

## MONDAWE WF6853

# MONDAWE WF6853 12-Inch Ceiling Mounted Brushed Gold Shower System

User Manual

## 1. SAFETY INFORMATION

Please read all instructions carefully before installation and use. Retain this manual for future reference.

- **Professional Installation Recommended:** Installation of this shower system requires plumbing knowledge. If you are unsure, consult a qualified plumber.
- **Water Pressure:** Ensure your home's water pressure is within acceptable limits for optimal performance.
- **Anti-Scald Protection:** This system includes a pressure balance valve designed to protect against sudden changes in hot or cold water pressure, reducing the risk of scalding.
- **Water Shut-off:** Always turn off the main water supply before beginning any installation or maintenance.
- **Damage Prevention:** Handle all components with care to prevent scratches or damage to the finish. Use the provided gloves during installation.

## 2. PRODUCT OVERVIEW

The MONDAWE WF6853 is a 3-function ceiling-mounted shower system designed to provide a luxurious and versatile showering experience. It features a 12-inch rainfall shower head, a 6-inch wall-mounted shower head, and a high-pressure handheld spray. The system is equipped with a pressure balance valve for consistent temperature and safety, and a push-button control panel for independent function selection.

10. Valve Body
11. Installation Gloves

This video provides an unboxing of the MONDAWE 12 Inch Dual Shower Head Shower Faucet Set, showing the various components included in the package.

## 4. SETUP AND INSTALLATION

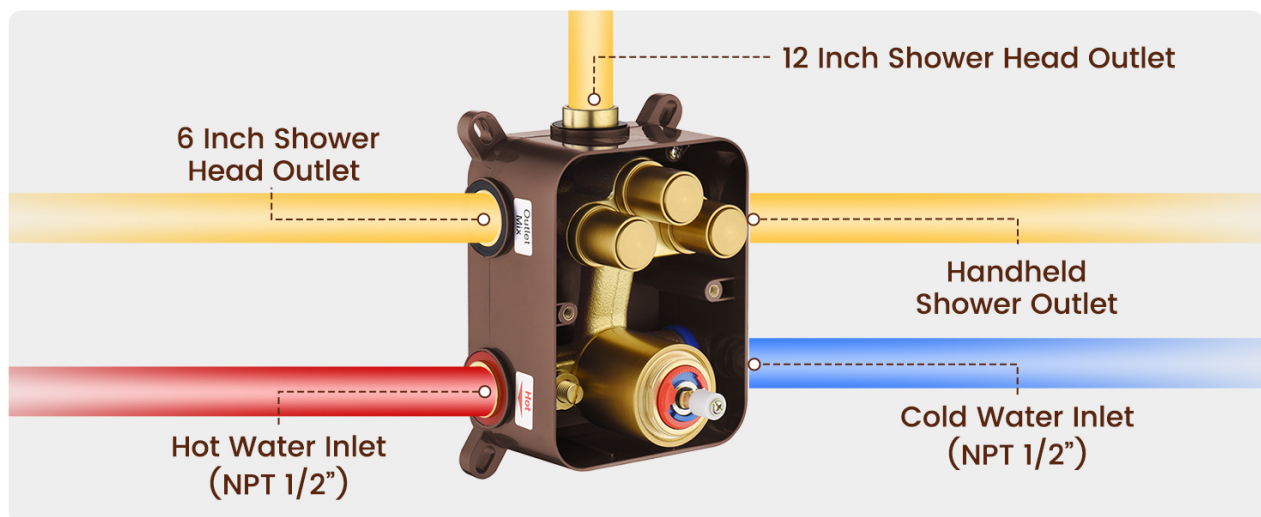

This shower system is designed for both ceiling mount and wall mount configurations. It uses American standard 1/2 inch NPT thread connections.

### 4.1 Pre-Installation Steps

- Turn off the main water supply to your bathroom.
- Clear the installation area and ensure you have all necessary tools.
- Inspect all components for any manufacturing defects or shipping damage.

### 4.2 Valve Body Installation

Install the valve body into the wall according to standard plumbing practices. Ensure the hot and cold water inlets (NPT 1/2") and the outlets for the 12-inch shower head, 6-inch shower head, and handheld shower are correctly connected.

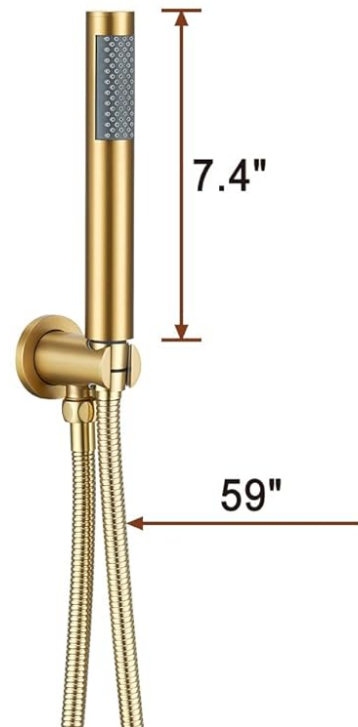

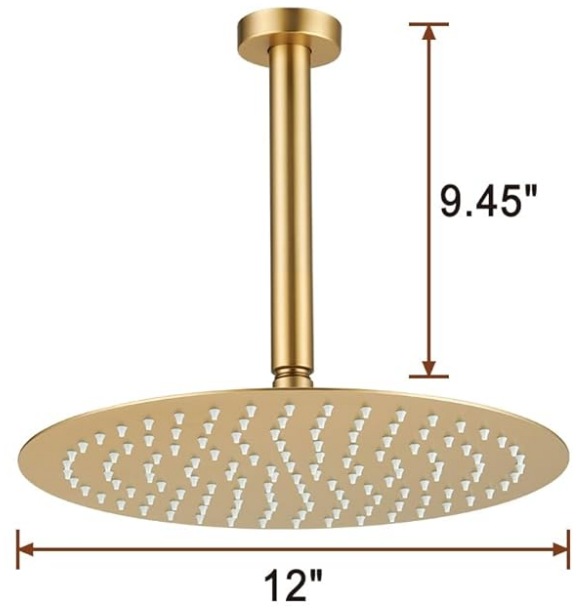

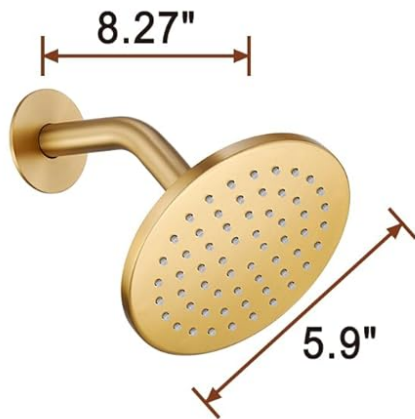

Detailed diagram of the valve body connections, indicating hot and cold water inlets and outlets for each shower function.

### 4.3 Shower Head and Handheld Installation

- Attach the shower arms to their respective outlets.
- Secure the 12-inch rainfall shower head to the ceiling-mounted arm and the 6-inch shower head to the wall-mounted arm.
- Install the handheld shower holder and connect the 59-inch shower hose to the handheld shower and its designated outlet.

# Product Dimensions

Product dimensions for the main components of the shower system.

## 5. OPERATING INSTRUCTIONS

The MONDAWE shower system features a user-friendly control panel with push buttons for function selection and a knob for temperature adjustment.

### 5.1 Temperature Control

- Rotate the main knob to adjust the water temperature. Turn towards 'H' for hotter water and 'C' for colder water.
- The pressure balance valve maintains a consistent temperature, preventing sudden changes.

## 5.2 Function Selection

The system allows for independent or simultaneous use of all three shower functions.

- Press the corresponding button on the control panel to activate the 12-inch rainfall shower head, 6-inch wall-mounted shower head, or the handheld spray.
- You can activate one, two, or all three functions simultaneously for a customized showering experience.

### Advanced Plating Technology

Anti-Fingerprint & Colourfast

### Anti-Slip Handle

Easy to control water temperature

### Push & Enjoy

Push button switch with clear icons for easy operation

## 3 Shower modes can be used at the same time for a whole body bathing experience!

The control panel with push-button function selection and temperature adjustment knob.

### ALL THE FUNCTIONS CAN BE USED AT THE SAME TIME!

12 inch ceiling mounted shower head, 6 inch wall mounted shower head and handheld shower are controlled by independent button, while the temperature is adjusted by the knob, children and the elder friendly!

All three shower functions can be used simultaneously for a comprehensive shower experience.

## **6. MAINTENANCE**

Regular cleaning and maintenance will ensure the longevity and optimal performance of your MONDAWE shower system.

### **6.1 Cleaning the Finish**

- Use a soft cloth and mild soap or a non-abrasive cleaner specifically designed for brushed finishes.
- Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the brushed gold finish.
- Rinse thoroughly with water and dry with a soft cloth to prevent water spots.

### **6.2 Cleaning Shower Head Nozzles**

The shower heads feature easy-to-clean silicone nozzles.

- Periodically rub the silicone nozzles with your finger or a soft brush to dislodge any mineral buildup.
- For stubborn buildup, a solution of white vinegar and water can be used. Soak the shower head (if removable) or apply the solution to the nozzles, then rinse thoroughly.

Shower Arm

Durable Stainless  
Steel Construction

The 12-inch rain shower head features easy-to-clean silicone nozzles for simple maintenance.

## 7. TROUBLESHOOTING

If you encounter issues with your shower system, refer to the following common troubleshooting steps.

Problem	Possible Cause	Solution
Low Water Pressure	Clogged nozzles, partially closed shut-off valve, low household water pressure.	Clean shower head nozzles. Ensure all shut-off valves are fully open. Check household water pressure.
Water Leaks	Loose connections, damaged O-rings/gaskets, defective valve body.	Tighten all connections. Replace any worn or damaged O-rings/gaskets. If the valve body is suspected, contact customer support.

Problem	Possible Cause	Solution
Inconsistent Water Temperature	Pressure balance valve malfunction, incorrect hot/cold water supply.	Ensure hot and cold water lines are correctly connected. If the issue persists, the pressure balance valve may need inspection or replacement by a professional.
Functions Not Switching	Control panel mechanism issue.	Ensure buttons are fully pressed. If unresponsive, contact customer support.

If you are unable to resolve the issue using these steps, please contact MONDAWE customer support for further assistance.
