onerbl 26V AC/DC Adapter Instruction Manual

For Aigostar Models 330200A3Q and 330200A3P Cordless Stick Vacuum Cleaners

1. Introduction

This manual provides essential information for the safe and effective use of your onerbl 26V AC/DC Adapter. This adapter is specifically designed to provide power to Aigostar Model 330200A3Q and 330200A3P cordless stick vacuum cleaners, which utilize a 21.6V 2200mAh Li-ion battery system.

Please read this manual thoroughly before using the product and retain it for future reference.

2. Safety Information

Observe the following safety precautions to prevent electric shock, fire, or damage to the adapter or connected device:

- Use the adapter only with compatible devices as specified (Aigostar Models 330200A3Q, 330200A3P).
- Do not expose the adapter to water, moisture, or extreme temperatures.
- Do not disassemble, modify, or attempt to repair the adapter. Refer servicing to qualified personnel.
- Ensure the power outlet voltage matches the adapter's input specifications (AC 100-240V, 50/60Hz).
- Avoid placing heavy objects on the power cord or adapter.
- Unplug the adapter from the power outlet when not in use for extended periods.
- This adapter features built-in protection against over-voltage, over-current, and short-circuit conditions.

The adapter incorporates a smart chip for multiple protection features, including short-circuit, over-voltage, and over-current protection, ensuring electrical safety.

3. Package Contents

Verify that all items are present upon opening the package:

- 1 x onerbl 26V AC/DC Adapter

4. Setup

Follow these steps to set up your AC/DC adapter:

1. **Inspect the Adapter:** Before first use, visually inspect the adapter and its cable for any signs of damage.
2. **Connect to Device:** Insert the adapter's output connector firmly into the charging port of your Aigostar Model 330200A3Q or 330200A3P cordless stick vacuum cleaner.
3. **Plug into Power Outlet:** Plug the adapter's AC input prongs into a standard wall power outlet (AC 100-240V, 50/60Hz).
4. **Verify Connection:** Ensure both connections are secure. The vacuum cleaner's charging indicator (if present) should activate, indicating that charging has begun.

The adapter is designed for easy connection to a standard power outlet.

5. Operating Instructions

The onerbl 26V AC/DC Adapter operates automatically once connected. It provides the necessary power to charge the Li-ion battery of your Aigostar vacuum cleaner.

- **Charging:** Once connected, the adapter will begin charging the vacuum cleaner's battery. Monitor the vacuum cleaner's battery indicator for charging status.
- **Full Charge:** Disconnect the adapter from the vacuum cleaner and the power outlet once the battery is fully charged to conserve energy and prolong battery life.
- **Continuous Power:** The adapter can also provide continuous power to the vacuum cleaner if it is designed to operate directly from the power supply without relying solely on battery power. Refer to your vacuum cleaner's manual for specific operating modes.

6. Maintenance

Proper maintenance ensures the longevity and optimal performance of your adapter:

- **Cleaning:** Disconnect the adapter from all power sources before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Cable Care:** Avoid bending or crimping the power cord excessively. Do not wrap the cord tightly around the adapter.

The adapter features a durable design with quality copper wiring for reliable performance.

7. Troubleshooting

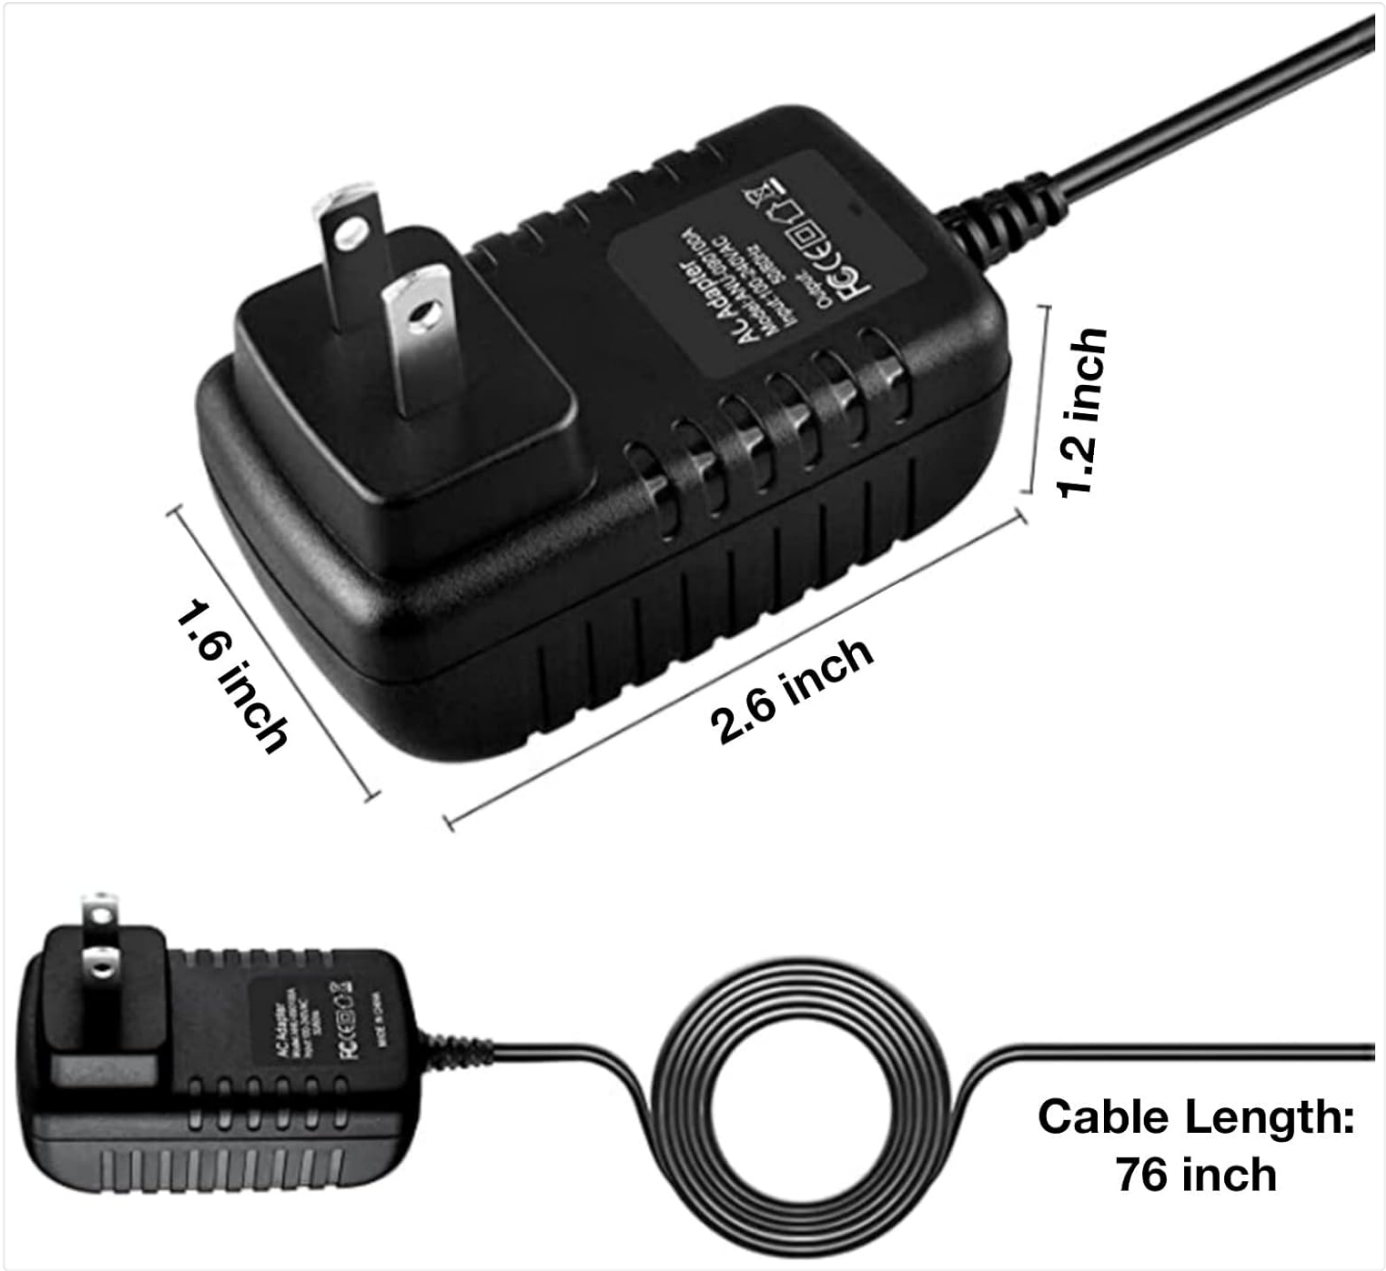

If you encounter issues with your adapter, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Adapter not charging device	Loose connection, faulty outlet, incompatible device, damaged adapter/cable	Ensure connections are secure. Test the outlet with another device. Verify device compatibility. Inspect adapter/cable for damage; discontinue use if damaged.
Adapter feels hot during use	Normal operation, excessive load, poor ventilation	A slight warmth is normal. Ensure adequate ventilation around the adapter. If it becomes excessively hot or emits smoke/odor, unplug immediately and discontinue use.
Device not turning on after charging	Battery issue, device fault	Refer to your vacuum cleaner's instruction manual for battery and device troubleshooting.

8. Specifications

Technical details of the onerbl 26V AC/DC Adapter:

Visual representation of the adapter and its key dimensions.

Feature	Specification
Brand	onerbl
Input Voltage	AC 100-240V, 50/60Hz
Output Voltage	DC 26V
Output Current	0.5 Amps (500mA)
Wattage	250 watts (for compatible device)
Connector Type	2-Pin
Compatible Devices	Aigostar Model 330200A3Q, Aigostar Model 330200A3P
Cable Length	76 inches (approximately 6.3 feet)

Feature	Specification
Special Features	Over Voltage Protection, Over Heat Protection, Short Circuit Protection, Travel-friendly
Power Source	Corded Electric

9. Warranty and Support

For warranty information or technical support, please refer to the documentation provided with your purchase or contact the retailer. Keep your purchase receipt as proof of purchase.
