

Polibi 103

Polibi 30" Bathroom Vanity with Top Sink

Model: 103

1. INTRODUCTION

Thank you for choosing the Polibi 30" Bathroom Vanity with Top Sink. This manual provides detailed instructions for the safe assembly, proper operation, and effective maintenance of your new bathroom vanity. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

2. SAFETY INFORMATION

- Always use appropriate tools and follow all assembly steps as outlined.
- Ensure all hardware is securely tightened before use. Periodically check and re-tighten if necessary.
- Do not overload drawers or shelves. Distribute weight evenly.
- Keep small parts and packaging materials away from children and pets to prevent choking hazards.
- If any parts are missing or damaged, do not attempt to assemble the product. Contact customer service for assistance.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly.

- Vanity Cabinet (MDF+Solid Wood Pine)
- Ceramic Top Sink
- Handles (Iron)
- Assembly Hardware Kit
- Instruction Manual

4. SETUP AND ASSEMBLY

Assembly is required for this bathroom vanity. The cabinet parts and hardware are shipped together. Each part has marks and reserved holes to facilitate step-by-step assembly according to the instructions provided in the package.

4.1 Dimensions Overview

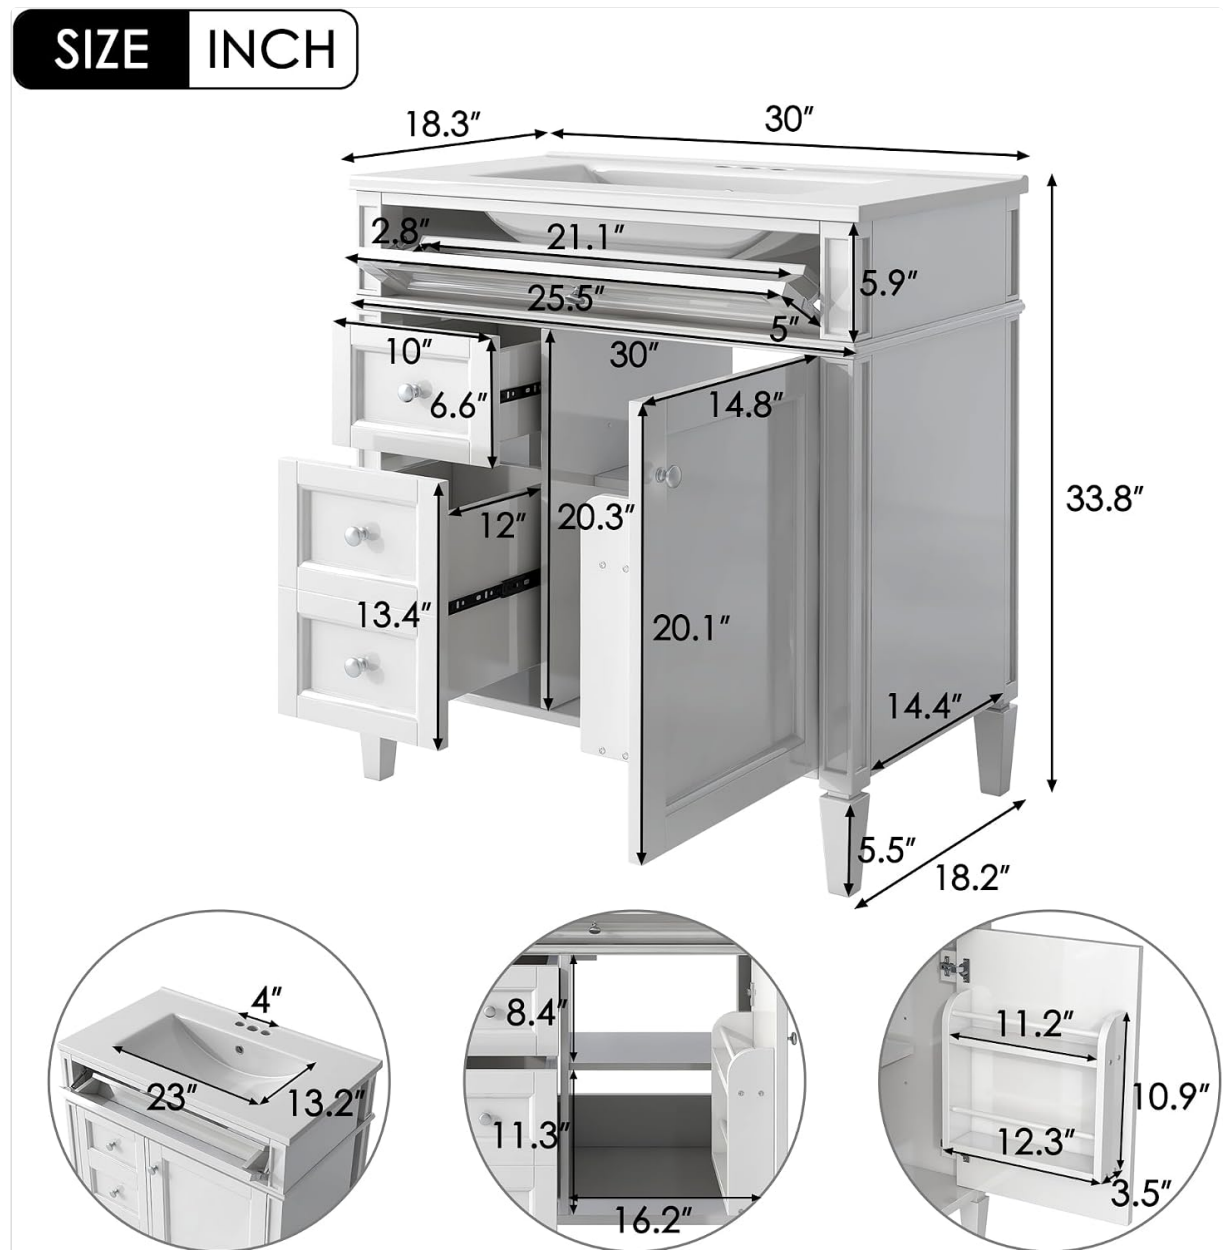

Image: Detailed dimensions of the Polibi 30-inch bathroom vanity, showing measurements for width, depth, and height, as well as internal drawer and cabinet dimensions.

4.2 Assembly Steps (General Guidelines)

- 1. Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare with the parts list in the included assembly guide.
- 2. Assemble the Cabinet Frame:** Follow the numerical or alphabetical sequence in the assembly guide to connect the main panels of the cabinet using the provided hardware.
- 3. Install Drawers and Shelves:** Assemble the two main drawers and the tip-out drawer. Install the drawer runners into the cabinet frame. Insert the adjustable shelf into the main cabinet compartment.
- 4. Attach Cabinet Doors and Door Organizer:** Secure the cabinet doors to the frame using hinges. Attach the door organizer to the inside of one cabinet door.
- 5. Install Handles:** Attach the iron handles to the drawers and cabinet doors.

6. **Place the Ceramic Sink Top:** Carefully position the ceramic sink top onto the assembled vanity cabinet. Ensure it is properly aligned and secured according to the specific instructions.
7. **Final Checks:** Verify that all connections are tight and the vanity is stable.

5. OPERATING THE VANITY

The Polibi bathroom vanity is designed for functional storage and daily use in a bathroom environment.

5.1 Storage Features

- **Concealed Storage:** The main cabinet area, accessible via soft-close doors, provides ample space for larger toiletries and bathroom essentials, keeping them protected from water and dust.
- **Drawers:** Two main drawers offer organized storage for daily necessities. A tip-out drawer is included for smaller items, providing convenient access.
- **Adjustable Shelf:** The internal shelf within the main cabinet can be adjusted to accommodate items

of various heights, optimizing storage space.

- **Cabinet Door Organizer:** A dedicated organizer on the cabinet door further expands usable space for smaller bottles or accessories.

6. MAINTENANCE

Proper care will ensure the longevity and appearance of your Polibi bathroom vanity.

- **Cleaning:** Wipe the vanity surfaces with a damp cloth. For stubborn stains, use a mild, non-abrasive cleaner. Avoid harsh chemicals or abrasive scrubbing pads, which can damage the finish.
- **Spills:** Promptly wipe up any water spills or splashes to prevent moisture damage to the wood components.
- **Hardware:** Periodically check and tighten all screws and hardware to maintain stability.
- **Ceramic Sink:** Clean the ceramic sink regularly with a non-abrasive bathroom cleaner to prevent mineral buildup and maintain its glossy finish.

7. TROUBLESHOOTING

- **Drawers not closing smoothly:** Check if the drawer runners are clean and free of debris. Ensure the drawers are properly aligned on their tracks.

- **Cabinet doors misaligned:** Adjust the hinges on the cabinet doors to correct any misalignment.
- **Water leaks from sink:** Verify that all plumbing connections are securely tightened. If leaks persist, consult a professional plumber.
- **Loose handles:** Re-tighten the screws securing the handles to the drawers and doors.
