## Merax Twin & Twin Shared Beds

# Merax Twin & Twin House Beds with Wood Slat Support - Instruction Manual

Model: Twin & Twin Shared Beds | Brand: Merax

## 1. PRODUCT OVERVIEW

---

This manual provides essential instructions for the assembly, safe use, and maintenance of your Merax Twin & Twin House Beds. Designed for children, this bed features a unique house-shaped frame with two shared twin beds and wood slat support, eliminating the need for a box spring.

## 2. IMPORTANT SAFETY INFORMATION

Please read and understand all safety warnings and instructions before assembly and use. Failure to follow these instructions may result in serious injury.

- Always follow assembly instructions carefully to prevent instability.
- Keep guardrails away from children's reach to avoid pinch point hazards.
- This product is not suitable for children or infants under the age of 6.
- Ensure all connections are securely tightened before use and periodically check for tightness.
- Do not allow children to jump on the bed or use it as a trampoline.
- Only use mattresses of the recommended thickness (6 inches) to ensure guardrail effectiveness.

## 3. PACKAGE CONTENTS

---

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact Merax customer support.

- Wood frame components (pine wood and MDF)
- Wood slats for mattress support (4 pcs per bed)
- Guardrails
- Assembly hardware (screws, bolts, etc.)
- Instruction manual

## **4. ASSEMBLY INSTRUCTIONS**

---

Assembly is required for this product. It is recommended to have two adults for efficient and safe assembly. All parts are clearly indicated, and pre-drilled holes are provided for ease of installation.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify all parts using the provided parts list in the separate installation manual.
3. Follow the step-by-step instructions in the included installation manual to assemble the bed frame.
4. Attach the guardrails securely as instructed.
5. Install the wood slats evenly across the bed frame to support the mattress.
6. Ensure all screws and bolts are tightened firmly, but do not overtighten.

## 5. OPERATING AND USAGE

---

The Merax Twin & Twin House Beds are designed to provide a comfortable and engaging sleeping environment for children aged 6 and above. The house-shaped design encourages imaginative play while serving as a functional sleeping area.

- Place a twin-sized mattress (recommended thickness: 6 inches) on each bed frame. No box spring is required due to the wood slat support.
- The integrated guardrails provide a secure sleeping space.
- The roof structure can be decorated (e.g., with string lights, fabric) to personalize the space, encouraging creativity.
