# Little Live Pets My Really Real Puppy Patches The Beagle Instruction Manual

**Brand:** Little Live Pets

**Model:** 26548

## INTRODUCTION

Welcome to the world of Little Live Pets! This manual provides essential information for setting up, operating, and maintaining your new interactive companion, Patches the Beagle. Designed to offer a lifelike pet experience, Patches features over 60 unique sounds and reactions, soft deluxe fur, and expressive blinking eyes. It comes with a versatile 2-in-1 carrier that doubles as a cozy bed, an adoption certificate, and a name tag for a personalized touch. Patches is perfect for nurturing play and imaginative adventures.

## WHAT'S INCLUDED

- 1 x Patches the Beagle Interactive Plush Puppy
- 1 x 2-in-1 Puppy Carrier (doubles as a bed)
- 1 x Feeding Bottle
- 1 x Adoption Certificate
- 1 x Name Tag
- 2 x AA Batteries (pre-installed)
- 1 x Instruction Manual

## SETUP

## 1. Battery Installation

Patches comes with 2 AA batteries pre-installed. To access the battery compartment for replacement, locate the Velcro strap on Patches' belly. Open the strap to reveal the battery compartment. Use a small Phillips head screwdriver to open the battery cover. Insert new AA batteries, ensuring correct polarity (+/-). Secure the cover and close the Velcro strap.

*Note: Always use fresh batteries and dispose of old batteries responsibly. Do not mix old and new batteries.*

## 2. Unboxing and Preparation

Carefully remove Patches and all accessories from the packaging. Ensure all plastic ties and protective materials are removed before play. The 2-in-1 carrier can be used immediately for transport or converted into a bed.

Figure 1: Patches the Beagle inside its 2-in-1 carrier, with the feeding bottle beside it.

## OPERATING PATCHES

Patches is designed for interactive play with over 60 unique sounds and reactions. Here's how to engage with your new puppy:

### 1. Interactive Sensors

- **Head Sensor:** Gently pet Patches on the top of its head to elicit happy sounds and reactions. Its eyes will blink and close in response to your touch.
- **Nose Sensor:** Press Patches' nose for various sounds and reactions, including sniffing and playful barks.
- **Back Sensor:** Pet Patches on its back for additional interactive responses.

Figure 2: Patches responds to touch with realistic sounds and movements.

### 2. Feeding Patches

Use the included feeding bottle to feed Patches. Place the bottle near its mouth, and Patches will make endearing feeding sounds and reactions, simulating a real puppy drinking.

Figure 3: Feeding Patches with its bottle elicits realistic drinking sounds.

### 3. Sleep Mode

When Patches is left undisturbed for a period, it will enter a sleep mode, closing its eyes and making soft sleeping sounds. This conserves battery life and simulates a real puppy resting.

### 4. 2-in-1 Carrier Functionality

The included carrier is designed for versatility:

- **Carrier Mode:** Use the carrier to transport Patches safely and comfortably. The top handle allows for easy carrying.
- **Bed Mode:** Unclip the top portion of the carrier to transform the base into a cozy bed for Patches. This is ideal for nap time or when Patches needs a comfortable resting spot.

Figure 4: The carrier easily converts into a comfortable bed for Patches.

## 5. Personalization

Each Patches puppy is unique, with 72 possible combinations of eye color, collar color, and a hidden birthmark. Use the included adoption certificate and name tag to personalize your puppy and make it truly your own.

# UNIQUE WITH 1 in 72 COMBINATIONS

EACH PUPPY IS SO  
UNIQUE, WITH  
DIFFERENT COLORED  
EYES, COLLARS, AND A  
SECRET BIRTHMARK!

## MAINTENANCE

### Cleaning Instructions

To clean Patches, gently wipe the surface with a damp cloth. Do not immerse the toy in water, as this may damage the electronic components. Avoid using harsh chemicals or abrasive cleaners.

### Battery Replacement

When Patches' reactions become weak or inconsistent, it's time to replace the batteries. Follow the steps outlined in the "Setup" section for safe battery replacement.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Patches is not reacting or making sounds.	Batteries are low or incorrectly installed.	Replace batteries, ensuring correct polarity.
Reactions are inconsistent or weak.	Low battery power.	Replace batteries.
Patches does not turn off.	Patches is designed to enter sleep mode after a period of inactivity. There is no manual off switch.	Allow Patches to enter sleep mode naturally. Remove batteries for extended storage.
