## Aiuyesuo Bunk Bed

# Aiuyesuo Full Size House Bed Instruction Manual

Model: Bunk Bed

Overview | Safety Information | Setup & Assembly | Operation | Maintenance | Troubleshooting | Specifications | Warranty & Support

## 1. Product Overview

This manual provides detailed instructions for the assembly, safe operation, and maintenance of your Aiuyesuo Full Size House Bed. This unique bed features an elegant house design with windows, sills, and a tent, creating a fun and functional sleeping and play area. Constructed from quality lumber and pinewood, it is designed for durability and stability.

## 2. Safety Information

**WARNING: Do not load more than 600 pounds on the upper bed. Be careful when using the ladder and guardrails. Always follow the assembly instructions to ensure the bed frame's stability and prevent collapse.**

- Ensure all fasteners are securely tightened during assembly and checked periodically.
- Do not allow children under 6 years of age to use the upper bunk.
- Always use the ladder for access to the upper bunk. Do not jump on or off the bed.
- Ensure the mattress thickness for the upper bed is between 4-6 inches to maintain guardrail effectiveness.
- Keep the area around the bed clear of obstacles.

## 3. Setup and Assembly

The Aiuyesuo Full Size House Bed requires assembly. All necessary tools and instructions are included in the packaging. It is recommended to have two adults for assembly. Please follow the step-by-step instructions provided in the separate assembly guide.

## 3.1 Package Contents

Your package should contain the following main components:

- Wooden bed frame components (Plywood, MDF, Pinewood)
- Elegant Windows and Sills
- Tent fabric
- Ladder
- Safety Guardrails
- Slats (14 pieces)
- Hardware pack (screws, bolts, etc.)
- Assembly Instructions

## 3.2 Assembly Steps Overview

1. Unpack all components and verify against the parts list in the assembly guide.
2. Assemble the main bed frame structure according to the diagrams.
3. Attach the safety guardrails to the upper bunk.
4. Install the ladder. The slide can be installed on either side of the bed.
5. Place the wooden slats onto the bed frame.
6. Attach the decorative windows, sills, and tent fabric.
7. Ensure all connections are tight and stable before use.

*Figure 3: Close-up view of the ladder attachment point and the sturdy wooden frame construction.*

## 4. Operation

### 4.1 Using the Bed

- **Upper Bunk:** The upper bunk has a weight capacity of 600 lbs. It is recommended for users aged 6 years and older. Use a mattress with a thickness of 4-6 inches to ensure the safety guardrails are effective.
- **Lower Area:** The semi-enclosed space beneath the upper bunk can be used as a sleeping area, a play space, or for storage. This design ensures air circulation.
- **Ladder:** Always use the provided ladder to access the upper bunk. Ensure it is securely attached.
- **Windows and Tent:** The elegant windows, sills, and tent create a playhouse environment. The small windowsill can be used for light storage of small items.

*Figure 4: Detail of the tent fabric and window design, highlighting the playhouse features.*

*Figure 5: Close-up of the decorative windows and sills, showing the heart-shaped cutouts and functional shelves.*

## 5. Maintenance

- **Cleaning:** Wipe down wooden surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish. The tent fabric can be spot cleaned as needed.

- **Fasteners:** Periodically check all screws, bolts, and other fasteners to ensure they remain tight. Re-tighten if necessary to maintain structural integrity.
- **Inspection:** Regularly inspect the bed for any signs of wear, damage, or loose parts. Address any issues promptly to prevent accidents.
- **Ventilation:** Ensure adequate air circulation around the bed, especially in the lower semi-enclosed area.

## 6. Troubleshooting

| Problem | Possible Cause | Solution |
|---|---|---|
| Bed feels wobbly or unstable. | Loose fasteners. | Check and tighten all screws and bolts. Ensure the bed is on a level surface. |
| Squeaking noises. | Loose connections or friction between wooden parts. | Tighten all fasteners. Apply a small amount of wax or silicone spray to contact points if necessary (avoiding areas that bear weight). |
| Missing parts during assembly. | Packaging error or lost during unpacking. | Carefully check all packaging materials. Contact customer support with your parts list and purchase information. |
| Ladder feels insecure. | Improper attachment or loose bolts. | Ensure the ladder is correctly hooked and bolted to the bed frame as per assembly instructions. Tighten all ladder fasteners. |

## 7. Product Specifications

| Feature | Detail |
|---|---|
| **Product Type** | Bunk Bed |
| **Size** | Full |
| **Color** | Pink+White |
| **Overall Product Dimensions (L x W x H)** | 81.9" x 78.2" x 83.1" |
