

## CATCHFACE C6-Silver

# CATCHFACE C6-Silver Smart Lock User Manual

Model: C6-Silver

## INTRODUCTION

---

This manual provides detailed instructions for the installation, operation, and maintenance of your CATCHFACE C6-Silver Smart Lock. This advanced keyless entry system offers multiple access methods, including fingerprint recognition, TLock app control, password, IC card, and traditional mechanical key.

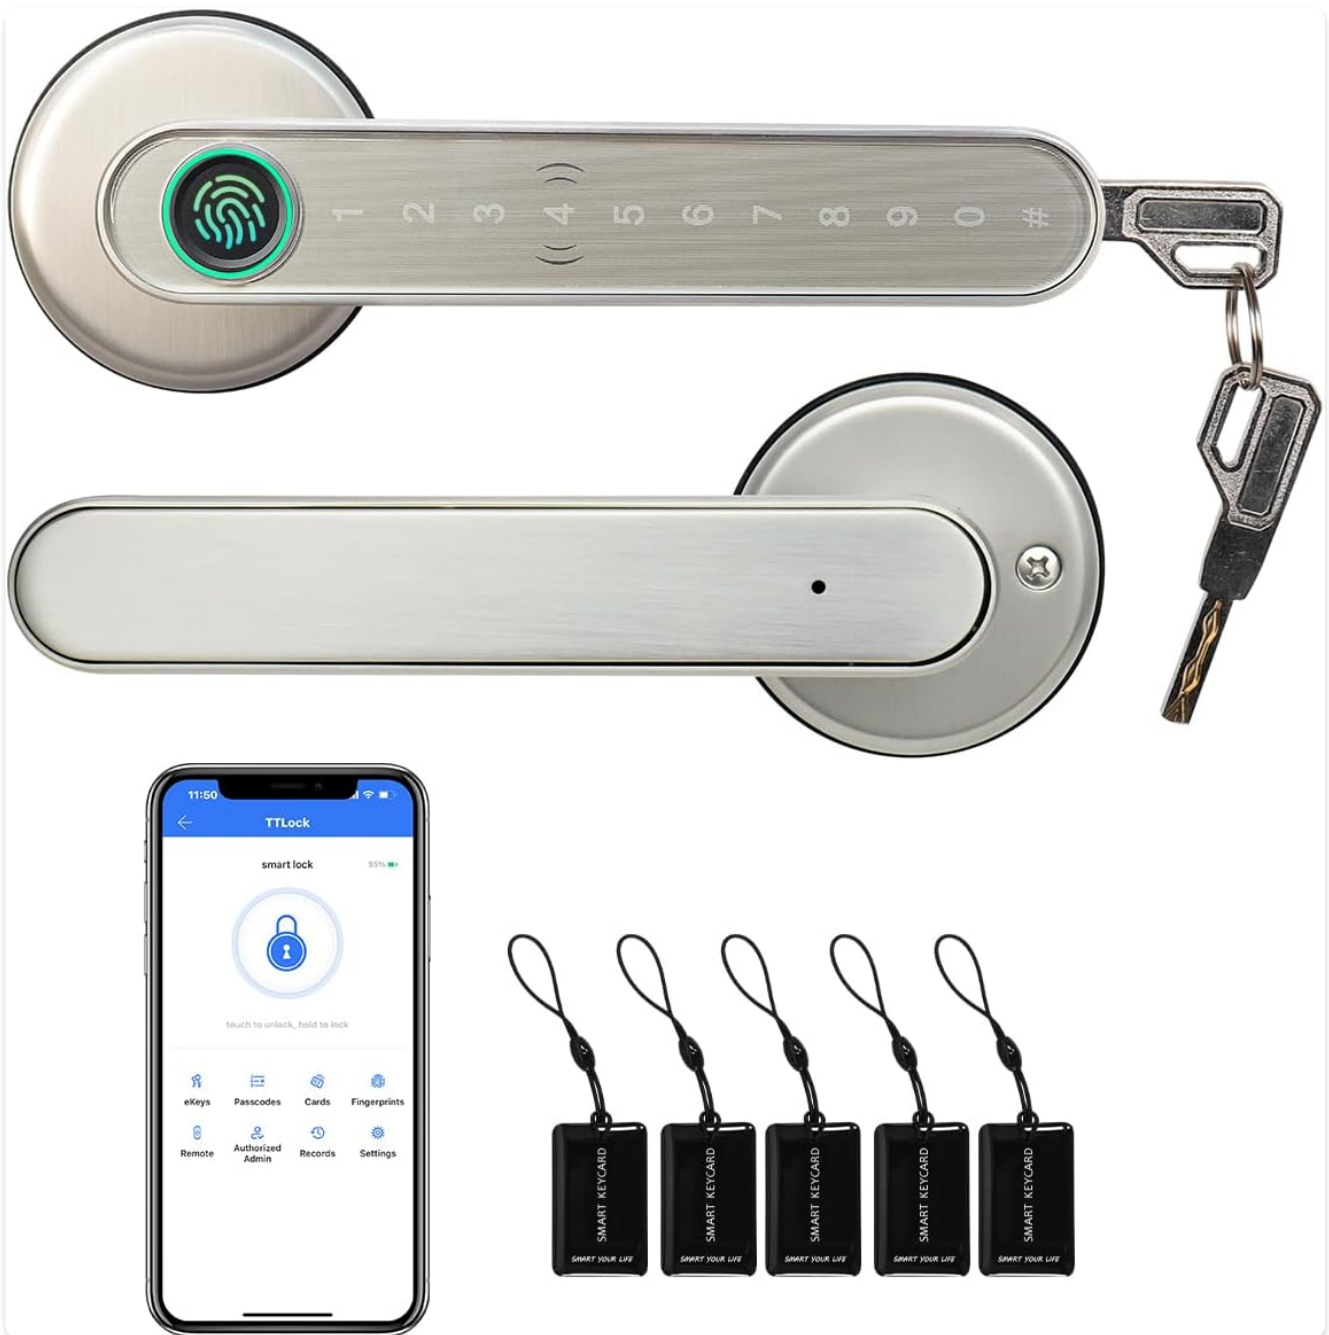

Image: Overview of the CATCHFACE C6-Silver Smart Lock and its included accessories, such as IC cards and mechanical keys.

## SETUP AND INSTALLATION

The CATCHFACE C6-Silver Smart Lock is designed for easy installation and fits standard door preparations. It can be installed on both left and right-handed doors.

### Package Contents:

- Smart Lock Unit (Front and Rear Handles)
- IC Cards (5 included)
- Mechanical Keys (2 included)
- Installation Hardware and Tools

### Installation Steps:

1. **Prepare the Door:** Ensure your door has a standard spherical lock hole with a width of 55-75mm and a thickness of 35-55mm.
2. **Install the Latch:** Insert the latch into the door edge and secure it with screws.
3. **Install the Exterior Assembly:** Route the cable through the door and position the exterior handle assembly.
4. **Install the Interior Assembly:** Connect the cable to the interior handle assembly and secure it to the door using the provided screws. Ensure the internal bar is oriented correctly (usually marked "THIS SIDE UP").
5. **Insert Batteries:** The lock requires 4 AAA alkaline batteries (not included). Insert them into the battery compartment.
6. **Test Operation:** After installation, test the mechanical key and ensure the handle operates smoothly.

# Fits On 99% Doors

This type of spherical door lock can be directly replaced  
**width of 55~75cm spherical lock hole**  
**Suitable Door Thickness: 35~55mm**

## OPERATING INSTRUCTIONS

Your CATCHFACE C6-Silver Smart Lock offers multiple convenient ways to unlock your door.

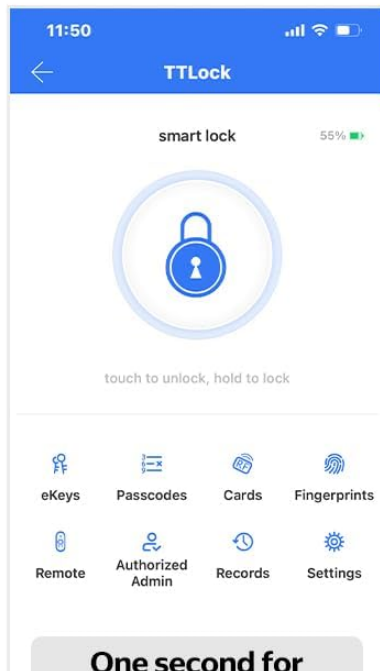

### 1. TLock App Control:

The TLock app allows for comprehensive management of your smart lock. Download the app from your device's app store (iOS/Android).

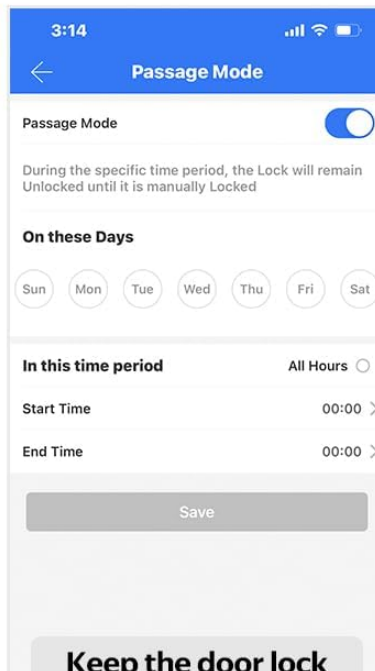

- **Pairing:** Follow the in-app instructions to pair your lock via Bluetooth.
- **Remote Unlock:** Unlock the door remotely via the app (requires a compatible gateway, sold separately, for Wi-Fi remote access).
- **Generate Passcodes:** Create permanent, timed, one-time, or recurring passcodes for guests or service providers.
- **Manage Fingerprints & IC Cards:** Add, modify, or delete registered fingerprints and IC cards directly from the app.
- **View Operation Logs:** Access a record of all lock and unlock events, including method and time.
- **Auto-Lock Feature:** Configure the lock to automatically lock after a set delay.
- **Passage Mode:** Set the lock to remain unlocked for specific periods, useful for gatherings.
- **Silent Mode:** Adjust or mute the lock's sound prompts.

# WITH TTLock APP

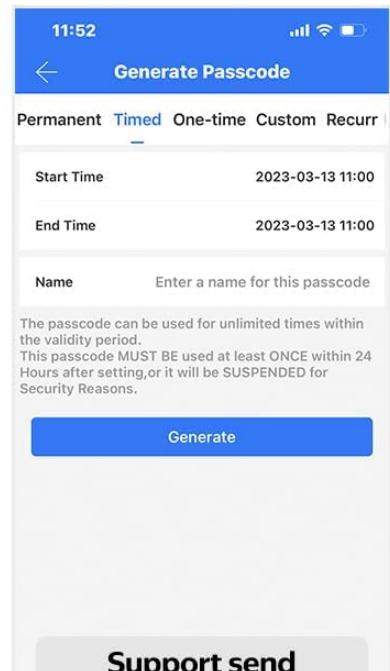

## Remote Manage Your Smart Lock

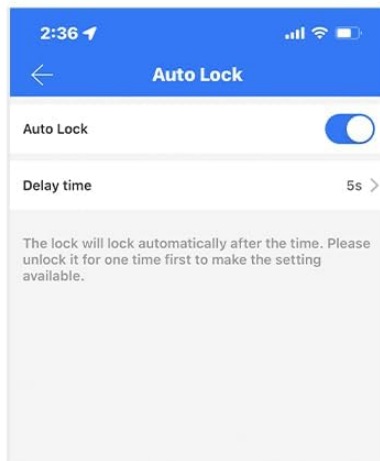

**One second for fast remote unlock**

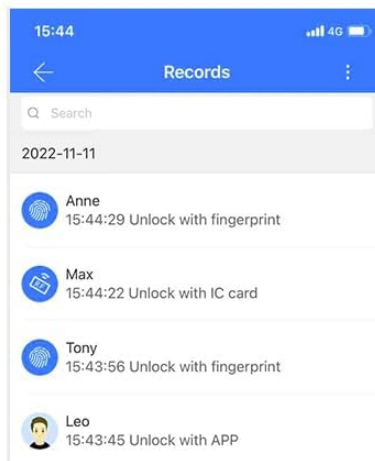

**Keep the door lock unlocked**

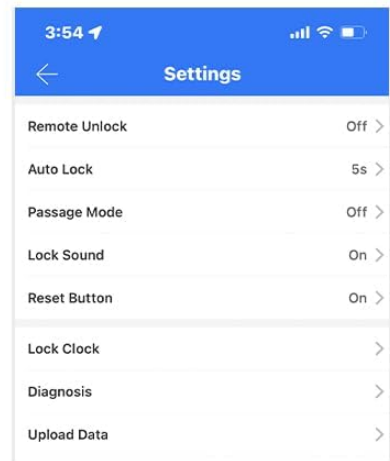

**Support send timed password**

**Support Auto lock**

**Check operation logs**

**More System settings**

Random Digits	Correct Password	Random Digits

Image: Detailed view of the smart lock's fingerprint identification area and the anti-peeking virtual password feature.

### 3. Password Entry:

Enter your registered password on the backlit keypad. The lock features anti-peeking technology, allowing you to enter random digits before or after your actual code to prevent others from guessing your entry.

### 4. IC Card Access:

Tap a registered IC card to the designated sensing area on the lock to unlock the door. This is convenient for family members, and lost cards can be easily deleted via the app.

# Encrypted Smart IC Card

## Easy to Use IC card to Unlock The Door

It is convenient for each family member to easily manage.  
If the card is lost, it can be deleted and invalid.

Image: Demonstrates the use of an encrypted smart IC card to unlock the door, highlighting its ease of use and security features.

### 5. Mechanical Key:

For emergency situations or as a backup, use the provided mechanical keys to unlock the door.

## MAINTENANCE

### Battery Replacement:

The CATCHFACE C6-Silver Smart Lock is powered by 4 AAA alkaline batteries. When the battery level is low, the

lock will provide a low battery alarm. Replace all four batteries promptly to ensure continuous operation.

## Ultra-long Battery Life

mechanical key

#### USB Power Outlet

Emergency power for door locks  
with power band

Image: Illustrates the battery compartment for 4 AAA batteries and emergency power options, including mechanical key and USB power outlet.

In case of complete battery depletion, you can use the mechanical key for emergency unlocking or connect a power bank to the USB power outlet on the lock for temporary power.

### Cleaning:

Wipe the lock surface with a soft, dry cloth. Avoid using abrasive cleaners or solvents that may damage the finish or electronic components.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Lock does not respond.	Low or dead batteries.	Replace all 4 AAA batteries. Use mechanical key or USB power for emergency access.
Fingerprint not recognized.	Finger is dirty, wet, or not properly placed; unregistered fingerprint.	Ensure finger is clean and dry. Place entire pad of finger on sensor. Re-register fingerprint if issue persists.
Password not working.	Incorrect password entered; anti-peeping feature misunderstood.	Verify the correct password. Remember you can enter random digits before or after the actual code.
IC card not working.	Unregistered IC card; card damaged.	Ensure the IC card is registered in the TTLock app. Try another registered card.
Cannot connect to TTLock app.	Bluetooth is off; lock is out of range; app issue.	Ensure Bluetooth is enabled on your phone. Move closer to the lock. Restart the app or your phone.
Lock does not auto-lock.	Auto-lock feature is disabled or passage mode is active.	Check auto-lock settings in the TTLock app. Disable passage mode if not needed.

If you encounter issues not listed here, please refer to the TTLock app's help section or contact customer support.
