Wireless, Unlimited Freedom

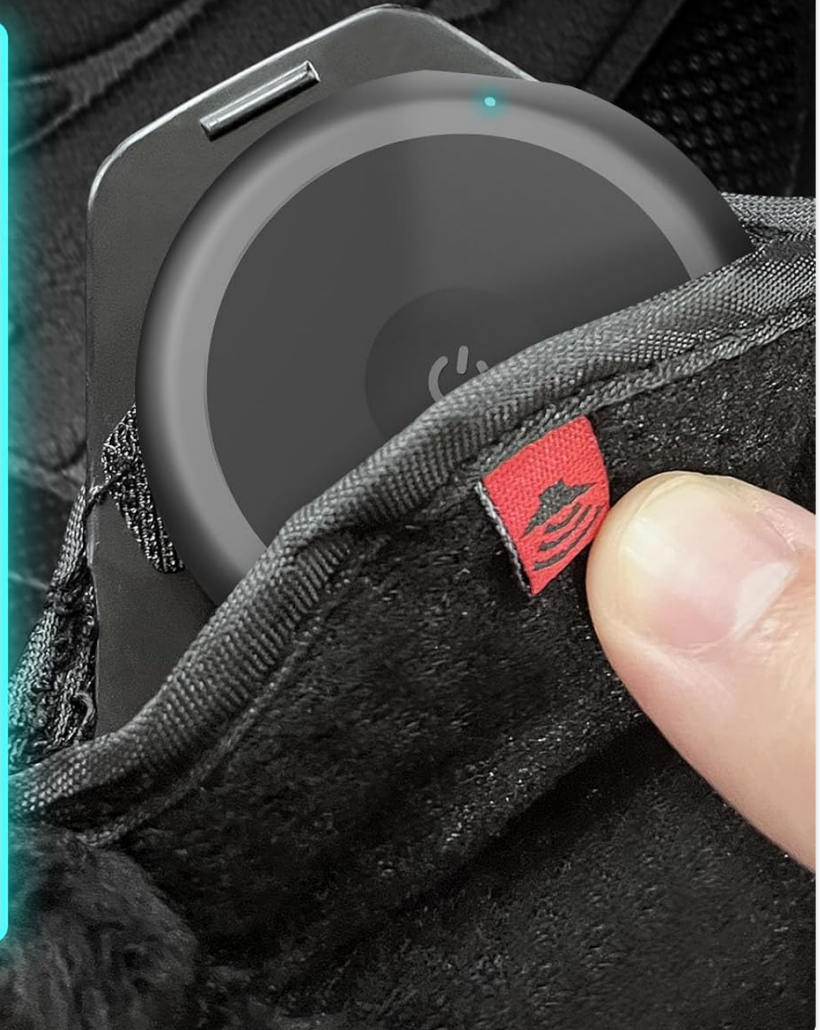

Exquisite and Compact, Comfortable Design

Thickness: 0.47 inch (12 mm)

Diameter: 2.1 inch (52 mm)

Weight: 0.95 oz (27 g)

Compact design and dimensions of the Kalence T10 speakers for easy helmet integration.

3. SETUP

3.1 Charging the Speakers

Before first use, fully charge the speakers and the charging case.

1. Place the speakers into the charging case.
2. Connect the USB-C charging cable to the charging port on the case and to a power source (e.g., USB wall adapter, computer USB port).
3. The LED indicator on the case will show charging status. A full charge takes approximately 1 hour. The digital display on the case indicates the battery percentage.

Charging case displaying full charge.

Connecting the USB-C charging cable.

3.2 Installing into a Helmet

The Kalence T10 speakers are designed to fit into most audio-compatible helmets with insert slots. Compatible helmet brands include Bern, Giro, Smith, Anon, Pro-TEC, Bolle, and more.

1. Locate the audio insert slots in your helmet's ear pads.
2. Gently slide each speaker into the designated slot. Ensure the control button faces outwards for easy access.
3. Adjust the speakers for a comfortable fit.

Inserting the speaker into the helmet's ear pad slot.

3.3 Pairing with a Bluetooth Device

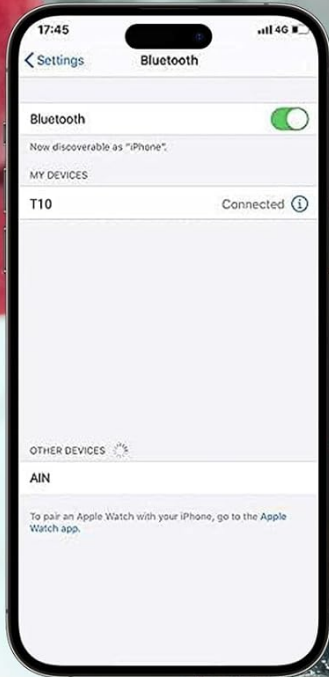

1. Ensure the speakers are charged and powered on. They will automatically enter pairing mode when taken out of the charging case.
2. On your smartphone or Bluetooth-enabled device, go to the Bluetooth settings.
3. Search for available devices and select "T10" from the list.
4. Once connected, you will hear an audio confirmation, and the device will show as 'Connected'.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

- **Power On:** The speakers automatically power on when removed from the charging case. Alternatively, press and hold the main button on either speaker for 3 seconds.
- **Power Off:** Place the speakers back into the charging case. Alternatively, press and hold the main button on either speaker for 5 seconds.

4.2 Music Playback

The large, glove-friendly button on each speaker allows for easy control.

- **Play/Pause:** Press the main button once.
- **Next Track:** Double-press the main button.
- **Previous Track:** Triple-press the main button.

- **Volume Control:** Use your connected device to adjust volume.

Large Button, Glove Friendly

One-touch accessibility with the large button

The large button design ensures easy control even with gloves on.

4.3 Call Management

- **Answer/End Call:** Press the main button once during an incoming call or to end an active call.
- **Reject Call:** Press and hold the main button for 2 seconds during an incoming call.
- **Voice Assistant (Siri/Google Assistant):** Press the main button for 2 seconds to activate your device's voice assistant.

Say Hello to Superior Communication

Using the built-in microphone for hands-free communication and voice assistant.

5. MAINTENANCE

5.1 Cleaning

- Wipe the speakers and charging case with a soft, dry cloth.
- Do not use abrasive cleaners or solvents.
- Avoid submerging the speakers or case in water, despite their water-repellent rating.

5.2 Storage

- When not in use, store the speakers in their protective charging case.
- Store in a cool, dry place away from direct sunlight and extreme temperatures.
- For long-term storage, ensure the speakers and case are partially charged (around 50%) to preserve battery health.

5.3 Battery Life Optimization

The Kalence T10 offers up to 10 hours of continuous playtime and 50 hours total with the charging case.

One Coffee Recharges and Energizes

50Hrs Playtime & No More Battery Stress

12hrs Single

50hrs Total

Enjoy extended listening with 50 hours of total playtime.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Speakers do not power on.	Low battery.	Charge the speakers and charging case fully.
Cannot pair with device.	Bluetooth not enabled on device; speakers not in pairing mode; too far from device.	Ensure Bluetooth is on. Take speakers out of case to enter pairing mode. Move device closer to speakers (within 15 meters).
No sound or poor sound quality.	Volume too low; speakers not properly seated in helmet; poor Bluetooth connection.	Increase volume on your device. Adjust speaker position in helmet. Re-pair the speakers with your device.

Problem	Possible Cause	Solution
Microphone not working during calls.	Microphone obstructed; poor positioning in helmet.	Ensure the microphone port is not covered. Adjust speaker position to ensure microphone is clear.
