# CBLDF White Engineered Wood Storage Cabinet User Manual

Model: DA-EHD-KD3408

## 1. INTRODUCTION

---

Thank you for choosing the CBLDF White Engineered Wood Storage Cabinet. This elegant and functional high cabinet is designed to enhance your interior space with ample storage. Constructed from durable engineered wood, it offers exceptional quality, a smooth surface, and resistance to moisture. This manual provides detailed instructions for assembly, safe use, and maintenance to ensure the longevity and optimal performance of your cabinet.

## 2. IMPORTANT SAFETY WARNINGS

---

Please read and understand all safety warnings before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Anti-Tipping Warning:** To prevent the cabinet from tipping over, this product **MUST** be used with the provided wall attachment device. Securely fasten the cabinet to a sturdy wall surface.
- **Wall Fasteners:** Screws and wall plugs for your specific wall type are **NOT INCLUDED**. It is crucial to find and use screws and wall plugs suitable for your wall material (e.g., drywall, concrete, brick). If you are unsure, consult a professional for guidance.
- **Assembly:** Assemble the cabinet on a soft, clean surface to prevent scratches. Ensure all components are correctly aligned and securely fastened before use.
- **Weight Capacity:** Do not overload shelves or drawers. Distribute weight evenly. Refer to the specifications section for maximum weight capacities (if available).

- **Children Safety:** Keep small parts and packaging materials away from children during assembly. Do not allow children to climb on or play with the cabinet.

### 3. PACKAGE CONTENTS

---

Before beginning assembly, please verify that all parts listed below are present and undamaged. If any parts are missing or damaged, contact customer support immediately.

- Engineered Wood Panels (Side panels, top/bottom panels, shelves, back panel, door panels)
- Metal Legs (4 pieces)
- Door Handles (2 pieces)
- Hinges and Mounting Hardware
- Assembly Screws, Dowels, and Connectors
- Wall Attachment Device (Bracket)

- Assembly Instructions Manual

*Note: Wall mounting screws and plugs are not included and must be purchased separately based on your wall type.*

## 4. ASSEMBLY INSTRUCTIONS

---

Follow these steps carefully for proper assembly. It is recommended to have two people for assembly.

1. **Prepare the Area:** Clear a spacious, clean, and soft area for assembly to prevent damage to the cabinet parts.
2. **Attach Metal Legs:** Secure the four metal legs to the bottom panel of the cabinet using the provided screws. Ensure they are tightly fastened for stability.
3. **Assemble the Base Unit:** Connect the side panels, bottom panel, and any internal shelves for the lower section of the cabinet. Use dowels and screws as indicated in the included assembly diagram.
4. **Assemble the Top Unit:** Similarly, assemble the side panels, top panel, and internal shelves for the upper section of the cabinet.
5. **Join the Units:** Carefully stack the top unit onto the base unit. Secure them together using the designated connectors or screws.
6. **Install Back Panel:** Attach the back panel to the assembled cabinet frame. Ensure it is flush and secured with small nails or screws provided.
7. **Attach Hinges to Doors:** Mount the hinges to the cabinet doors. Pay attention to the orientation of the hinges.
8. **Mount Doors to Cabinet:** Attach the doors to the cabinet frame by securing the hinges to the pre-drilled holes. Adjust hinges as needed for proper door alignment.
9. **Install Handles:** Attach the door handles to the pre-drilled holes on the doors.
10. **Secure to Wall (Crucial Step):** Position the assembled cabinet in its desired location. Using the provided wall attachment device, mark the drilling points on the wall. Drill holes suitable for your wall type, insert appropriate wall plugs (not included), and secure the cabinet to the wall using suitable screws (not included). This step is vital for safety.

## 5. OPERATING INSTRUCTIONS

---

The CBLDF Storage Cabinet is designed for straightforward use.

- **Opening/Closing Doors:** Use the handles to gently open and close the cabinet doors. Avoid forcing the doors.
- **Storage:** Utilize the multiple shelves to organize your items. Distribute weight evenly across the shelves to maintain stability and prevent warping.
- **Adjusting Shelves (if applicable):** If your cabinet features adjustable shelves, carefully remove the shelf and reposition the shelf pins to the desired height. Ensure all four pins are securely in place before placing items on the

shelf.

## 6. CARE AND MAINTENANCE

---

Proper care will help maintain the appearance and extend the life of your cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the engineered wood finish.
- **Spills:** Immediately wipe up any spills to prevent moisture damage to the engineered wood.

- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration over time.
- **Temperature and Humidity:** Maintain a stable room temperature and humidity level to prevent warping or cracking of the wood.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.

## 7. TROUBLESHOOTING

If you encounter any issues with your cabinet, refer to the following common problems and solutions:

| Problem                               | Possible Cause                                      | Solution                                                                                                                                                                                         |
|---------------------------------------|-----------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cabinet is wobbly/unstable.           | Loose fasteners; uneven floor; not secured to wall. | Ensure all assembly screws are tightened. Use shims under legs if floor is uneven. <b>Crucially, ensure the cabinet is securely anchored to the wall using the provided anti-tipping device.</b> |
| Doors do not align or close properly. | Hinges not adjusted correctly; cabinet not level.   | Adjust the screws on the hinges to align the doors. Ensure the cabinet is level and stable.                                                                                                      |
| Scratches or minor damage to surface. | Impact during assembly or use.                      | For minor scratches, a furniture repair pen or wax stick matching the finish color may be used. Avoid abrasive cleaning.                                                                         |

## 8. PRODUCT SPECIFICATIONS

| Feature                              | Detail                                      |
