## 5. MAINTENANCE

Proper care and maintenance will extend the lifespan of your Borofone BM85 earphones.

- **Cleaning:** Gently wipe the earphones and cable with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earphones in a clean, dry place, preferably in a protective pouch to prevent tangling and damage.
- **Avoid Moisture:** Keep the earphones away from water, humidity, and extreme temperatures.
- **Handle with Care:** Avoid pulling on the cable when disconnecting from your device. Always grasp the Lightning connector itself.

## 6. TROUBLESHOOTING

If you encounter issues with your earphones, please refer to the following common solutions:

Problem	Possible Solution
No sound or low volume	Ensure the Lightning connector is fully inserted into your device. Check the volume level on your device and using the in-line controls. Test with another audio source or device to rule out device-specific issues. Clean the Lightning port on your device for any debris.
Controls not responding	Ensure the earphones are securely connected. Restart your connected device. Verify that the controls are compatible with the app or function you are trying to use.

Problem	Possible Solution
Poor sound quality (static, distortion)	<p>Check for damage to the cable or connector.</p> <p>Ensure the audio source is of good quality.</p> <p>Try connecting to a different device.</p>
