PACKAGE CONTENTS

Upon opening your package, please verify that all the following items are included:

- SABLUTE KL3 PRO Wireless Keyboard
- SABLUTE Wireless Mouse
- 2.4G USB Receiver (Dongle)
- USB Type-C Charging Cable
- User Manual (this document)

SETUP INSTRUCTIONS

1. Charging the Devices

Both the keyboard and mouse are rechargeable. Before initial use, it is recommended to fully charge both devices.

1. Connect the provided USB Type-C charging cable to the charging port on the keyboard and mouse.
2. Plug the other end of the cable into a USB power source (e.g., computer USB port, USB wall adapter).
3. Charging typically takes 2-3 hours for a full charge. The indicator light will change to show charging status.

2. Connecting to Your Device

The SABLUTE KL3 PRO combo uses a 2.4G wireless connection via a single USB receiver.

1. Locate the 2.4G USB receiver. It is typically stored in the mouse's battery compartment or within the product packaging.
2. Plug the USB receiver into an available USB-A port on your computer or laptop.

3. Turn on the keyboard and mouse using their respective power switches.
4. The devices should connect automatically within seconds. No additional drivers are usually required for most operating systems.

Compatibility: This combo is compatible with Windows, Chrome OS, Linux, and Mac devices. Please note that multimedia keys may have limited functionality on Mac operating systems.

Important Note: A USB-C dongle is not included. This keyboard and mouse combo cannot connect directly to tablets or phones without a compatible USB-A adapter (not included).

OPERATING INSTRUCTIONS

Keyboard Features

- **Backlight Effects:** Choose from 7 solid colors and 1 rainbow backlight color. There are 3 distinct backlight modes available.
- **Backlight Control:**
 - Press **Fn + PrtSc/SysRq** to turn the backlight on or off.
 - Press **Fn + Scroll Lock** to switch between different backlight modes.
 - Press **Fn + Up Arrow** or **Fn + Down Arrow** to adjust the backlight brightness (3 levels).
- **Ergonomic Wrist Rest:** The keyboard features an extra-wide 2.8-inch wrist rest designed to reduce wrist fatigue during extended use.
- **Integrated Phone Holder:** A built-in holder accommodates devices up to 11.9 inches, allowing for convenient multitasking.
- **Multimedia Keys:** Access 6 one-touch media keys and F1-F12 shortcuts for streamlined daily tasks.
- **Quiet Typing:** The keyboard is designed for silent operation, minimizing disturbance in shared environments.
- **Low-Profile Keycaps:** Features 1mm low-profile keycaps for easier cleaning and quieter typing.

POWER MANAGEMENT

The SABLUTE KL3 PRO combo is designed with energy-saving features to extend battery life.

- **Smart Sleep Mode:** If idle for 90 seconds, the devices will enter a smart sleep mode to conserve power. Press any key on the keyboard or move the mouse to reactivate.
- **Long Standby Time:** With the backlight off, the devices can achieve up to 365 days of standby time on a full charge.

MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your SABLUTE KL3 PRO combo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the surfaces of the keyboard and mouse. For stubborn dirt, a slightly damp cloth with mild soap can be used, ensuring no liquid enters the device.
- **Keycap Cleaning:** The low-profile keycaps are designed for easier cleaning. Use compressed air to remove debris from between keys.
- **Storage:** Store the devices in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Liquids:** Do not expose the keyboard or mouse to excessive moisture or liquids.
- **Handle with Care:** Avoid dropping or subjecting the devices to strong impacts.

TROUBLESHOOTING

If you encounter any issues with your SABLUTE KL3 PRO combo, please refer to the following common solutions:

Problem	Possible Solution
Keyboard/Mouse not responding	Ensure the USB receiver is securely plugged into a USB-A port on your computer. Check if the keyboard and mouse are powered on. Recharge both devices to ensure sufficient battery. Try plugging the USB receiver into a different USB port.
Lag or delayed response	Ensure the devices are within the 33ft wireless range of the USB receiver. Minimize interference from other 2.4GHz wireless devices. Recharge the devices.
Backlight not working	Press Fn + PrtSc/SysRq to toggle the backlight on/off. Ensure the device has sufficient battery charge.
Missing USB receiver	Check the packaging thoroughly. Inspect the battery compartment of the mouse, as it is often stored there.

Problem	Possible Solution
Devices enter sleep mode too quickly	This is a power-saving feature. Simply press any key on the keyboard or move the mouse to wake them up.
