5. OPERATING INSTRUCTIONS

1. Fully charge the electric shaver before using it for the first time.
2. Wet your face or beard before shaving, or use it on a dry face according to your preference.
3. Press the power button to turn on the shaver.
4. Adjust the shaver head to fit the contours of your face.
5. Move the shaver gently across your skin in a circular motion.
6. Rinse the shaver head under running water when you're done shaving.
7. Turn off and unplug the shaver when not in use.
8. For charging, connect the USB charging cable to a power source and plug it into the shaver.

FREELY SWITCH BETWEEN WET AND DRY SHAVING

WET

More comfortable for the skin

DRY

More comfortable for the skin

Video 2: Demonstration of the VOYOR TX310 Foil Shaver in use.

6. MAINTENANCE AND CLEANING

The shaver head can be easily disassembled for simple rinsing under water. Use the included cleaning brush to remove any trapped hairs from the blades. Ensure the shaver is dry before reattaching the protective cap and storing.

REPLACEABLE CUTTER HEAD

The blade head is detachable, making it easy to replace and clean

Video 3: Demonstration of the VOYOR TX310 Floating Foil Shaver's cleaning process.

7. CHARGING

The VOYOR TX310 is equipped with a rechargeable battery that provides approximately 1 hour of use after a 1.5-hour charge. It utilizes a USB-C charging method, allowing convenient charging via a laptop, car charger, USB wall adapter, or mobile phone. The device features a linear LED lighting indicator to show charging status.

8. TROUBLESHOOTING

- **Shaver not turning on:** Ensure the battery is charged. If the issue persists, contact customer support.
- **Poor shaving performance:** Clean the shaver head thoroughly. Ensure hair is trimmed to a manageable length before using the foil shaver.
- **Skin irritation:** Ensure the shaver head is clean. Use the shaver gently and consider using it with shaving cream or gel for wet shaving.
