Mcage Deluxe Two-Tier Small Animal Critter Cage Instruction Manual

Model: 70718

INTRODUCTION

This manual provides instructions for the assembly, operation, and maintenance of your Mcage Deluxe Two-Tier Small Animal Critter Cage, Model 70718. Please read these instructions carefully before assembly and use to ensure proper setup and safe operation. This cage is designed to provide a secure and comfortable habitat for various small animals.

Image: Fully assembled Mcage Deluxe Two-Tier Small Animal Critter Cage, showcasing its two levels, included hammock, water bottle, and food bowl. Two small animals are visible inside, demonstrating the cage's capacity and features.

SAFETY INFORMATION

- Ensure all parts are securely fastened before placing any animals inside the cage.
- Regularly inspect the cage for any damaged or loose components. Replace or repair as necessary.
- Keep small children and other household pets away from the assembly area during setup.
- This cage is designed for small animals such as ferrets, chinchillas, rats, guinea pigs, rabbits, and sugar gliders. Do not use for animals larger than recommended.
- The wire spacing is 1/2-inch. Verify that your pet cannot escape or get stuck between the bars.

Image: A visual representation highlighting the 0.5-inch narrow wire spacing of the cage, alongside illustrations of various small animals like chinchillas, hamsters, rats, and hedgehogs, indicating suitability.

SETUP INSTRUCTIONS

Follow these steps to assemble your critter cage:

1. **Assemble the Main Frame:** Connect the cage panels to form the main structure. Ensure all clips and connectors are securely engaged.
2. **Install Bottom Grate and Tray:** Slide the pull-out grate into its designated slot above the bottom tray. Then, insert the pull-out bottom tray beneath the grate.
3. **Attach Rolling Casters:** Secure the four rolling casters to the base of the cage stand. Ensure the two lockable casters are positioned at the front for easy access.
4. **Install Platforms and Ramps:** Position the paw safe solid platforms at desired heights within the cage. Attach the anti-slip paw safe solid ramps to connect the levels.
5. **Apply Fabric Covers:** Place the soft fabric covers over the platforms and ramps for added comfort

and paw protection.

6. **Attach Accessories:** Hang the hammock from the cage ceiling using its hooks. Secure the water bottle to the cage bars at an appropriate height for your pet. Place the food bowl on a platform or the cage floor.

DELUXE TWO TIERS SMALL ANIMAL CRITTER CAGE

Image: An exploded diagram of the cage, detailing its dimensions (24"L x 17.5"W x 34"H), and labeling key components such as the narrow bar spacing, top access door, front door, platforms, ramps, hammock, water bottle, food bowl, storage shelf, and lockable wheels.

OPERATING INSTRUCTIONS

- **Access Doors:** The cage features a large hinged front door (10.5" x 18.5"H) for primary access and a top hook access door (8.5" x 9") for convenient top-down interaction or cleaning.
- **Security:** Always ensure that both the front door and top door safety locks are engaged after opening and closing to prevent escapes.
- **Mobility:** Use the four rolling casters to move the cage. When the cage is in its desired location, engage the locks on the two lockable casters to prevent accidental movement.

**Top Hook
Access Door
8.5" x 9"**

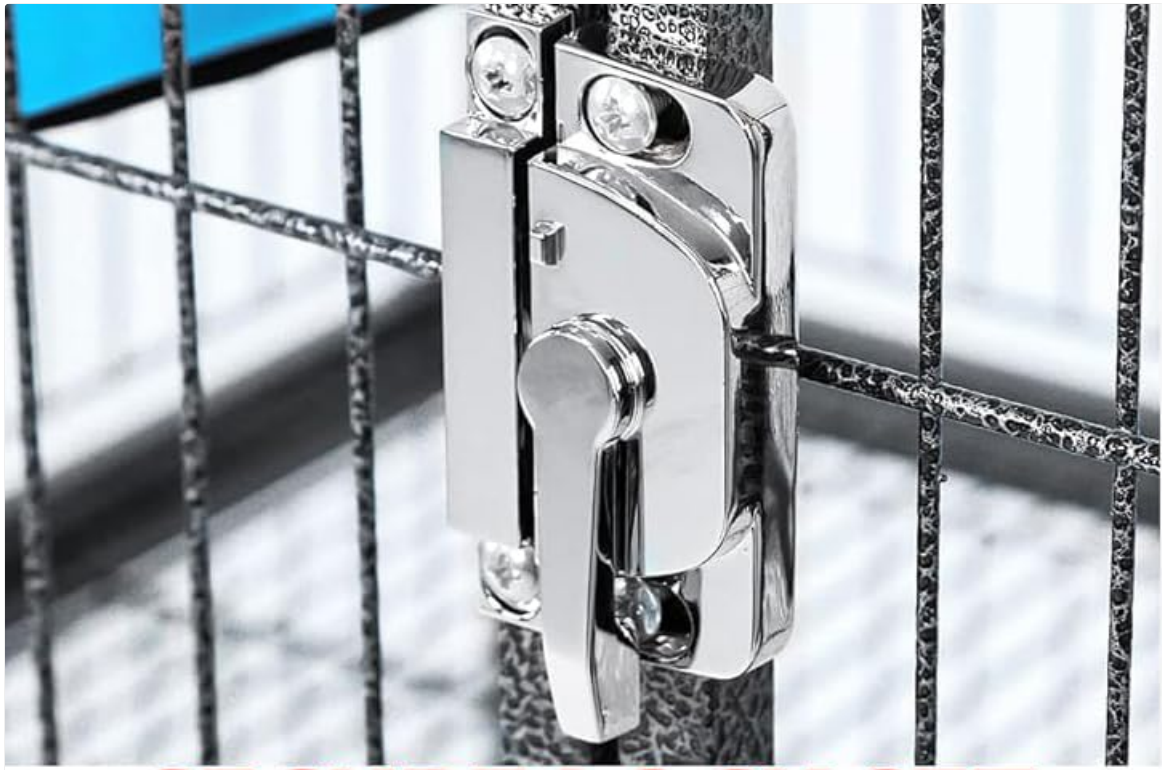

Safety Lock

**Large Swing-Out Durable Frame
Front Door With Safety Lock
10.5" x 18.5"H**

SECURE LOCK SET

Image: A detailed close-up of the secure metal lock set, demonstrating the mechanism used to keep the cage doors firmly closed.

4 x Rolling Castors (2 x Lockable)

Image: Four individual rolling casters are displayed, with two clearly marked as lockable, indicating their function for securing the cage in place.

- **Cleaning:** For convenient cleaning, the pull-out grate and bottom tray can be easily removed. Regularly clean these components with pet-safe cleaning solutions.
- **Fabric Covers:** The paw safe platform and ladder fabric covers are washable. Remove them periodically for cleaning to maintain hygiene.
- **Inspection:** Periodically check the cage for any signs of wear and tear, especially on door hinges, locks, and wire connections. Tighten any loose screws or replace damaged parts as needed.

Image: A close-up view of the cage's base, illustrating the easy pull-out raised grate and tray, which can be slid out for cleaning without disassembling the main cage structure.

TROUBLESHOOTING

- **Cage Instability:** If the cage feels unstable, re-check all connections and ensure they are securely fastened. Verify that the lockable casters are engaged when the cage is stationary.
- **Difficulty Cleaning Tray:** Ensure the pull-out tray is aligned correctly in its runners. If it sticks, check for any debris obstructing its path.
- **Pet Escapes:** Double-check that all doors are fully closed and their safety locks are engaged. Confirm that the wire spacing is appropriate for your specific pet's size.
