

Daysnew DB100

Daysnew Wireless TV Headphones User Manual

Model: DB100

Brand: Daysnew

INTRODUCTION

Welcome to the user manual for your Daysnew Wireless TV Headphones. These headphones are designed to provide a high-quality audio experience for TV watching, featuring both 2.4GHz RF and Bluetooth 5.3 connectivity. This manual will guide you through the setup, operation, and maintenance of your new headphones.

The Daysnew Wireless TV Headphones, shown with their charging dock, offer a convenient audio solution for television viewing.

WHAT'S IN THE Box

- 1 Wireless TV Headphone
- 1 RF Transmitter (Charging Dock)
- 1 Type-C Adapter
- 1 AUX Audio Cable
- 1 RCA Audio Cable
- 1 Optical Audio Cable
- 2 Rechargeable Batteries
- 1 User Manual

SETUP

Initial Charging

Before first use, fully charge the headphones. Place the headphones on the transmitter charging dock. The charge indicator light on the dock will show charging status.

The headphones are placed on the RF transmitter, which also functions as a charging dock. Ensure proper alignment for charging.

Connecting the Transmitter to Your TV

The RF transmitter offers multiple connection options to your TV. Choose the method compatible with your

television's audio output.

Optical Audio Connection (Recommended)

Connect one end of the optical audio cable to the OPTICAL OUT port on your TV and the other end to the OPTICAL IN port on the RF transmitter.

On your TV's audio settings, select "Optical" or "Digital Audio Out" and ensure the format is set to PCM.

A screenshot of a TV's audio settings menu, highlighting the "Optical" output selection.

RCA Audio Connection

Connect the red and white plugs of the RCA audio cable to the corresponding AUDIO OUT (L/R) ports on your TV and the other end to the RCA IN ports on the transmitter.

AUX Audio Connection

Connect the 3.5mm AUX cable to the headphone jack or AUX OUT port on your TV and the other end to the AUX IN port on the transmitter.

Powering On

Connect the Type-C adapter to the transmitter and plug it into a power outlet. The transmitter's indicator light will illuminate.

Press and hold the Power button on the headphones for 3 seconds to turn them on. The headphones will automatically connect to the transmitter.

OPERATING INSTRUCTIONS

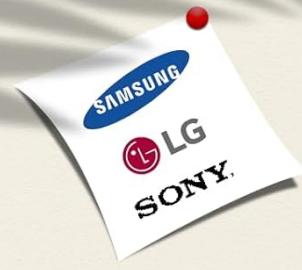

TV Mode (RF 2.4GHz)

Once the transmitter is connected and powered on, and the headphones are turned on, they will automatically establish a 2.4GHz RF connection for TV audio.

Adjust the volume using the volume controls on the headphones.

READY IN SECONDS

Bluetooth Mode (BT 5.3)

To switch to Bluetooth mode, press the "TV/BT" button on the headphones. The indicator light will change to blue, indicating Bluetooth pairing mode.

On your device (phone, tablet, laptop), search for "DAYSNEW DB100" in the Bluetooth settings and select to pair.

Once paired, the headphones will play audio from your Bluetooth device.

Controls

The headphones feature intuitive controls for easy operation.

- **Power Button:** Press and hold for 3 seconds to turn on/off.
- **Volume Up/Next Track:** Short press for volume up, long press for next track (in Bluetooth mode).
- **Volume Down/Previous Track:** Short press for volume down, long press for previous track (in Bluetooth mode).
- **Play/Pause/Call Answer:** Single press to play/pause music or answer/end calls (in Bluetooth mode).
- **TV/BT Button:** Press to switch between RF (TV) and Bluetooth modes.

PERSONAL VOLUME

Watching TV At High Volume Without Disturbing Others

A detailed view of the control buttons located on the earcup of the Daysnew headphones, including power, volume, and mode selection.

Personal Volume Control

The headphones allow for independent volume adjustment, enabling you to listen at your preferred level without affecting the TV's main volume or disturbing others.

MAINTENANCE

- Clean the headphones and charging dock with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Avoid exposing the device to extreme temperatures, humidity, or direct sunlight.
- Store the headphones on the charging dock when not in use to ensure they are always charged and ready.
- The earcups are designed for comfort and breathability.
