2. CHARGING THE EARBUDS AND CASE

The TAGRY X08 earbuds and their charging case feature a dual digital LED power display, allowing you to monitor the battery levels of both the case and individual earbuds. The case supports both wireless charging and USB-C cable charging.

Charging the Case:

1. **Using USB-C Cable:** Connect the provided USB-C cable to the charging port on the case and to a power source. The LED display on the case will show the charging progress from 1 to 100.
2. **Wireless Charging:** Place the charging case on a compatible wireless charging pad. Ensure the case is properly aligned for optimal charging. The LED display will indicate charging status.

Charging the Earbuds:

Place the earbuds into the charging case. They will automatically begin charging. The LED display on the case will show the individual earbud battery levels. A fully charged case can provide up to 4 additional full charges for both earbuds.

3. PAIRING AND CONNECTIVITY

The TAGRY X08 earbuds feature one-step auto pairing for quick and convenient connection to your devices.

Initial Pairing:

1. Ensure your device's Bluetooth is turned on.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device, search for Bluetooth devices and select "X08" from the list.
4. Once connected, the earbuds are ready for use.

Subsequent Pairing:

After the first connection, the earbuds will automatically connect to your last paired device when you open the charging case.

Mono and Twin Stereo Mode:

The earbuds support both mono mode (using a single earbud) and twin stereo mode (using both earbuds for immersive sound). You can seamlessly switch between modes or share an earbud with another person.

5. WEARING THE EARBUDS

The TAGRY X08 earbuds are designed with an ergonomic shape to fit most ear canals comfortably. They come with three different sizes of ear tips (Small, Medium, Large) to ensure a secure and comfortable fit.

Selecting the Right Ear Tips:

Experiment with the different ear tip sizes to find the pair that provides the best seal and comfort for your ears. A good seal is crucial for optimal sound quality and noise isolation.

Inserting the Earbuds:

1. Gently insert the earbud into your ear canal.
2. Rotate the earbud slightly until it feels secure and comfortable.

6. WATER RESISTANCE

The TAGRY X08 wireless headphones are rated at IPX5 waterproof. This means they are protected against low-pressure water jets from any direction. The nano-coating on the earbud surface helps prevent water and sweat from penetrating.

Important Notes:

- IPX5 rating protects against sweat and light splashes, making them suitable for sports and workouts.
- Do not submerge the earbuds in water.
- The charging case is not waterproof.
- Ensure earbuds are dry before placing them back into the charging case to prevent damage.

8. TROUBLESHOOTING

If you encounter any issues with your TAGRY X08 earbuds, please refer to the following common solutions:

- **No Sound:** Ensure earbuds are charged and properly paired with your device. Check device volume and earbud volume.
- **Pairing Issues:** Turn off Bluetooth on your device, then turn it back on. Reset the earbuds by placing them in the case, closing it, and then reopening. Try pairing again.
- **One Earbud Not Working:** Ensure both earbuds are charged. Try re-pairing them.
- **Poor Sound Quality:** Ensure ear tips provide a good seal. Clean any debris from the earbud speakers.
- **Charging Problems:** Ensure the charging cable is securely connected or the wireless charging pad is functioning correctly. Check for debris in the charging port.

For persistent issues, please contact customer support.

9. SAFETY INFORMATION

Please read and follow these safety guidelines to ensure safe and optimal use of your earbuds:

- Do not expose earbuds to extreme temperatures or humidity.
- Avoid dropping or subjecting the earbuds to strong impacts.
- Do not disassemble or modify the earbuds.
- Keep out of reach of children and pets.
- Use only approved chargers and cables.
- Prolonged exposure to loud sounds may cause hearing damage. Adjust volume to a safe level.
