Irene House 9205

Irene House 9205 Power Lift Recliner User Manual

Model: 9205

Introduction

This user manual provides comprehensive instructions for the safe and effective use of your Irene House 9205 Power Lift Recliner. Please read this manual thoroughly before assembly and operation to ensure proper function and longevity of your product. Keep this manual for future reference.

Safety Information

WARNING:

- Do not exceed the maximum weight capacity of 400 lbs (181 kg).
- Follow all instructions for safe assembly and operation.
- Keep children and pets away from the chair's moving parts.
- Ensure the power cord is not pinched or damaged.
- Do not operate the chair if any part is damaged or malfunctioning. Contact customer support immediately.

Product Overview and Dimensions

The Irene House 9205 Power Lift Recliner is designed for comfort and support, featuring dual motors for independent backrest and footrest control, heat, and massage functions. It is suitable for individuals from 5'7" to 6'3" and supports up to 400 lbs.

Image Description: A technical diagram illustrating the various dimensions of the Irene House 9205 Power Lift Recliner. Key measurements include a height of 46.4 inches, width of 40.5 inches, and depth of 43.3 inches. The diagram also shows seat depth, backrest height, and the full lay-flat length of 77.5 inches. The chair has a capacity of 400 lbs and is ideal for heights between 5'7" and 6'3".

- **Product Dimensions (D x W x H):** 43.3" x 40.5" x 46.4"
- **Maximum Weight Recommendation:** 400 lbs
- **Ideal User Height:** 5'7" to 6'3"
- **Seat Height:** 20.4 Inches
- **Seat Depth:** 23.6 inches
- **Seat Back Interior Height:** 30.3 Inches

Setup and Assembly

The Irene House 9205 recliner is designed for easy assembly, typically taking about 15 minutes with step-by-step instructions provided in the packaging. No additional tools are required.

1. Unpack all components and ensure all parts are present.
2. Connect the backrest to the seat base, ensuring it clicks securely into place.
3. Connect the power cables from the chair to the power adapter, then plug the adapter into a wall outlet.
4. Attach the remote control cable to the designated port on the chair.
5. If desired, install the four removable casters for easier mobility.

6. Place the supportive lumbar pillow for added comfort.

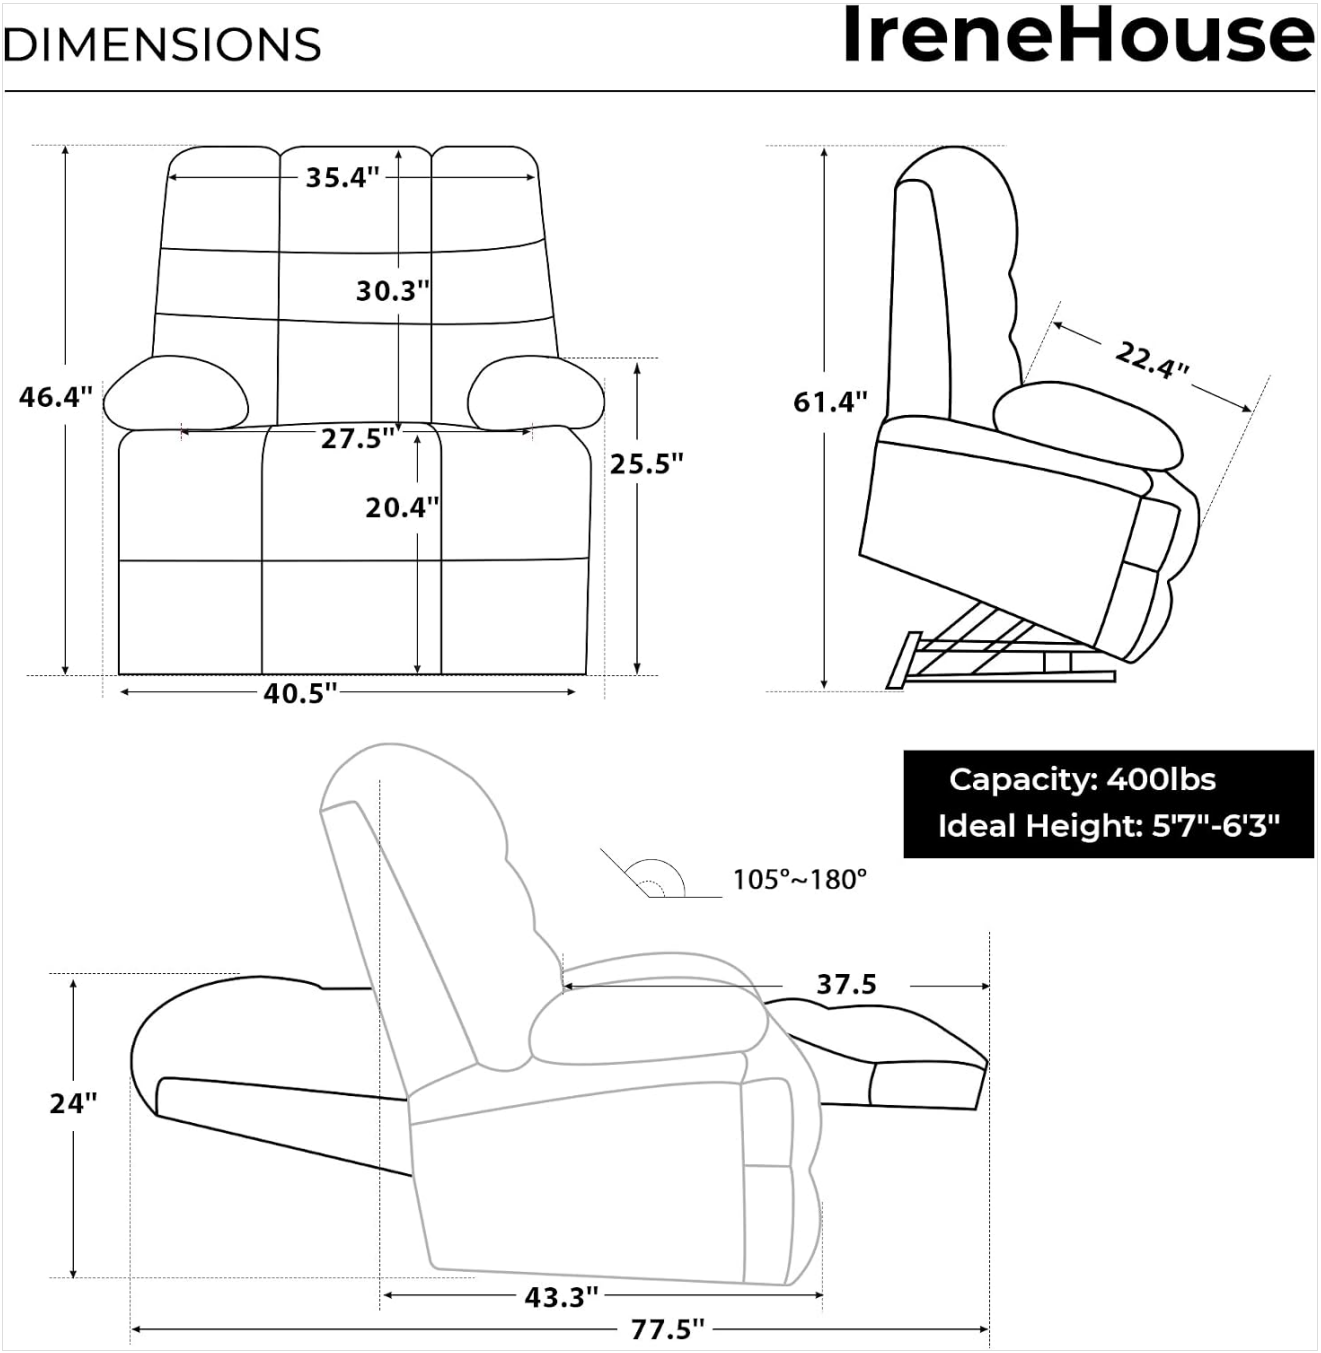

Image Description: A front-angle view of the fully assembled Irene House 9205 Power Lift Recliner in dark brown faux leather. The chair appears plush and oversized, with a remote control visible on the side.

Operating Instructions

Your Irene House 9205 recliner comes with a user-friendly remote control to manage all functions.

Remote Control Functions

Image Description: A close-up image showing the two remote controls for the recliner. One remote has buttons for power, massage modes, intensity, heat levels, and timers. The other remote has four large buttons for adjusting the chair's position (lift, recline, footrest up/down).

- **Position Control Remote:** This remote features four large buttons to control the chair's movement.
  - **Up Arrow:** Lifts the chair to assist in standing.
  - **Down Arrow:** Lowers the chair to a seated position.
  - **Recline Backrest:** Adjusts the backrest angle.
  - **Extend Footrest:** Adjusts the footrest position.
- **Massage & Heat Control Remote:** This remote manages the therapeutic functions.
  - **Power Button:** Turns massage and heat functions on/off.
  - **Massage Points:** Select specific areas (back, waist, thighs, legs).
  - **Vibration Intensity:** Choose from 3 levels (Low, Medium, High).
  - **Heat Levels:** Select from 3 heat levels for the lumbar area.
  - **Timer:** Set massage/heat duration (e.g., 15, 30, 60 minutes).

Dual Motor Operation

The dual motor system allows for independent adjustment of the backrest and footrest, providing infinite reclining positions for personalized comfort.

Image Description: An image showing the Irene House 9205 recliner in a partially reclined position, highlighting the independent movement of the backrest and footrest, powered by a dual TiMotion motor system. The text "Infinite Position" is displayed.

Use the dedicated buttons on the position control remote to adjust the backrest and footrest separately until you find your desired angle for reading, watching TV, or relaxing.

Massage and Lumbar Heating

The chair features 8 massage points covering the back, waist, thighs, and legs, along with 3 heat levels for the lumbar area.

Image Description: A diagram superimposed on the recliner, indicating 8 vibrating massage nodes across the back, waist, thighs, and legs, and a lumbar heating zone. Icons at the bottom represent 8 vibrating massage nodes, 3 vibration intensities, 3 vibration modes, 3 adjustable temperatures, and time setting.

Use the massage & heat control remote to activate and customize these functions. Select your preferred massage points, vibration intensity, and heat level. You can also set a timer for the duration of the massage and heat.

Lay Flat Design

The recliner's lay-flat design allows it to fully extend to a horizontal position, providing a comfortable surface for napping or extended rest.

Image Description: The Irene House 9205 recliner shown in a completely flat, bed-like position, demonstrating its lay-flat design. The remote control is visible on the side.

Detachable Armrests

The armrest cushions are detachable, allowing the chair to be converted into a wider, more bed-like surface for enhanced comfort during naps or overnight rest.

Image Description: A detailed image highlighting the detachable armrest feature of the Irene House 9205 recliner. It shows how the armrest cushion can be unbuckled and removed to create a flatter, wider surface.

Maintenance

To ensure the longevity and appearance of your recliner, follow these simple maintenance guidelines:

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Spills:** Blot spills immediately with a clean, dry cloth.
- **Inspection:** Periodically check all connections and moving parts for wear or damage.

- **Power Cord:** Ensure the power cord is not tangled, pinched, or damaged.

Troubleshooting

If you encounter any issues with your Irene House 9205 recliner, please refer to the following common solutions:

Problem	Possible Cause	Solution
Chair does not move or power on.	Power cord unplugged, loose connection, power outage.	Check if the power cord is securely plugged into the wall outlet and the chair. Ensure all connections are firm. Verify power to the outlet.
Massage/Heat function not working.	Massage/Heat remote not connected, power issue, internal malfunction.	Ensure the massage/heat remote is properly connected. Check power supply. If the issue persists, contact customer support.
Chair makes unusual noises.	Loose components, obstruction in mechanism.	Inspect for any loose screws or obstructions under the chair. Do not attempt to repair the motor mechanism yourself. Contact customer support.
Chair is difficult to move.	Casters not installed or obstructed.	Ensure casters are properly installed and free from debris.

If these solutions do not resolve the issue, please contact Irene House customer support for assistance.
