## Miady LDL08

# Miady LED Desk Lamp Model LDL08 User Manual

Comprehensive instructions for setup, operation, and maintenance of your Miady LED Desk Lamp.

## 1. INTRODUCTION

---

Thank you for choosing the Miady LED Desk Lamp Model LDL08. This lamp is designed to provide comfortable and adjustable lighting for various activities such as working, studying, reading, and hobbies. It features stepless dimming, multiple brightness levels, an auto-off timer, and eye-caring technology to reduce strain.

Please read this manual thoroughly before using the product to ensure proper operation and to maximize its lifespan.

## 2. PACKAGE CONTENTS

---

Upon opening the package, please verify that all items listed below are present and in good condition:

- 1 x Miady LED Desk Lamp (Model LDL08)
- 1 x USB Charging Cable

## 3. PRODUCT OVERVIEW

---

Familiarize yourself with the components and key features of your Miady LED Desk Lamp:

Image: The Miady LED Desk Lamp Model LDL08, showcasing its foldable design and touch control base.

- **Lamp Head:** Contains the LED light source.
- **Adjustable Arm:** Allows for flexible positioning of the lamp head.

- **Base:** Provides stability and houses the touch control panel and battery.
- **Touch Control Panel:** Located on the base for operating the lamp.
- **USB Charging Port:** Located on the side or back of the base for power input.

## 4. SETUP

### 4.1 Initial Charging

Before first use, it is recommended to fully charge the lamp. The lamp contains a built-in 3600mAh rechargeable battery.

1. Connect the provided USB charging cable to the lamp's USB port.
2. Connect the other end of the USB cable to a compatible power source (e.g., laptop, power bank, AC adapter, car charger). A 5V/2A adapter is recommended (not included).
3. The charging indicator light (if present) will illuminate during charging and turn off or change color when fully charged. Charging typically takes 4-5 hours.

### 4.2 Placement and Adjustment

Place the lamp on a stable, flat surface. The lamp features a multi-angle adjustable design for optimal lighting:

- The lamp arm can be adjusted up to 135 degrees.
- The base has a 90-degree rotating axis.
- The lamp head can swivel up to 270 degrees.

Adjust the lamp to direct light where needed, ensuring it does not cause glare on your screen or work surface.

## FLEXIBLE DESIGN

Effortlessly the lighting angle to your preference

## 5. OPERATION

---

The Miady LED Desk Lamp is operated via its touch-sensitive control panel on the base.

## 6 Adjustable Brightness

Create any brightness you want

Touch the button +/- to change your Brightness  
Long press the button +/- to Stepless dimming

## 6 Adjustable Brightness

Image: Close-up of the Miady LED Desk Lamp's touch control panel, showing icons for ON/OFF, Brightness Up, Brightness Down, and Timing functions.

### 5.1 Power On/Off

- **To Turn On:** Lightly touch the **Power (ON/OFF)** icon on the control panel.
- **To Turn Off:** Lightly touch the **Power (ON/OFF)** icon again.

### 5.2 Brightness Adjustment

The lamp offers 6 distinct brightness levels and stepless dimming.

- **To Adjust Brightness Levels:** Short press the '+' (Brightness Up) or '-' (Brightness Down) icons to cycle through the 6 preset brightness levels.
- **For Stepless Dimming:** Long press the '+' or '-' icons to smoothly increase or decrease the brightness to your desired level.

### 5.3 Auto-Off Timer

The lamp features a convenient auto-off timer with settings for 15, 30, or 45 minutes.

- **To Set Timer:** Touch the **Timer** icon (often depicted as a clock or 'hM'). Each touch will cycle through the available timer settings (15 min, 30 min, 45 min, Off).
- The lamp will automatically turn off once the selected time has elapsed.

## AUTO-OFF TIMER DESIGN

## 6. MAINTENANCE

---

### 6.1 Cleaning

- Ensure the lamp is turned off and unplugged before cleaning.
- Wipe the lamp's surface with a soft, dry, or slightly damp cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish or electronic components.

### 6.2 Battery Care

- To prolong battery life, avoid fully discharging the battery frequently.
- If the lamp will not be used for an extended period, charge it to approximately 50% and store it in a cool, dry place. Recharge every 3-6 months to prevent deep discharge.
- Do not expose the lamp to extreme temperatures.

## 7. TROUBLESHOOTING

---
