## SwanScout 701AC

# SwanScout Fast Charging Station 701AC User Manual

Model: 701AC

## 1. INTRODUCTION

---

The SwanScout 701AC is a versatile 3-in-1 fast charging station designed to efficiently charge your iPhone, Apple Watch, and AirPods simultaneously. This compact and foldable device also features an integrated digital clock, making it an ideal solution for organizing your charging needs at home or while traveling.

## 2. PACKAGE CONTENTS

---

Please verify that all items are present in the package:

- 1 x SwanScout 701AC Charging Station
- 1 x Charging Cable (Type C to Type C)
- 1 x 25W Charging Brick
- 1 x User Manual (this document)

## 3. PRODUCT OVERVIEW

---

The SwanScout 701AC charging station integrates multiple charging points and a digital display into a single unit.

Image 1: The SwanScout 701AC charging station in its upright position, charging an iPhone, Apple Watch, and AirPods. The digital clock displays the time.

### Key Components:

- **Phone Charging Port:** USB-C port for iPhone charging.
- **Earbuds Charging Port:** USB-C port for AirPods charging.
- **Apple Watch Charging Pad:** Integrated wireless charging area for Apple Watch.
- **Digital Clock Display:** Shows time in 12H or 24H format.
- **Brightness Touch Button:** Adjusts the clock display brightness.
- **12/24H Switch Button:** Toggles time format and enters time setting mode.
- **Time Setting Buttons (+/-):** Adjusts the time displayed on the clock.

## 4. SETUP INSTRUCTIONS

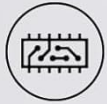

---

1. **Unpack:** Carefully remove all components from the packaging.
2. **Connect Power:** Connect the provided USB-C to USB-C charging cable to the input port on the SwanScout 701AC. Connect the other end of the cable to the included 25W charging brick.
3. **Plug In:** Insert the 25W charging brick into a standard wall power outlet. The digital clock display should illuminate, indicating power is supplied.
4. **Unfold (if necessary):** If the charging station is in its folded, compact state, gently unfold it to the desired upright or horizontal charging position.

## 5. OPERATING INSTRUCTIONS

### 5.1 Charging Devices

The SwanScout 701AC allows for simultaneous charging of three devices:

- **Charging iPhone:** Insert your iPhone into the dedicated USB-C charging port. Ensure the phone is securely seated. The design is case-friendly, accommodating most phone cases without removal.
- **Charging Apple Watch:** Place your Apple Watch onto the integrated wireless charging pad. Ensure the watch is centered on the pad for optimal charging.
- **Charging AirPods:** Insert your AirPods case into the dedicated USB-C charging port.

## 7. SAFETY FEATURES

The SwanScout 701AC is equipped with multiple safety protections to ensure secure and reliable charging:

- **Overcharge Protection:** Prevents devices from being overcharged, extending battery life.
- **Overheat Protection:** Monitors temperature to prevent overheating during charging.
- **Short Circuit Protection:** Safeguards against electrical short circuits.

## 8. MAINTENANCE

To ensure the longevity and optimal performance of your charging station, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the charging station. Avoid using liquid cleaners, aerosols, or solvents.
- **Storage:** When not in use, especially during travel, fold the charging station into its compact form to protect

the charging ports and surfaces.

- **Environment:** Keep the device away from extreme temperatures, direct sunlight, and humid environments.

## 9. TROUBLESHOOTING

---

If you encounter issues with your SwanScout 701AC, refer to the following common solutions:

Problem	Possible Cause	Solution
Device not charging	Loose connection, incompatible power adapter, device not properly seated.	Ensure all cables are securely connected. Use the included 25W charging brick. Re-seat the device firmly on its respective charging area/port. Verify device compatibility.
Slow charging	Using a non-25W power adapter, background apps on device.	Always use the included 25W charging brick for optimal fast charging performance. Close unnecessary apps on your device.
Digital clock not displaying or incorrect time	No power, incorrect time setting.	Ensure the charging station is powered on. Refer to Section 5.2 for instructions on setting the time.
Clock brightness too high/low	Brightness setting needs adjustment.	Tap the Brightness Touch Button to cycle through brightness levels (100%, 50%, 20%, OFF).
