# Lexicon Schmid 3-Piece Polished Microfiber Manual Reclining Sofa Set User Manual

Brand: **Lexicon** | Model: **B0CPP7G67R**

## 1. PRODUCT OVERVIEW

The Lexicon Schmid 3-Piece Polished Microfiber Manual Reclining Sofa Set is designed to enhance your living space with comfort and style. This set features a durable wooden frame, plush foam boxed pocket coil cushions, and a soft, polished microfiber upholstery in a rich brown color. It includes a reclining sofa, a reclining loveseat, and a reclining chair, offering versatile seating options for relaxation.

### Key Features:

- Fabric Composition: 100% Polyester polished microfiber.
- Dimensions: Sofa (84.5"W x 38"D x 40"H), Loveseat (61.5"W x 38"D x 40"H), Chair (38"W x 38"D x 40"H).
- Construction: S-Spring and Webbing Seat Construction with Foam Boxed Pocket Coil Cushioning.
- Reclining Mechanism: Manual tab-pull reclining seats (5 reclining seats total, 1 stationary seat on sofa).
- Weight Capacity: Supports up to 300 lbs per seat.
- Assembly: Requires assembly.

## 2. SETUP AND ASSEMBLY

Assembly is required for this sofa set. Please follow the instructions carefully to ensure proper and safe setup. It is recommended to have at least two adults for assembly.

### Assembly Steps:

1. Unpack all components and verify against the parts list in the included manual.
2. Attach the backrests to the seat bases. Ensure they click securely into place.
3. Connect any necessary linking mechanisms between modular pieces (if applicable).
4. Attach the legs or feet to the bottom of each piece.
5. Ensure all connections are firm and stable before use.

For detailed, step-by-step assembly instructions, please refer to the official Installation Manual (PDF) available at: [Installation Manual PDF](#).

### Schmid Collection

Elevate your living room with our Schmid Collection. A brown polished microfiber covers the wooden frame while the foam boxed pocket coil cushion provides a just right support and comfort. This sofa set will be a perfect addition to your living space.

### 3. OPERATING INSTRUCTIONS

The Lexicon Schmid sofa set features a manual reclining mechanism for easy adjustment to your preferred comfort position.

#### Manual Reclining Operation:

- To recline, locate the tab-pull lever on the side of the seat (typically on the outer side of the armrest).
- Pull the lever firmly to release the footrest and allow the backrest to recline.
- Lean back gently to achieve your desired reclining angle. The mechanism will hold the position.
- To return to the upright position, push down on the footrest with your legs while leaning forward. The backrest will follow. Ensure the footrest is fully locked into place before standing.

## 4. MAINTENANCE

Proper care and maintenance will extend the life and appearance of your Lexicon Schmid sofa set. The polished microfiber fabric is designed to be durable, soft, and stain-resistant.

### General Care:

- **Regular Cleaning:** Vacuum regularly using a soft brush attachment to remove dust and loose particles.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, use a mild, water-free cleaning solvent or a dry-cleaning product. Always test on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading. Position your furniture away from direct sunlight or use window coverings.
- **Protect from Pets:** Pet claws can damage upholstery. Consider using furniture covers if you have pets.
- **Mechanism Care:** Periodically check and tighten any loose screws on the reclining mechanism. Avoid forcing the mechanism.

## 5. TROUBLESHOOTING

This section provides solutions to common issues you might encounter with your reclining sofa set.

Problem	Possible Cause	Solution
Reclining mechanism is stiff or difficult to operate.	New furniture stiffness; lack of lubrication; obstruction.	Operate the mechanism repeatedly to break it in. Ensure no objects are obstructing the mechanism. If persistent, a silicone-based lubricant can be applied to moving parts (consult a professional if unsure).

Problem	Possible Cause	Solution
Footrest does not fully retract.	Obstruction; mechanism not fully engaged.	Check for any objects under the footrest. Apply firm, even pressure to the footrest with your legs until it locks into place.
Squeaking or creaking noises.	Loose connections; friction between parts.	Check all visible bolts and screws and tighten if loose. Apply a small amount of silicone lubricant to pivot points if the noise persists.
Backrest feels loose.	Backrest not fully engaged with the base.	Ensure the backrest is fully pushed down and locked into the receiving brackets on the seat base. You should hear a click.
