HOMCOM FR830-790V00GN0531

HOMCOM Artificial Boxwood Balls (40 cm) - Instruction Manual

Model: FR830-790V00GN0531

INTRODUCTION

Thank you for choosing HOMCOM Artificial Boxwood Balls. This product is designed to enhance your indoor or outdoor spaces with a touch of greenery, offering a realistic appearance and minimal maintenance. Please read this manual carefully before setup and use to ensure proper handling and longevity of your product.

PRODUCT FEATURES

- **Set of Two:** Includes two artificial boxwood balls, ideal for symmetrical arrangements or multiple decorative spots.
- **Durable Material:** Constructed from high-quality polyethylene (PE) for long-lasting resilience.
- **UV Protection:** Designed with UV resistance to maintain color and integrity when exposed to sunlight.

- **Realistic Appearance:** Crafted to mimic the natural look of real boxwood foliage.
- **Low Maintenance:** Requires no watering, fertilization, or pruning, unlike live plants.
- **Easy Assembly:** Simple connection mechanism for quick setup.

PACKAGE CONTENTS

Your package should contain the following items:

- 2 x Artificial Boxwood Balls (each composed of two hemispheres)

SAFETY INFORMATION

- Keep out of reach of small children and pets to prevent choking hazards from small detached parts.
- Do not expose the product to open flames or extreme heat sources, as this may cause melting or fire.
- Ensure the product is placed on a stable surface if not suspended, to prevent it from falling.
- While UV protected, prolonged exposure to harsh weather conditions (e.g., strong winds, heavy snow) may affect durability over time.

SETUP

The artificial boxwood balls are typically shipped in two hemispheres for compact packaging. Assembly is straightforward:

1. Carefully unpack both hemispheres of one boxwood ball.
2. Align the connecting loops and pins on the edges of the two halves.
3. Gently press the two halves together, ensuring the loops and pins interlock securely. You may hear a click as they fasten.
4. Repeat the process for the second boxwood ball.
5. Once assembled, the ball is ready for placement in a pot, planter, or for suspension.

OPERATING (PLACEMENT AND USE)

These artificial boxwood balls are versatile and suitable for various decorative applications:

- **Indoor Decoration:** Place them in decorative pots on tables, shelves, or as floor accents in living rooms, offices, or hallways.

- **Outdoor Decoration:** Ideal for gardens, patios, balconies, or entryways. They can be placed directly on the ground, in planters, or suspended.
- **Event Decoration:** Perfect for weddings, parties, or other special occasions to add a natural, elegant touch.

MAINTENANCE

One of the primary benefits of artificial plants is their minimal maintenance requirements:

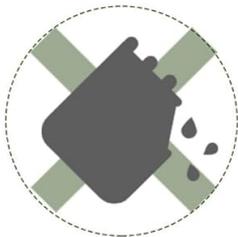

- **Cleaning:** Periodically wipe the boxwood balls with a damp cloth to remove dust and dirt. For outdoor use, a gentle rinse with water can be applied.
- **No Watering:** This product does not require water.
- **No Fertilization:** No nutrients are needed.
- **No Pruning:** The shape and size are permanent, eliminating the need for trimming.

TROUBLESHOOTING

- **Difficulty Assembling Halves:** Ensure the loops and pins are correctly aligned. Apply gentle, even pressure. If a pin is bent, carefully straighten it.
- **Dust Accumulation:** Refer to the 'Maintenance' section for cleaning instructions.
- **Fading Color (after extended outdoor use):** While UV protected, extreme prolonged exposure to direct sunlight over many years may cause slight fading. Consider rotating the balls or placing them in partially shaded areas if this becomes a concern.

SPECIFICATIONS

Image: Dimensions of the artificial boxwood ball.

Brand	HOMCOM
Model Number	FR830-790V00GN0531
Color	Green
Product Dimensions (L x W x H)	40 x 40 x 40 cm (15.7 x 15.7 x 15.7 inches)
