Moimhear Triple Metal Bunk Bed User Manual

Model: 30544849

1. INTRODUCTION

Thank you for choosing the Moimhear Triple Metal Bunk Bed. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed. Please read all instructions carefully before assembly and retain this manual for future reference.

This triple bunk bed is designed to maximize space, offering three comfortable sleeping areas (90 x 200 cm each) within a compact footprint. It features a robust metal construction, an integrated ladder, safety guardrails, and a convenient side shelf.

2. SAFETY INFORMATION

WARNING: Failure to follow these warnings and instructions could result in serious injury or death.

- This bunk bed is certified according to **EN-747 European safety standards**, ensuring rigorous testing for structural integrity and material quality.
- Always ensure all connections are securely tightened before use. Periodically check and re-tighten hardware.
- The maximum recommended weight for each bed level is **100 Kilograms**. Do not exceed this limit.
- The top bunk is not suitable for children under 6 years of age.
- Always use the ladder for climbing to and from the upper bunk. Do not use other means of access.
- Ensure mattresses used are of the correct size (90 x 200 cm) and thickness to maintain adequate guardrail height.
- Prohibit horseplay on or under the bed.
- Do not attach or hang items to any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hooks, belts, and jump ropes.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

- Bed frame components (metal tubes, slats, guardrails)
- Integrated ladder
- Hardware pack (screws, bolts, washers, Allen key)
- Assembly instructions manual

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of this product is designed to be straightforward. Clear instructions and all necessary tools are included. We recommend having at least two adults for assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface (e.g., a carpet or blanket) to prevent scratches.
2. **Identify Parts:** Refer to the included parts list and diagrams to identify each component.
3. **Assemble Base Frames:** Begin by assembling the two lower bed frames. Connect the side rails to the headboards and footboards using the provided hardware. Do not fully tighten bolts until all components are aligned.
4. **Attach Slats:** Secure the metal slats to the assembled bed frames. Ensure they are evenly spaced and firmly attached.
5. **Construct Upper Frame:** Assemble the upper bunk frame, including its guardrails, following the diagrams.
6. **Connect Upper and Lower Sections:** Carefully lift and secure the upper bunk frame onto the support posts of the lower beds. Ensure all connection points are aligned and secured with the appropriate hardware.
7. **Install Ladder and Shelf:** Attach the four-level right-angle ladder and the integrated side shelf as indicated in the instructions.
8. **Final Tightening:** Once all components are in place and aligned, systematically tighten all bolts and screws using the provided Allen key. Do not overtighten.
9. **Placement:** Position the assembled bed against a wall for added stability, ensuring there is adequate space around the bed for safe use of the ladder.

5. OPERATING INSTRUCTIONS

To ensure safe and proper use of your Moimhear Triple Metal Bunk Bed, please adhere to the following guidelines:

- **Ladder Use:** Always use the integrated ladder to access the upper bunk. Face the ladder when climbing up or down. Ensure hands and feet are clean and dry to prevent slipping.
- **Weight Distribution:** Distribute weight evenly on each bed level. Avoid concentrating weight in one small area.
- **Guardrails:** The upper bunk is equipped with high guardrails for safety. Ensure these guardrails are always in place and undamaged.
- **Integrated Shelf:** The iron shelf on the upper side of the bed is designed for lightweight items such as books, a small lamp, or a water bottle. Do not place heavy or fragile items that could fall.

6. MAINTENANCE

Regular maintenance will help prolong the life of your bunk bed and ensure continued safety.

- **Cleaning:** Wipe down the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Hardware Check:** Periodically (e.g., monthly or quarterly) inspect all bolts, screws, and connections. Re-tighten any loose hardware to maintain stability.
- **Structural Inspection:** Check the bed frame for any signs of damage, bending, or cracks. If any damage is found, discontinue use and contact customer support.

7. TROUBLESHOOTING

If you encounter any issues with your bunk bed, refer to the following troubleshooting tips:

- **Squeaking Noises:** Squeaking often indicates loose hardware. Re-tighten all bolts and screws, paying close attention to the connections between the frame components and slats.
- **Instability/Wobbling:** Ensure the bed is placed on a level surface. Check that all assembly steps were followed correctly and all hardware is securely tightened. If the issue persists, disassemble and reassemble the affected sections.
- **Damaged Parts:** If any part of the bed frame or ladder becomes damaged, do not attempt to repair it yourself. Contact customer support for replacement parts or guidance.
