## QUTWOB HR1170-52NL-L

# QUTWOB 52" Wood Ceiling Fan with Lights and Remote Control

MODEL: HR1170-52NL-L

## Introduction

---

This manual provides detailed instructions for the safe installation, operation, and maintenance of your QUTWOB 52-inch Wood Ceiling Fan with Lights and Remote Control. Please read all instructions carefully before beginning installation and retain this manual for future reference.

## Key Features

---

- **Remote Control Operation:** Features a user-friendly remote with large buttons for easy grip. Includes positive/negative two-way rotation, 6-speed adjustment, LED light control, and three-color adjustable light (1500 lumens).
- **Solid Wood Blades:** Equipped with three solid wood blades in an original wood color, featuring a metallic silver design.
- **DC Inverter Motor:** Utilizes a durable DC inverter motor made with thick copper wire for efficient and reliable performance.
- **Quiet Operation:** The 52-inch solid wood ceiling fan operates with low noise, maintaining a decibel level below 30dB at maximum speed (165r/min).
- **Versatile Installation:** Suitable for both indoor and outdoor use, and can be installed on concrete roofs with up to a 15-degree tilt.

## Unique Fan Blade Design

## Package Contents

---

Verify that all components are present before beginning installation:

- Fan Motor Assembly
- 3 Solid Wood Fan Blades
- Downrods (5", 10", 14" options)
- Canopy and Mounting Bracket
- Remote Control and Receiver
- Integrated LED Light Kit
- Mounting Hardware (screws, wire nuts, etc.)
- Instruction Manual

Figure 2: Included downrods and remote control.

## Setup and Installation

Professional installation is recommended. Ensure power is disconnected at the circuit breaker before installation. Refer to the detailed installation video for visual guidance.

### Installation Steps Overview:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out.
2. **Assemble Blades:** Attach the solid wood blades to the fan motor assembly using the provided screws.
3. **Install Downrod:** Secure the chosen downrod length to the fan motor. Thread the electrical wires through the downrod.
4. **Mount Bracket:** Secure the mounting bracket to the ceiling junction box.
5. **Hang Fan:** Carefully lift the fan assembly and hang it from the mounting bracket.
6. **Wire Connections:** Connect the fan's electrical wires to the household wiring according to local electrical codes. Install the remote receiver.
7. **Attach Canopy:** Slide the canopy up to the ceiling and secure it to cover the wiring.

8. **Install Light Kit:** Connect the LED light kit wires and attach the light fixture to the bottom of the fan motor.

## Operating Instructions

---

Your QUTWOB ceiling fan is controlled by the included remote. Ensure the remote has working batteries.

### Remote Control Functions:

- **Power Button:** Turns the fan and light on/off.
- **Fan Speed (1-6):** Adjusts the fan speed from low (1) to high (6).
- **Fan On/Off:** Dedicated button to turn the fan motor on or off.
- **Light On/Off:** Toggles the LED light on or off.
- **Light Color Temperature:** Cycles through 3000K Warm White, 4500K Neutral White, and 6000K Cold White.
- **Light Dimming:** Adjusts the brightness of the LED light (0-100%).
- **Forward/Reverse (F/R):** Changes the direction of blade rotation for summer (downward airflow) or winter (upward airflow) modes.
- **Timer (1H, 2H, 4H):** Sets the fan to automatically turn off after 1, 2, or 4 hours.

# SUMMER AND WINTER DUAL-USE

## Maintenance

---

To ensure the longevity and optimal performance of your ceiling fan, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the fan blades and motor housing with a soft, damp cloth. Avoid using abrasive cleaners that may damage the finish.
- **Tighten Fasteners:** Periodically check all screws and fasteners on the fan and mounting hardware to ensure they are secure.
- **Blade Balance:** If the fan wobbles, check that all blades are securely attached and balanced.

## Troubleshooting

---

If you encounter issues with your QUTWOB ceiling fan, refer to the following common solutions:

- **Fan Not Operating:** Ensure the power supply is connected and the remote control batteries are functional. Check all wiring connections.
- **Light Not Working:** Verify the light kit wiring connections. If the light stops working after extended use, contact support for a replacement LED board.
- **Fan Noise/Wobble:** Ensure all mounting screws are tight and blades are properly installed and balanced.
- **Fan Resets After Power Outage:** This model may reset to default settings (light on, fan off) after a power interruption. Adjust settings using the remote control.

## Specifications

Feature	Detail
Brand	QUTWOB
Model Name	HR1170-52NL-L
Product Dimensions	52"D x 52"W x 16"H
Color	Nickel+Raw wood
Number of Blades	3
Power Source	DC
Wattage	15 watts
Speed	165 RPM (Max)
Control Method	Remote
Number of Power Levels	6
Indoor/Outdoor Usage	Indoor, Outdoor
Item Weight	12.42 pounds

# 52" solid Walnut Wood with Lights
