

ErGear EGESD34-001

ErGear 63-inch L-Shaped Standing Desk with Drawers

MODEL: EGESD34-001

User Manual

1. Introduction

Thank you for choosing the ErGear 63-inch L-Shaped Standing Desk. This electric height-adjustable desk is designed to enhance your workspace with its spacious L-shaped desktop, integrated storage drawers, and a dedicated monitor shelf. This manual provides essential information for safe assembly, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your desk.

Important Safety Information: Please read all instructions carefully before assembly and use. Keep this manual for future reference. Ensure all components are securely fastened before use. Do not exceed the maximum weight capacity.

2. Package Contents

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Desktop Panels (L-shaped sections)
- Desk Frame Components (legs, crossbars)
- 3 Storage Drawers
- Monitor Shelf
- Control Panel
- Power Adapter and Cable
- 2 Cable Management Trays
- Cable Grommet Holes and Clips
- Hardware Kit (screws, tools, etc.)

- Detailed Installation Instructions

3. Setup and Assembly Instructions

Assembly of the ErGear L-Shaped Standing Desk requires careful attention to detail. It is recommended to have two people for assembly and to work in a spacious, clear area.

1. **Preparation:** Unpack all components and lay them out on a soft, clean surface to prevent scratches. Identify all parts using the provided detailed installation instructions.
2. **Frame Assembly:** Assemble the desk frame components, including the legs and crossbars, following the step-by-step guide. Ensure all connections are secure.
3. **Motor Installation:** Install the powerful dual motors into the designated frame sections as per the instructions. These motors provide quiet and stable elevation.
4. **Desktop Attachment:** Carefully place the desktop panels onto the assembled frame and secure them using the provided hardware.
5. **Drawer and Monitor Shelf Installation:** Assemble and install the three storage drawers and the monitor shelf. The monitor shelf is elevated by 4.5 inches above the main desktop.
6. **Cable Management:** Attach the two cable management trays, route cables through the grommet holes, and use the cable clips to organize wiring neatly.
7. **Control Panel and Power:** Connect the control panel and power adapter according to the instructions.

Tip: When using a drill for assembly, set it to a low speed and finish tightening screws by hand to avoid stripping or damaging the wood core.

Product Dimensions

Powerful Dual Motors

Lift your desk steadily & quietly

Image: Close-up view highlighting the powerful dual motors and the 220 lbs weight capacity of the ErGear L-Shaped Standing Desk, demonstrating its robust lifting mechanism.

4. Operating Instructions

This section details how to use the various features of your ErGear standing desk.

4.1 Height Adjustment

The desk features an electric lifting mechanism allowing for smooth height adjustments.

- **Adjusting Height:** Use the 'Up' and 'Down' buttons on the control panel to raise or lower the desk. The height range is from 28.4 inches to 46.5 inches.
- **Memory Presets:** The control panel includes three height preset buttons. To save a desired height, adjust the desk to your preferred level, then press and hold one of the preset buttons (e.g., '1', '2', or '3') until you hear a beep or see a confirmation on the display. To recall a saved height, simply press the corresponding preset button.

Choose Your Favorite Height

4.2 Storage and Organization

The desk is equipped with multiple storage solutions to keep your workspace tidy.

- **Drawers:** Utilize the three spacious drawers (one large, two medium) for storing office supplies, documents, or gaming accessories.
- **Monitor Shelf:** The dedicated monitor riser elevates your display by 4.5 inches, promoting better posture and freeing up desktop space. It is also compatible with C-clamp monitor mounts on its extended rear edge.
- **Cable Management:** Use the two integrated cable management trays, two cable grommet holes, and four cable clips to keep all power and data cables organized and out of sight, preventing tangles and ensuring safety.

Practical Storage & Organization

4.3 Workspace Utilization

The deep L-shaped desktop provides ample space for various setups.

- **Spacious Surface:** Accommodate multiple monitors, a heavy printer, laptop, and a full-sized keyboard with ease.
- **Ergonomics:** The design supports comfortable and immersive use, whether for work or gaming.

Deeper Desktop Surface

More space for your mouse & full-size keyboard

5. Maintenance

Proper maintenance ensures the longevity and smooth operation of your desk.

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaner. Avoid harsh chemicals.
- **Hardware Check:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.
- **Weight Distribution:** Distribute weight evenly across the desktop. Avoid placing excessive weight on one side or corner.
- **Cable Inspection:** Regularly inspect power cables for any signs of wear or damage. Replace immediately if damage is found.

6. Troubleshooting

If you encounter issues with your desk, refer to the following troubleshooting guide.

- **Desk Not Moving or Uneven:**

- Check all power connections to ensure they are securely plugged in.
- Ensure there are no obstructions preventing the desk from moving freely.
- Perform a reset: Press and hold the 'Down' button on the control panel until 'RES' is displayed. The desk will lower to its lowest position and then slightly rise, indicating a successful reset.
- If an 'E60' error appears, it may indicate an uneven load or a sensor issue. Try the reset procedure. Reduce the load on the desk if it exceeds the maximum weight capacity.

- **Unusual Noise During Operation:**

- A slight hum from the motors during adjustment is normal.
- If you hear grinding or loud noises, stop operation immediately and check for any loose parts or obstructions. Contact customer support if the issue persists.

- **Control Panel Not Responding:**

- Verify the power adapter is connected to a working outlet and the desk.
- Unplug the desk from the power source for 10 minutes, then plug it back in to reset the system.

If these steps do not resolve the issue, please contact ErGear customer support.

7. Specifications

Brand	ErGear
Model Number	EGESD34-001
Shape	L-Shape
Color	Black
Top Material	Engineered Wood
Base Material	Carbon Steel, Alloy Steel
Minimum Height	28.4 inches (72.1 cm)
Maximum Height	46.5 inches
