ANGENIL S3207-blush

ANGENIL Flat Iron Hair Straightener and Curler 2 in 1 User Manual

MODEL: S3207-BLUSH

1. Introduction

Thank you for choosing the ANGENIL Flat Iron Hair Straightener and Curler 2 in 1. This versatile styling tool is designed to provide professional salon-quality results, allowing you to effortlessly straighten or curl your hair with ease. Its advanced features ensure efficient performance and user safety.

2-IN-1

The ANGENIL 2-in-1 Flat Iron is designed for both straightening and curling, offering versatile styling options.

2. Safety Information

Hair styling products and tools should be kept out of the reach of children!

- Always unplug the appliance immediately after use.
- Do not use while bathing or in the shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- If an appliance falls into water, unplug it immediately. Do not reach into the water.

3. Product Features

- **Salon Professional Hair Straightener:** Six levels of fine temperature (320°F-450°F), with 450°F as the highest temperature.
- **Ultra-Fast Heating:** 20 seconds ultra-fast heating with upgraded heating technology for stable temperature.
- **Anti-Scald Design:** Upgraded anti-scald handle and added anti-scald silicone for safe use.
- **Compatible with All Hair Types:** Free and precise temperature setting, suitable for all hair types.
- **Titanium 3D Floating Plates:** Professional glider without pulling, for a super sleek, frizz-free finish in a single

stroke.

- **Travel-Friendly:** Swivel cord for tangle-free styling and dual voltage for worldwide use.
- **Auto Shut-Off:** Automatically shuts off after 60 minutes of use for safety.
- **Digital LCD Display:** Clear display for temperature settings.

The digital LCD display allows for precise temperature control and shows the ion function is active.

4. Package Contents

- 1 x ANGENIL Flat Iron Hair Straightener and Curler (1 Inch)
- 1 x Heat Resistant Food Grade Silicone Mat
- 1 x Soft Food Grade Silicone Facial Cleansing Brush
- 1 x Storage Bag

The complete package includes the flat iron, silicone mat, facial brush, and storage bag.

5. Specifications

Feature	Description

Item Model Number	S3207-blush
Material	Titanium
Hair Type Compatibility	All, Wavy, Frizzy, Color Treated, Curly, Thick, Straight
Product Benefits	Straightening, Curling, Hair Styling
Temperature Range	320°F-450°F
Voltage	Dual Voltage (Worldwide Use)

6. Setup

1. Unpack the ANGENIL Flat Iron and all accessories from the box.
2. Place the heat-resistant silicone mat on a flat, stable surface.
3. Plug the flat iron into a suitable electrical outlet. The digital LCD display will illuminate.
4. Press and hold the power button to turn on the device.
5. Use the temperature control buttons (+/-) to select your desired heat setting. The iron heats up rapidly, reaching 320°F in approximately 20 seconds.

7. Operating Instructions

7.1 Straightening Hair

1. Ensure your hair is clean, dry, and detangled.
2. Section your hair into manageable strands (about 1-2 inches wide).
3. Place a section of hair between the titanium floating plates, close to the roots.
4. Gently glide the flat iron down the hair section from root to tip in one smooth motion. The 3D floating plates ensure even pressure and a frizz-free finish without pulling.
5. Repeat for all sections until desired straightness is achieved.

The flat iron's ionic technology helps to reduce frizz and enhance shine during straightening.

7.2 Curling Hair

The ANGENIL flat iron's rounded edges allow for easy curling.

1. Ensure your hair is clean, dry, and detangled.
2. Section your hair into manageable strands.
3. Clamp a section of hair near the roots, then rotate the iron 180 degrees away from your face.
4. Slowly pull the iron down the hair shaft, maintaining the rotation. The hair will wrap around the barrel, creating a curl.
5. Release the hair and allow the curl to cool before styling.

Achieve beautiful curls with the flat iron's rounded plate design.

This video showcases the flat iron's high rating and positive user experience, demonstrating its effective styling capabilities.

8. Maintenance

8.1 Cleaning the Plates

After each use, ensure the flat iron is unplugged and completely cooled. Use the provided soft food-grade silicone facial cleansing brush or a soft, damp cloth to gently wipe down the titanium plates. This helps remove any product residue and ensures optimal performance. Do not use abrasive cleaners or harsh chemicals.

8.2 Storage

Once the flat iron has completely cooled, place it on the heat-resistant silicone mat for safe storage. You can then store the iron and mat in the provided storage bag. Store in a cool, dry place away from moisture.

Video: Professional Silicone Heat Resistant Mat (0:31)

This video demonstrates the utility of the heat-resistant silicone mat for safe storage and handling of the hot flat iron.

9. Troubleshooting

- **Iron not heating up:** Ensure the iron is properly plugged into a working outlet and the power button is pressed. Check the digital display for temperature readings.
- **Hair snagging:** Ensure hair is completely detangled before use. Glide the iron smoothly and do not apply excessive pressure.
- **Automatic shut-off:** This is a safety feature. The iron will turn off after 60 minutes of inactivity. Simply turn it back on if needed.
- **Frizz persists:** Ensure hair is completely dry. Consider using a heat protectant spray before styling.

10. Warranty and Support

Your ANGENIL Flat Iron is covered by the manufacturer's warranty. For any questions, concerns, or support needs, please refer to the contact information provided with your purchase or visit the official ANGENIL website.
