Kviflon 30 Inch Wood Grain

Kviflon 30-Inch Tropical Ceiling Fan with Lights and Remote/APP Control User Manual

Model: 30 Inch Wood Grain

1. PRODUCT OVERVIEW

This manual provides detailed instructions for the installation, operation, and maintenance of your Kviflon 30-inch Tropical Ceiling Fan. Designed with a unique palm leaf aesthetic and modern features, this fan offers both style and functionality for various small spaces, including patios and porches.

The Kviflon 30-inch Tropical Ceiling Fan, featuring a wood grain finish and integrated lighting, installed in a modern kitchen.

2. IMPORTANT SAFETY INSTRUCTIONS

Please read all safety instructions carefully before installation and use. Retain this manual for future reference.

- Ensure the power is turned off at the circuit breaker before installation or servicing.
- All wiring must be in accordance with national and local electrical codes. Consult a qualified electrician if you are unsure.
- The fan must be mounted to a structurally sound ceiling capable of supporting the fan's weight.
- Do not bend the blade holders during installation or cleaning.
- Keep hands and objects clear of the fan blades when the fan is operating.

- This fan is suitable for both indoor and outdoor (covered patio) use.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Ceiling Fan Motor Housing
- Fan Blades (5 pieces, palm leaf design)
- LED Light Kit
- Remote Control
- Mounting Bracket and Hardware
- Instruction Manual

4. PRODUCT FEATURES

4.1 Tropical Design and Blades

The fan features distinctive palm leaf-shaped ABS blades with intricate wood grain patterns, adding a natural and tropical aesthetic to your space.

Detailed view of the fan's leaf-shaped ABS blades, showcasing the wood grain texture.

4.2 High Airflow and Quiet Operation

Equipped with a powerful DC motor, this fan generates substantial airflow while operating quietly, ensuring a comfortable environment without disturbance. The noise level is minimized to approximately 5 decibels.

10%-100% smooth Dimmable

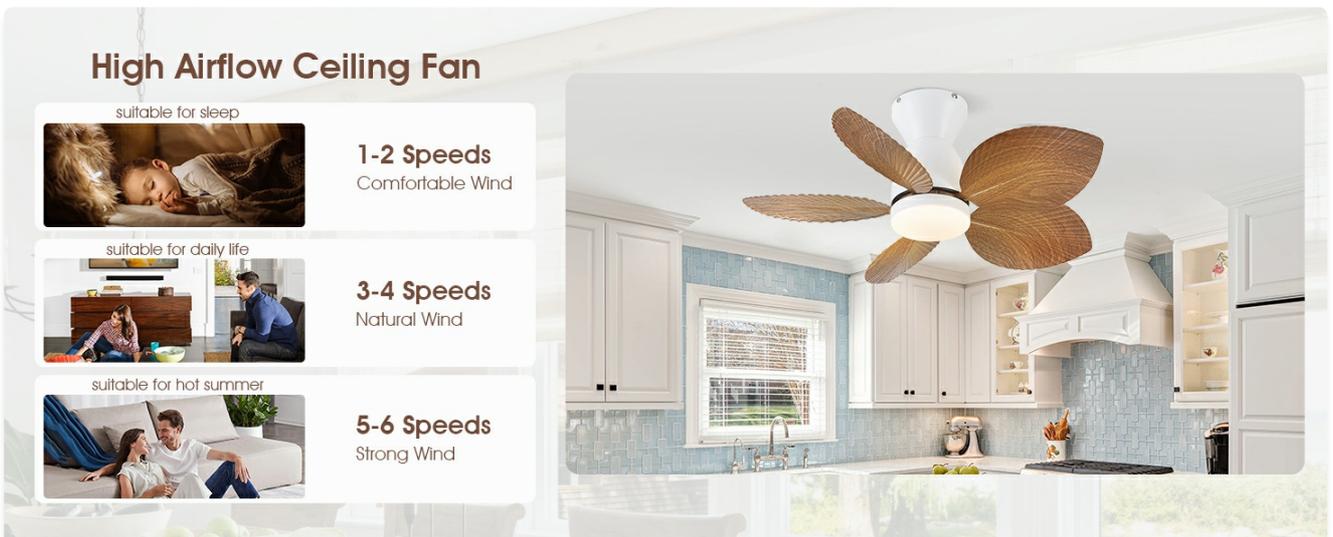

Illustration of the fan's high airflow capability and recommended speed settings for different comfort levels (1-2 for sleep, 3-4 for daily life, 5-6 for hot summer).

The fan's quiet operation ensures a tranquil and comfortable sleeping environment, with a low noise level below 30dB.

4.3 Dimmable LED Light

The integrated LED light offers three color temperatures (3000K Warm Light, 4500K Natural Light, 6000K White Light) and stepless dimming from 10% to 100% brightness, allowing you to customize the lighting to your preference.

Visual representation of the fan's adjustable light color temperatures (Warm, Natural, White) and stepless dimming capability.

4.4 Reversible Function

The fan features a reversible motor, allowing for seasonal use. In summer, forward rotation creates a cooling breeze. In winter, reverse rotation helps circulate warm air trapped near the ceiling.

Illustration demonstrating the fan's forward rotation for cooling (summer) and reverse rotation for air circulation (winter).

5. INSTALLATION GUIDE

The Kviflon ceiling fan is designed for easy installation with a flush mount design. For detailed visual guidance, refer to the instructional videos available online. Ensure all power is disconnected before starting installation.

- **Mounting:** Secure the mounting bracket to a ceiling joist or an outlet box rated for fan support.
- **Wiring:** Connect the fan's electrical wires to your household wiring according to the provided wiring diagram.
- **Blade Attachment:** Attach the five palm leaf blades to the motor housing.
- **Light Kit Installation:** Install the LED light kit and light cover.

Key components for installation: stable flush mount, integrated 3-color LED light source, and powerful DC motor.

6. OPERATING INSTRUCTIONS

Your Kviflon ceiling fan can be controlled via the included remote control or a dedicated mobile application.

6.1 Remote Control Functions

- **Light On/Off:** Toggles the light.
- **All Off:** Turns off both fan and light.
- **3 Colors Switch:** Cycles through 3000K, 4500K, and 6000K light temperatures.
- **Night Light:** Activates a low-brightness night light mode.
- **Color Temperature +/-:** Adjusts light color temperature incrementally.
- **Brightness +/-:** Adjusts light brightness incrementally (10%-100% dimmable).
- **Code Matching:** For pairing the remote with the fan.
- **Forward/Reverse:** Changes fan blade rotation direction for seasonal use.
- **Timer Setting:** Sets a 2-hour timer for fan operation.
- **Wind Speed Control (1-6):** Selects one of six fan speeds.
- **Natural Wind Mode:** Simulates natural breeze by varying fan speed.
- **Fan Off:** Turns off the fan.

6.2 Mobile APP Control

The mobile application provides comprehensive control over all fan and light functions.

1. **Scan QR Code:** Scan the QR code provided in the image or manual to download the 'FanLampPro' APP. You can also visit <http://www.jasonghost.com/fanlamppro/>.
2. **Add Device:** Open the APP and select 'Add Device'.
3. **Choose Light Fan:** Select the 'Light Fan' option.
4. **Pairing:** Follow the in-app instructions to pair the fan. Typically, this involves turning the fan power on, then pressing the pair button on the remote or within the app within 5 seconds.

Overview of the remote control functions and a visual guide for connecting the fan to the mobile application.

7. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Dust the fan blades and motor housing regularly with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Inspection:** Periodically check that all blade screws are tight. Loose screws can cause wobbling and

noise.

- **Light Source:** The LED light source is integrated and designed for long life. If replacement is needed, contact customer support.

8. TROUBLESHOOTING

Refer to the table below for common issues and their solutions.

Problem	Possible Cause	Solution
Fan does not operate.	No power; loose wiring; remote not paired.	Check circuit breaker; ensure all connections are secure; re-pair remote/APP.
Light does not turn on.	No power; loose wiring; light setting off.	Check power; verify wiring; ensure light is turned on via remote/APP.
Fan wobbles.	Loose blade screws; unbalanced blades; improper mounting.	Tighten all blade screws; ensure blades are balanced; check mounting bracket.
Remote/APP not responding.	Low battery; not paired; interference.	Replace remote battery; re-pair remote/APP; reduce interference sources.

9. PRODUCT SPECIFICATIONS

Specification	Detail
Brand	Kviflon
Model Name	30 Inch Wood Grain (Ceiling Fan with Lights)
Size	30 Inch Diameter
Product Dimensions	30"D x 30"W x 11"H
Color	Wood Grain
Number of Blades	5
Power Source	AC/DC (120 Volts)
Wattage	75 Watts
Noise Level	5 Decibels
Speed Settings	6 RPM (6 speeds)
Light Type	Integrated LED (3-color, Dimmable)
Control Method	Remote Control, Mobile APP
Installation Type	Flush Mount

Specification	Detail
Indoor/Outdoor Usage	Indoor, Outdoor (covered patios)
Recommended Room Type	Small bedroom, kitchen, living room, home office, nursery, laundry room, hallways, foyers, covered patios.
