Liudefa 8139-6white

Liudefa 6-Light LED Ceiling Light Fixture User Manual

Model: 8139-6white | Brand: Liudefa

1. INTRODUCTION

Thank you for choosing the Liudefa 6-Light LED Ceiling Light Fixture. This modern flush mount chandelier features a unique design with six round lampshades and wooden accents, providing adjustable color temperatures (3000K, 4000K, 6000K) to suit various environments. This manual provides essential information for safe installation, operation, and maintenance of your new lighting fixture.

Three-color light

(The color of the light is switched through the wall switch)

Operate steps

- ▶ Press the switch once-white light
- ▶ Turn off and then on-warm light
- ▶ Turn off and then on-neutral light

2. SAFETY INFORMATION

Please read all instructions carefully before installation and use. Keep this manual for future reference.

- **Electrical Safety:** Always turn off the main power supply at the circuit breaker before beginning any electrical work. If you are unsure about electrical wiring, consult a qualified electrician.
- **Installation:** Ensure the mounting surface can support the weight of the fixture. Do not install in damp or wet locations unless explicitly stated as suitable.
- **Handling:** Handle the fixture with care to avoid damage to components. Do not connect the fixture to a dimmer switch unless it is explicitly designed for dimmable LED fixtures. This fixture supports 3-color temperature switching via a standard wall switch.
- **Cleaning:** Disconnect power before cleaning. Use a soft, dry cloth. Do not use abrasive cleaners or solvents.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before installation.

- LED Ceiling Light Fixture (Model 8139-6white)

- Mounting Hardware
- LED Lens (Integrated)
- Instruction Manual

4. SPECIFICATIONS

5. SETUP AND INSTALLATION

Professional installation is recommended for electrical fixtures. Ensure power is OFF before starting.

1. **Prepare the Area:** Turn off power at the circuit breaker. Clear the installation area.
2. **Assemble the Fixture:** Follow the assembly steps shown in Image 3. Connect the individual light rings to the central wooden accents and the main base plate. Ensure all connections are secure.
3. **Mount the Bracket:** Secure the mounting bracket to the ceiling junction box using the provided hardware.
4. **Wire Connections:** Connect the fixture's wires to the household electrical wires according to local electrical codes (typically black to black, white to white, and ground to ground). Use appropriate wire connectors.
5. **Attach the Fixture:** Carefully lift the assembled fixture and attach it to the mounting bracket, securing it with screws.
6. **Restore Power:** Once the fixture is securely installed and all connections are checked, restore power at the circuit breaker.

Installation Video

Video 1: This video demonstrates the assembly process and showcases the different light color temperatures of the 8139 Wooden LED Ceiling Light Fixture.

6. OPERATING INSTRUCTIONS

This fixture allows you to switch between three color temperatures (White light, Neutral light, Warm light) using your standard wall switch.

1. **Initial Turn On:** Press the wall switch once to turn on the light. It will typically default to White light (6000K).
2. **Switching to Warm Light:** Turn the light off and then immediately on again. The fixture will switch to Warm light (3000K).
3. **Switching to Neutral Light:** Turn the light off and then immediately on again. The fixture will switch to Neutral light (4000K).

4. **Cycle Through:** Repeat the off-on sequence to cycle through the three color temperatures.

Note: This fixture does not have a dimming memory function. Each time you turn on the light, you may need to readjust the color temperature to your desired setting.

7. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your light fixture.

- **Cleaning:** Before cleaning, ensure the power is turned off. Use a soft, dry, or slightly damp cloth to wipe the surfaces. Avoid using harsh chemicals, abrasive cleaners, or sprays directly on the fixture.
- **Inspection:** Periodically check for any loose connections or signs of wear. If any issues are found, consult a qualified electrician.
- **LED Care:** The LED light source is integrated and designed for long life. Do not attempt to replace individual LEDs.

8. TROUBLESHOOTING

If you encounter issues with your light fixture, refer to the following common problems and solutions:

- **Light Does Not Turn On:**
 - Check if the power supply at the circuit breaker is on.
 - Ensure all wire connections are secure and correctly made.
 - Verify the wall switch is functioning correctly.
- **Light Flickers:**
 - Ensure all electrical connections are tight.
 - Confirm the fixture is not connected to an incompatible dimmer switch.
- **Incorrect Color Temperature:**
 - Cycle through the color temperatures using the wall switch as described in Section 6.

If problems persist, please contact customer support.

9. WARRANTY AND SUPPORT

The Liudefa 6-Light LED Ceiling Light Fixture (Model 8139-6white) comes with a **2-year manufacturer's warranty** covering defects in materials and workmanship.

For warranty claims, technical assistance, or any questions regarding your product, please contact Liudefa customer support. Refer to your purchase documentation for specific contact details or visit the official Liudefa website.
