous one first by pressing and holding the Bluetooth button for a few seconds until it enters pairing mode again.

4.3 True Wireless Stereo (TWS) Pairing

TWS allows you to connect two INFINITE 200 speakers for a synchronized stereo audio experience. This must be done before connecting any device via Bluetooth.

1. Ensure both INFINITE 200 speakers are powered on and not connected to any Bluetooth device.
2. On one of the speakers (this will be your primary speaker), quickly press the Bluetooth button twice. The speaker will enter TWS pairing mode, indicated by alternating LED lights and an audible alert.
3. The two speakers will automatically connect to each other. You will hear a confirmation sound, and the LED lights will synchronize.
4. Now, connect your smartphone or device to the primary speaker via Bluetooth as described in section 4.2. Your music will play through both speakers in stereo.

Image: Diagram showing how two INFINITE 200 speakers connect wirelessly using TWS technology.

5. OPERATING INSTRUCTIONS

5.1 Volume Control

The INFINITE 200 features independent volume control. You can adjust the volume directly on the speaker using the main VOL knob, or via your connected smartphone/device. For maximum volume, ensure both the speaker's volume and your device's volume are set to their highest levels. The LED indicators on the top panel will also show the current volume level.

5.2 Track Navigation

Use the dedicated buttons on the central control panel to navigate your music:

- Press the **Previous Track** button once to go to the beginning of the current track or to the previous track.
- Press the **Next Track** button once to skip to the next track.
- Press the **Play/Pause** button once to pause or resume playback.

5.3 Power Bass Function

Activate the Power Bass feature for a deeper, more intense bass response.

1. Locate the **Power Bass** button on the central control panel.
2. Press the button once to activate the Power Bass. A white LED will blink twice to confirm activation.
3. Press the button again to deactivate the Power Bass. The white LED will blink once to confirm deactivation.

Image: Illustration of the Power Bass button and its effect on sound.

5.4 Dynamic LED Light Show

The INFINITE 200 features dynamic LED lights that pulse with the music. There are four different light modes, plus an option to turn them off.

1. Press the **Light Mode** button (sun icon) on the central control panel to cycle through the available modes.
2. Each press will switch to the next mode. Continue pressing until you find your preferred light show or to turn the lights off.

6. CONNECTIONS

The INFINITE 200 offers a variety of connection options:

- **Bluetooth 5.0:** Wireless connection with a maximum range of 10 meters.
- **MIC IN (P10 / 6.35mm):** Connect a microphone for karaoke or announcements.
- **GUITAR IN (P10 / 6.35mm):** Connect an electric guitar.

- **USB PLAY (5V===1A):** Insert a USB drive to play audio files directly from it.
- **LINE IN (3.5mm):** Connect external audio sources like smartphones, PCs, or TVs using a 3.5mm audio cable.
- **LINE OUT (3.5mm):** Connect another speaker or an external audio system to expand your sound setup.

7. BATTERY AND CHARGING

The INFINITE 200 is equipped with a 4400 mAh Lithium battery, providing up to 12 hours of music playback. Playback time may vary depending on volume level and music type.

7.1 Battery Level Indicators

The top panel has five LED lights that indicate the battery charge level. When only one light is illuminated, it's time to recharge the speaker.

7.2 Charging

The speaker comes with a power cable and an internal bivolt power supply (127V/220V).

1. Connect the power cable to the speaker's power input.
2. Plug the other end of the cable into a power outlet.
3. The charging time is approximately 3 hours for a full charge. All five battery indicator LEDs will be steadily lit when charging is complete.

8. SPECIFICATIONS

Feature	Specification
Brand	WAAW
Model Name	WAAW INFINITE 200
Model Number	WAAW0035
Speaker Output Power	160 Watts RMS

9. TROUBLESHOOTING

If you encounter any issues with your WAAW by ALOK INFINITE 200 speaker, please refer to the following common solutions:

- **No Power:** Ensure the speaker is fully charged or connected to a power outlet. Check the power cable connection.
- **No Sound:** Verify that the volume on both the speaker and your connected device is turned up. Check that the correct input source is selected. Ensure Bluetooth is properly connected or the auxiliary cable is securely plugged in.
- **Bluetooth Disconnection:** Make sure the speaker and your device are within the 10-meter Bluetooth range. Avoid obstacles that might interfere with the signal. Try disconnecting and re-pairing the device.
- **TWS Pairing Issues:** Ensure both speakers are not connected to any other Bluetooth device before attempting TWS pairing. Follow the TWS pairing steps carefully.
- **Distorted Sound:** Reduce the volume on both the speaker and your device. Check the audio source for quality issues.
- **LED Lights Not Working:** Press the Light Mode button to cycle through modes or turn them on.

For further assistance, please contact WAAW customer support.

10. SAFETY INFORMATION

Please read and follow these safety guidelines to ensure safe operation and prolong the life of your speaker:

- Do not expose the speaker to water or excessive moisture, as it is not water-resistant.
- Avoid placing the speaker near heat sources or in direct sunlight.
- Do not attempt to disassemble or repair the speaker yourself. Refer all servicing to qualified personnel.
- Keep the speaker away from children and pets.
- Use only the provided power cable for charging.
- Avoid listening at excessively high volumes for prolonged periods to prevent hearing damage.

11. WARRANTY AND SUPPORT

The WAAW by ALOK INFINITE 200 speaker comes with a comprehensive warranty:

- **Product Warranty:** 1 Year (3 months legal warranty + 9 months special warranty granted by the manufacturer).
- **Battery Warranty:** 6 Months.

For warranty claims, technical support, or any questions, please visit the official WAAW website or contact their customer service.
