## FORIOUS FF0033G-SD

# FORIOUS Gold Kitchen Faucet with Soap Dispenser and Pull Down Sprayer (Model FF0033G-SD)

User Manual

## PRODUCT OVERVIEW

The FORIOUS Gold Kitchen Faucet with Soap Dispenser and Pull Down Sprayer is designed to enhance your kitchen experience with its functionality and elegant design. This set includes a 14.76-inch faucet and an 11.83 oz (350 ml) versatile soap dispenser, suitable for various liquids.

- **Lead-Free Material:** Constructed from premium SUS 304 stainless steel for durability and longevity. Features a ceramic cartridge tested over 5 million times for leak-proof performance.
- **Multi-Functional Design:** The high arc faucet includes a pull-down sprayer with 3 spray modes (Stream, Spray, and Pause) and a 360° rotating head. An 18-inch retractable hose provides complete sink coverage.
- **Easy Maintenance:** The five-layer nanotechnology finish resists fingerprints and spotting, allowing for easy cleaning with a damp cloth.
- **Simple Installation:** Designed for quick and easy DIY installation, typically under 15 minutes. Includes a 10-inch detachable deck plate for one or three-hole kitchen sinks and all necessary mounting hardware.
- **Stylish Aesthetic:** Its minimalist design in a classic gold finish complements most kitchen sinks and adds a modern touch to your space.

## SETUP AND INSTALLATION

Follow these steps for a smooth installation of your FORIOUS kitchen faucet. Ensure all necessary tools and components are available before beginning.

### Components Included:

- Kitchen Faucet with Pull-Down Sprayer
- Soap Dispenser
- Deck Plate (10-inch, detachable)
- Mounting Hardware
- Hot and Cold Water Supply Hoses

## Installation Steps:

1. **Prepare the Sink:** If installing on a three-hole sink, attach the 10-inch deck plate to cover the unused holes. For a single-hole sink, the deck plate is optional.
2. **Insert Faucet Body:** Feed the hot and cold water supply lines and the pull-down hose through the mounting hole in your sink or countertop. Position the faucet body securely.
3. **Secure Faucet from Underneath:** From underneath the sink, slide the steel gasket, rubber gasket, and mounting nut onto the faucet shank. Hand-tighten the mounting nut. Use a cross screwdriver to thread and secure the mounting nut firmly.
4. **Connect Pull-Down Hose:** Attach the pull-down hose's quick-connect fitting to the corresponding connection point underneath the faucet. Ensure it clicks securely into place.
5. **Install Weight Ball:** Clasp the weight ball onto the pull-down hose at the locator mark (indicated by a label on the hose). This ensures smooth retraction of the sprayer.
6. **Connect Water Supply:** Attach the hot and cold water supply hoses to the corresponding hot and cold water valves. Hand-tighten, then use a wrench to ensure a secure, leak-free connection.
7. **Flush Water Lines:** Before first use, open the water valves for 30-40 seconds to flush out any debris or residue from the lines.
8. **Install Soap Dispenser:** Insert the soap dispenser into its designated hole. Secure it from underneath with the provided nut. Fill the dispenser with your preferred liquid soap.

## OPERATING INSTRUCTIONS

Your FORIOUS kitchen faucet is designed for ease of use and versatility.

### Water Flow and Temperature Control:

- The single lever handle controls both water flow and temperature.
- Move the handle forward for cold water and backward for hot water.

- Lift the handle to increase water flow and lower it to decrease.

### **Pull-Down Sprayer Functions:**

The pull-down sprayer offers three distinct modes for various tasks:

- **Stream Mode:** Ideal for filling pots and general washing.
- **Spray Mode:** Provides a powerful spray for rinsing dishes and cleaning the sink.
- **Pause Mode:** Temporarily stops water flow, useful for moving the sprayer between tasks without turning off the main handle.

Switch between modes using the buttons located on the sprayer head. The sprayer head can be pulled down from the faucet spout for extended reach and flexibility, then retracts smoothly back into place thanks to the installed weight.

### **360° Swivel Spout:**

The high arc spout can swivel 360 degrees, providing full access to all areas of your sink, especially convenient for double sinks or large cookware.

### **Soap Dispenser Use:**

Press the top of the soap dispenser lightly to dispense soap smoothly. Refill by lifting the dispenser head and pouring soap directly into the reservoir.

# PULL-DOWN FAUCETS

When pulled downward, the hose is exposed to add length, making dishwashing and food prep a breeze.

## **MAINTENANCE**

Proper maintenance will ensure the longevity and optimal performance of your FORIOUS kitchen faucet.

### **Cleaning:**

- The faucet's five-layer nanotechnology finish is designed to resist fingerprints and water spots.
- To clean, simply wipe the surface with a soft, damp cloth. Avoid abrasive cleaners, harsh chemicals, or

scouring pads, as these can damage the finish.

- For the rubber nozzles on the sprayer head, gently rub them with your finger to dislodge any mineral buildup and maintain a steady spray pattern.

### **Ceramic Cartridge:**

The faucet is equipped with a high-quality, drip-free ceramic cartridge. This technology ensures reliable performance and helps prevent leaks. No regular maintenance is typically required for the cartridge itself, but ensuring proper water filtration can extend its lifespan.

## **TROUBLESHOOTING**

---

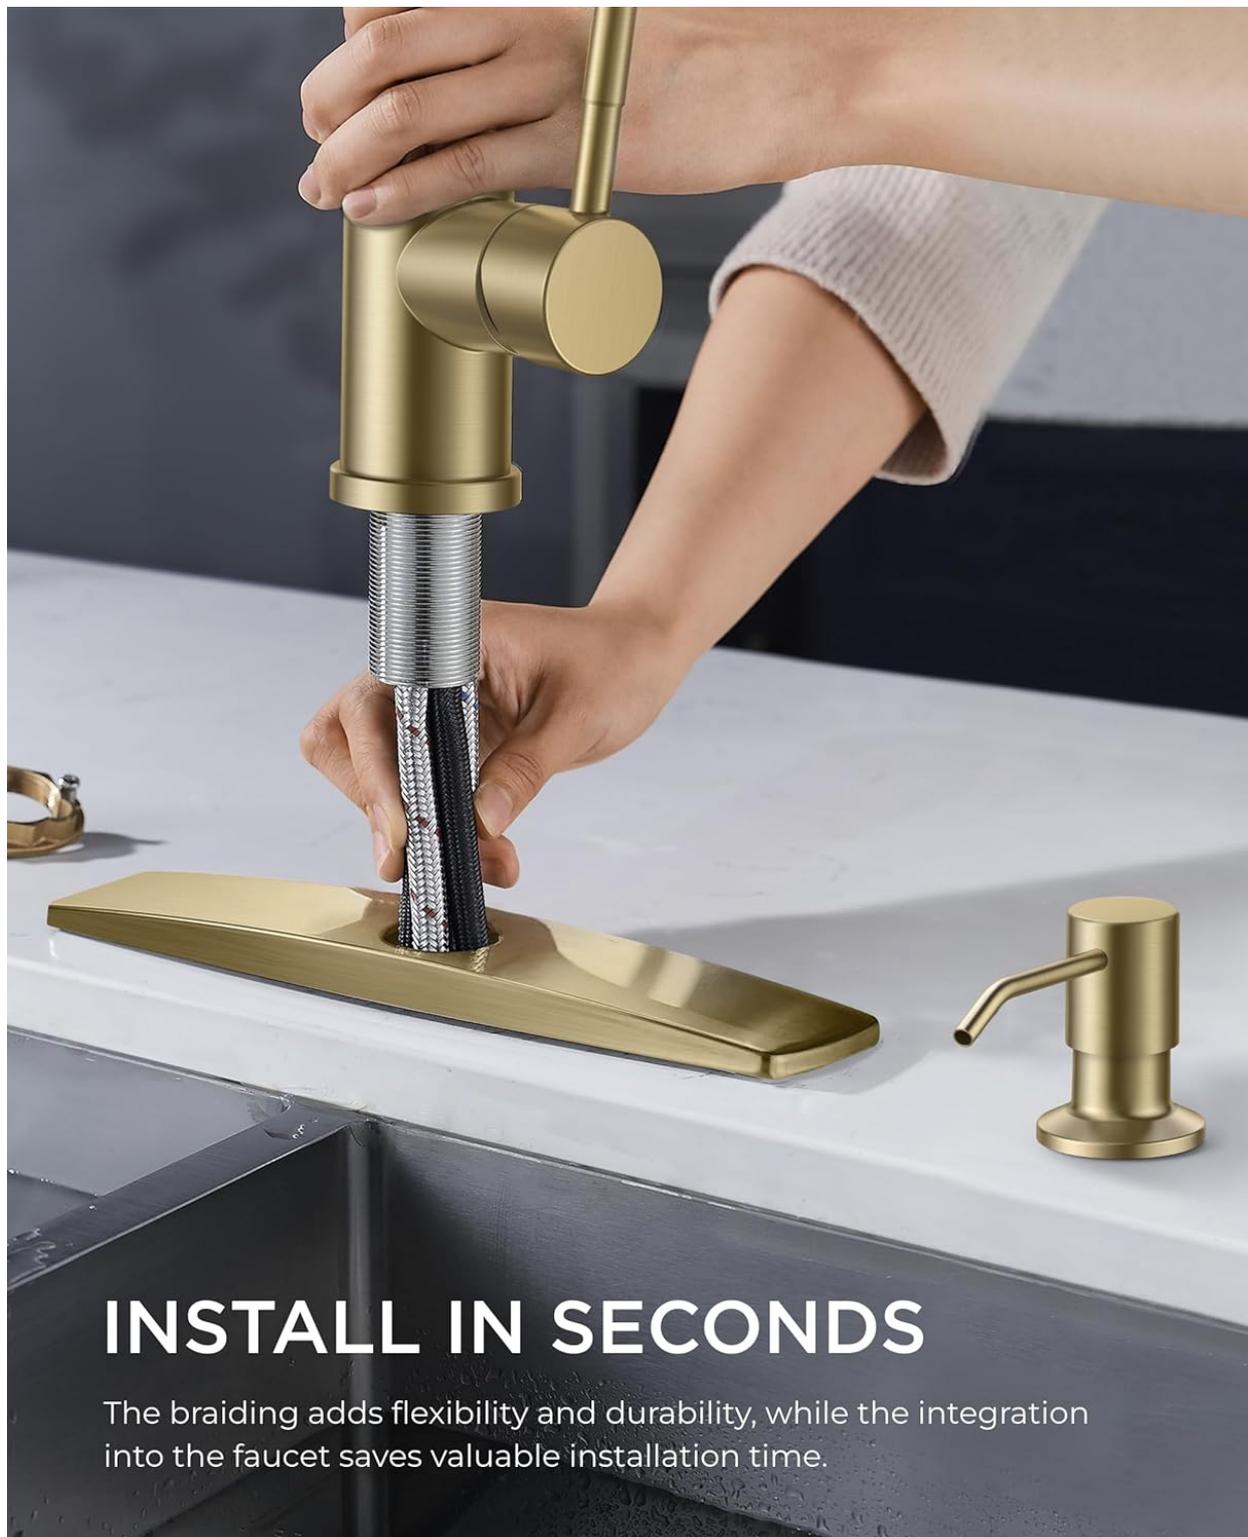

If you encounter any issues with your FORIOUS kitchen faucet, refer to the following common troubleshooting tips:

- **Low Water Flow:** Check if the water supply valves are fully open. Inspect the sprayer nozzles for mineral buildup and clean them as described in the Maintenance section. Ensure the supply lines are not kinked.
- **Leaking from Handle Base:** This may indicate a loose connection. Ensure the mounting nut underneath the sink is securely tightened. If the issue persists, the ceramic cartridge might need inspection or replacement (refer to warranty for parts).
- **Sprayer Not Retracting Properly:** Verify that the weight ball is correctly positioned on the pull-down hose at the marked location. Ensure there are no obstructions underneath the sink preventing the hose from moving freely.
- **Water Temperature Issues:** Confirm that both hot and cold water supply lines are correctly connected to their respective valves. Check the water heater settings if hot water is consistently too cold.
- **Difficulty Switching Spray Modes:** Clean the sprayer head nozzles to remove any debris that might be obstructing the internal mechanism.

For persistent issues or complex repairs, it is recommended to contact a qualified plumber or FORIOUS customer support.

## SPECIFICATIONS

Feature	Detail
Brand	FORIOUS
Model Number	FF0033G-SD
Finish Type	Gold
Material	Stainless Steel
Mounting Type	Deck Mount (Single Hole)
Number of Handles	1 (Lever Handle)
Spout Design	High Arc Gooseneck
Spout Height	6.69 Inches
Spout Reach	8.27 Inches
Hose Length	27.56 Inches
Flow Rate	1.8 Gallons Per Minute
Valve Type	Cartridge Valve (Ceramic)
Soap Dispenser Capacity	11.83 oz (350 ml)

## INSTALL IN SECONDS

The braiding adds flexibility and durability, while the integration into the faucet saves valuable installation time.
