3. PRODUCT FEATURES AND CONTROLS

Familiarize yourself with the various features and controls of your headphones:

- **Volume+ / Previous Track Button:** Press to increase volume, hold to go to the previous track.
- **Multifunction Button:** Power on/off, play/pause, answer/end calls.
- **Volume- / Next Track Button:** Press to decrease volume, hold to go to the next track.
- **LED Indicator:** Shows power status, pairing mode, and charging status.

- **ON/OFF Switch:** Physical switch to power the headphones on or off.
- **Microphone:** Built-in for hands-free calls.
- **3.5MM Auxiliary Port:** For wired connection using the included aux cable.
- **Type C Charging Port:** For charging the headphones.
- **Foldable Design:** Allows for easy storage and portability.
- **Telescopic Head Beam Design:** Adjustable headband for a comfortable fit.
- **Skin-friendly Earmuffs:** Soft protein earmuffs for comfort during long listening sessions.

4. SETUP

4.1. Charging the Headphones

Before first use, fully charge your headphones. Use the included USB Type-C cable to connect the headphones to a USB power source (e.g., computer USB port, wall adapter). The LED indicator will show charging status and turn off or change color when fully charged. A full charge takes approximately 4 hours. A fully charged battery provides up to 28 hours of playback time and up to 48 days of standby time.

4.2. Bluetooth Pairing

To connect your headphones wirelessly:

1. Ensure the headphones are charged and powered off.
2. Slide the ON/OFF switch to the 'ON' position. The LED indicator will flash, indicating pairing mode.
3. On your device (mobile phone, tablet, computer, TV), enable Bluetooth and search for available devices.
4. Select "AUT202N" from the list of found devices.
5. Once connected, the LED indicator will stop flashing and remain solid blue (or turn off, depending on model).
6. The headphones will automatically reconnect to the last paired device when powered on, if the device's Bluetooth is active and within range.

5. OPERATING INSTRUCTIONS

5.1. Power On/Off

- **Power On:** Slide the ON/OFF switch to 'ON'.
- **Power Off:** Slide the ON/OFF switch to 'OFF'.

5.2. Music Playback

- **Play/Pause:** Press the Multifunction Button once.
- **Volume Up:** Press the Volume+ button.
- **Volume Down:** Press the Volume- button.
- **Next Track:** Hold the Volume- button.
- **Previous Track:** Hold the Volume+ button.

5.3. Call Functions

- **Answer/End Call:** Press the Multifunction Button once.
- **Reject Call:** Hold the Multifunction Button for 2 seconds.

5.4. Wired Connection (AUX Mode)

To use the headphones with a wired connection:

1. Connect one end of the 3.5mm auxiliary cable to the 3.5MM Auxiliary Port on the headphones.
2. Connect the other end to the audio output jack of your device.
3. The headphones will automatically switch to AUX mode. Note that controls on the headphones may be limited in AUX mode, and volume/track control might need to be managed from the connected device.

6. MAINTENANCE

To ensure the longevity and optimal performance of your headphones:

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. Utilize the foldable design for compact storage.
- **Avoid Moisture:** Do not expose the headphones to water or excessive moisture.
- **Handle with Care:** Avoid dropping or subjecting the headphones to strong impacts.

7. TROUBLESHOOTING

If you encounter issues with your headphones, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones fully using the USB-C cable.
Cannot pair with device.	Headphones not in pairing mode; device Bluetooth off; too far from device.	Ensure headphones are in pairing mode (flashing LED). Turn on device Bluetooth. Move headphones closer to device (within 10 meters). Forget device on your phone and re-pair.
No sound.	Volume too low; incorrect audio output selected; headphones not connected.	Increase headphone and device volume. Ensure headphones are properly paired/connected. Check audio output settings on your device.
Sound distortion.	Too far from device; interference.	Move closer to the paired device. Avoid strong electromagnetic interference.
